Positive Psychology Perspectives on Foreign Language Learning and Teaching Danuta Gabryś-Barker,Dagmara Gałajda,2016-05-23 This book introduces readers to the principles of a fairly new branch of psychology positive psychology and demonstrates how they can be applied in the context of second language acquisition in a natural environment and in instructed foreign language FL learning It focuses both on the well being and success of the learner and the professional and personal well being of the teacher Further the book stresses the importance of the positive emotions and character strengths of those involved in the process of language learning and teaching as well as the significant role played by enabling institutions such as school and at the micro level individual FL classes

Teaching and Learning a Second Language Ernesto Macaro,2005-05-27 There is increasingly wide agreement among teachers researchers inspectors advisers and policy makers that both teaching and research will benefit from being brought closer together But how can this be achieved Hard pressed practioners cannot be expected to review a constant flow of conference papers journals and other publications even if such items were accessibly written This unique book synthesizes relevant research findings for the professional practioner and highlights their implications for the quality of teaching and learning Whether you are a teacher looking to improve your practice or a researcher looking for a concise overview of the literature this book will prove a valuable acquisition

Teaching and Researching Motivation Zoltán Dörnyei,Ema Ushioda,2021-04-21 Cultivating motivation is crucial to a language learner s success and therefore crucial for the language teacher and researcher to understand The third edition of Teaching and Researching Motivation reflects the dramatic changes in the field of motivation research With an increased emphasis on dynamic perspectives on motivation and its relations with other individual social and contextual factors this book offers ways in which advances in the field can be put to practical use in the classroom and in research Key new features and material exploration of the motivation to learn languages other than English LOTE principles for designing L2 motivational studies discussion of emerging areas of research including unconscious motivation and language learning mindsets Providing a clear and comprehensive theory driven account of motivation Teaching and Researching Motivation examines how theoretical insights can be used in everyday teaching practice The final section provides a range of useful resources including relevant websites key reference works and an online repository of tools and instruments for researching language learning motivation Fully revised by pre eminent researchers in this field Zolt n D rnyei and Ema Ushioda this is an invaluable resource for teachers and researchers alike

Lifelong Motivation and Foreign Language Learning Bérénice Darnault,2025-02-05 This

book traces the motivational dynamics embedded within lifelong foreign language learning trajectories examining the factors which generate and sustain motivation throughout a learner's life. Embracing a complexity approach it views motivation as a long term individual process that evolves along a narrative continuum developing over the course of life personal experiences choices and events. This narrative inquiry delves into the captivating and unique experiences of three exceptionally motivated older adult learners who have embarked on a lifelong foreign language journey and maintained their momentum after 60. It will be relevant to researchers interested in third age language acquisition L2 motivation and the impact of additional language learning on wellbeing. It also offers pedagogical guidance to optimise language education quality through better appreciation and anticipation of the autonomous third age learning experience.
