Social Register, Summer ,1999 Includes Dilatory domiciles Association,1999 **Social Register 1999** Social Register Association,1998 Southern Nation David A. Bateman,Ira Katznelson,John S. Lapinski,2018-07-10 How southern members of Congress remade the United States in their own image after the Civil War No question has loomed larger in the American experience than the role of the South Southern Nation examines how southern members of Congress shaped national public policy and American institutions from Reconstruction to the New Deal and along the way remade the region and the nation in their own image The central paradox of southern politics was how such a highly diverse region could be transformed into a coherent and unified bloc a veritable nation within a nation that exercised extraordinary influence in politics This book shows how this unlikely transformation occurred in Congress the institutional site where the South s representatives forged a new relationship with the rest of the nation Drawing on an innovative theory of southern lawmaking in depth analyses of key historical sources and congressional data Southern Nation traces how southern legislators confronted the dilemma of needing federal investment while opposing interference with the South s racial hierarchy a problem they navigated with mixed results before choosing to prioritize white supremacy above all else Southern Nation reveals how southern members of Congress gradually won for themselves an unparalleled role in policymaking and left all southerners whites and blacks disadvantaged to this day At first the successful defense of the South s capacity to govern race relations left southern political leaders locally empowered but marginalized nationally With changing rules in Congress however southern representatives soon became strategically positioned to profoundly influence national affairs Ecclesiastical London Mary Erler,2008-03-22 Continuing in the tradition established by previous volumes of the Records of Early English Drama Ecclesiastical London presents the ecclesiastically generated dramatic records of London notably its parishes and St Paul s Cathedral Among the topics addressed by editor Mary Erler are parish calendar customs such as hocking and maying parish pageant cars and costumes and the widespread popularity of boy bishops and of Palm Sunday prophets throughout London Erler also looks at St Paul s choristers theatre under master Sebastian Westcote and examines its controversial venue Among the many primary source materials examined in this volume are records from London s religious houses and parish accounts as well as episcopal visitation injunctions and other documents of control and authority at the time Ecclesiastical London concludes with ten invaluable appendices that look at subjects from Paul s Cross sermons to boy bishops This volume presents a significant amount of new information about the history of drama in London including discussion of a previously unknown performance by the clerks of London in 1391 92 and the 1540 inventory of Henry Walton which contains two substantial collections of costumes identifying Walton as an important theatrical entrepreneur of the mid sixteenth century This extensively researched volume is an important addition to the REED series and will be fascinating to those interested in the history of London and of the theatre in general *Social*
