Social Transition In China:

Land Use Transitions and Rural Restructuring in China Hualou Long, 2020-05-27 Intended as a comprehensive guide to the study of land use and rural development this book offers detailed descriptions of land use transitions and rural restructuring To do so it chiefly focuses on three main aspects the first of which is the application of geographical perspectives in order to understand rural issues in connection with urbanization industrialization globalization and rural vitalization strategies in contemporary China Secondly it presents a rich blend of regional and national analyses detailed explorations of local cases and critical and theoretically informed discussions that address historical paths and future projections Lastly it adapts concepts derived from western literature to situations and experiences in rural China and provides empirical evidence from an insider perspective Given its scope the book offers a valuable resource for researchers and for graduate students courses in geography and sociology

China's Transition from Communism - New Perspectives Guoguang Wu, Helen Lansdowne, 2015-11-06 As China moved from a planned to a market economy many people expected that China's political system would similarly move from authoritarianism to democracy It is now clear however that political liberalisation does not necessarily follow economic liberalisation This book explores this apparent contradiction presenting many new perspectives and new thinking on the subject It considers the path of transition in China historically makes comparisons with other countries and examines how political culture and the political outlook in China are developing at present A key feature of the book is the fact that most of the contributors are China born Western trained scholars who bring deep knowledge and well informed views to the study

NGOs in China and Europe Yuwen Li, 2016-05-06 This volume presents a comparison of the experiences of NGOs in China and Europe The chapters on China contain the most comprehensive and up to date analysis of various types of NGOs currently active in the country The contributions on foreign NGOs in China non governmental think tanks public interest legal organizations labour related NGOs and charity organizations are the first in English to discuss successful experiences as well as the difficulties they face in the post Mao era The European studies draw examples from countries where the experiences of NGOs are at various stages of development The section on NGOs in Central and Eastern Europe examines the rapid expansion of civil society and their pivotal role in promoting political change and building democracy in a transitional society as well as the challenges they confront in advancing a strong civil society Those chapters on NGOs experiences in Western European countries especially in the Netherlands and the UK provide insightful information and examination of the most contentious issues concerning NGOs accountability governance and relationship with the government

Medical Transitions in Twentieth-Century China Bridie Andrews, Mary Brown Bullock, 2014-08-14 Rich insights into how one country has dealt with perhaps the most central issue for any human society the health and wellbeing of its citizens The Lancet This volume examines important aspects of China's century long search to provide appropriate and effective health care for its people Four subjects disease and healing

encounters and accommodations institutions and professions and people's health organize discussions across case studies of schistosomiasis tuberculosis mental health and tobacco and health Among the book's significant conclusions are the importance of barefoot doctors in disseminating western medicine the improvements in medical health and services during the long Sino-Japanese war and the important role of the Chinese consumer This is a thought provoking read for health practitioners historians and others interested in the history of medicine and health in China **Social Transition in China**

Zhang Jie, 1998-07-30 Social Transition in China brings together the views of eleven Chinese scholars as presented at the International Symposium on Socio-Economic Transition and Cultural Reconstruction in China These contributors combine first-hand knowledge of China with study in the United States to provide qualified assessments of the social changes brought about in China by the economic reform begun by Deng Xiaoping They examine the change to a free market a more democratic government and the modernization of China through the details of political change the rural atmosphere and the attitudes held by the people of contemporary China *The Expanding Roles of Chinese Americans in U.S.-China Relations* Peter Koehn, Xiao-Huang Yin, Xiao-huang Yin, 2015-02-12 This book addresses the historical and contemporary involvement of Chinese Americans from diverse walks of life in U.S.-China relations The contributors present new evidence and fresh perspectives on familiar and unfamiliar national and transnational networks including families businesspersons community newspapers students lobbyists philanthropists and scientists and consider the likely future impact of such contacts on the most important bilateral relationship at the start of the new millennium The volume makes a multidisciplinary contribution to understanding the extensive and vital roles and promise of Chinese Americans at this critical juncture in U.S.-China relations and to revealing the importance of migrants as actors in contemporary global politics The assessments shared by the contributors suggest that the nature and scope of the Chinese American involvement particularly in global civil society networks increasingly will determine the outcome of state-to-state relations between the United States and the PRC

Societal Development in Rural China Wenrong Qian, 2019-07-19 This book provides a broad survey of Chinese rural households examining ongoing changes in Chinese society and economy through the lens of the situation of rural families in China Based on data from Zhejiang University's China Rural Household Panel Survey CRHPS in 2015 on rural households which analyses all aspects of grass roots rural households in China this volume offers a scientific analysis of social development in rural China exploring notably the basic structure employment situation income and expenditure social security and education situation of Chinese rural households as well as the governance and public services of rural communities **A Sociological Analysis of Depression in China** I-Hsin Hsiao, 2020-09-10 This book explores the relationship between macro social structure social construction and micro healthcare behaviors It constructs a two-layered and two-faceted sociological analytical framework to analyze the causes of depression in China and account for the comparatively low rate of depression in the country and provides a sociological interpretation of depression in China from a

global perspective that has rarely been adopted in previous sociological studies in China Presenting first hand data and case studies it describes and analyzes patients subjective experience and actions as well as physicians viewpoints It also includes interviews with 34 patients 4 family members 3 psychological consultants and 5 psychiatrists Offering an integrated interpretation of depression in China from the perspectives of sociology medical science and psychology this book is intended primarily but not exclusively for the growing body of researchers and students who are looking for ways of analyzing depression especially in China It is also a valuable resource for practitioners working in the field

China's Development Under a Differential Urbanization Model Qiang Li, 2019-08-01 This book analyses the particular nature characteristics and current conditions of urbanization in China It reviews the theory of urbanization with a diversified process and puts forward the basic principles for promoting urbanization on the basis of a perspective reflecting the diversified sizes of towns and cities Further it assesses the overall strategic planning for advancing urbanization and explores the characteristics of an urban society formed on the basis of diversified urbanization

China's Low-Carbon Energy Relations with Emerging Markets Ryan McLean, 2025-09-30 This book explores China's contemporary energy relations with emerging markets Through the prisms of global low carbon transition and power sector development Ryan McLean utilises the multi level perspective to build upon existing understandings of the Chinese renewables revolution from a top down interpretation McLean presents an in depth analysis of the external ramifications of China's solar and wind dominance across the Global South in the areas of green technological trade project construction and regime financing This research provides a convincing explanation for why Chinese coal incumbents have been proactive overseas in spite of the country's clean energy dominance and Beijing's climate commitments Finally the book argues that China's low carbon prowess has longer term significance for the Global South and in addition contributes to the rising debates over the geopolitics of renewable transition in a complex multipolar world This volume will be of great interest to students and scholars of Chinese energy policy and foreign relations energy markets in the Global South international politics and the wider global energy transition field

China's Youth Li Chunling, 2021-09-28 Understanding the young adults who came of age during the rise of China's economic and global power This book by a prominent Chinese sociologist explores how China's youth will influence the country's future Focusing on millennials those born between the early 1980s and the mid 1990s the book examines the status lifestyles attitudes values and behaviors of this key segment of the country's population Li Chunling's study presents a native Chinese perspective on the increasingly diverse generation that at some point will assume leadership of the country Among the key questions addressed in the book are How do Chinese millennials differ both from preceding generations in China and from their counterparts around the world How can current and future relations between Chinese millennials and the Chinese government be assessed And what are the factors or fault lines that have shaped the intra generational differences among China's young people Members of this age cohort are extraordinary and in some respects unique in contemporary China

Their ascent has accompanied five historic and far reaching developments These include China's rapid economic rise the adoption of the one child per family policy the largest domestic rural to urban migration in Chinese history the opening of extensive educational opportunities abroad and the arrival of the digital era Young Chinese citizens have developed a comprehensive understanding of the world much faster than previous generations millennials see themselves not as extensions of the past but rather as the innovators of the country's future Through expansive and in depth empirical research on Chinese millennials and younger age cohorts people in their late teens and early 20s Dr Li's book illustrates how China's younger adults reflect the growing diversity and persistent inequality in society The book also explores how their distinct characteristics and views will shape the country's trajectory For the outside world developing a better understanding of this unique generation is an urgent task given that China now has more influence on the global economy and regional security than at any other point in modern history

The Welfare System of Universal Integration in China Tiankui

Jing,2021-09-30 This book presents the concepts the welfare system of universal integration and the welfare mode of universal integration In this book the author explores the foundation of fair baseline about the universal integration on the basis of critically inheriting the domestic and international social welfare theories comprehensively explains the connotation subject and application of fair baseline theory It systematically discusses the theoretical basis basic features scientific evidence system composition and operating mechanism introduces the experience in the west and Asia about the construction of social welfare system further investigates and understands the public needs about the social welfare talks about the system design of the welfare system of universal integration and provides some realistic individualized and operative suggestions for promoting the welfare system of universal integration

China's Generation Gap Jiaming

Sun,Dongmei Cheng,2018-01-12 Based on data collected for the Generation Gap Survey in Shanghai and updated to take into account contemporary trends this book uses an empirical approach to study the generation gap in China It covers various aspects of life from professional and family life to political participation and belief systems analysing and comparing the values held by four different generations Encompassing more than 2000 case studies and drawing on a wealth of fieldwork interviews in particular it examines the experiences thoughts and perceptions of adolescents young adults the middle aged and the elderly As the largest sociological survey ever conducted regarding attitudes and value changes by different age groups in Shanghai it highlights how social change and globalization have impacted on new generations and the results indicate the dramatic difference and supersession of social ideologies between the generations A unique piece of research shedding light on a changing Chinese society China's Generation Gap will be of huge value to students and scholars of Chinese culture and society Chinese social policy globalisation and cultural studies

Globalisation, Transition and Development in China Rui Huaichuan,2004-06-02 Based on extensive original research Globalisation Transition and Development inChina explains China's development strategy and its underlying forces and the success of this strategy It

examines China's gradualist approach which emphasizes development first and regards transition and globalization as secondary enacting liberalization of domestic markets and integration into the world economy in a paced way avoiding dramatic changes which might impede or even reverse development and argues that this approach is broadly correct It considers China's failures including the failure to build large globally competitive corporations despite the intention to do this and shows how China's economic strategy has been implemented in detail with a case study of the large and important coal industry

Family Change and Family Policies in Contemporary China Hu Zhan, 2025-09-05 This book examines the dramatic transformation of Chinese families in recent decades analyzing how economic and social policies and changes have reshaped family structures and relationships The book explores government policy responses to emerging family related challenges while balancing traditional values with modern realities In seven detailed chapters the author explores key aspects of China's family evolution including changing family structures intergenerational dynamics social services and institutional reconfiguration The work provides an in depth analysis of how policies have adapted to address population aging shifting Special attention is given to the delicate balance between preserving traditional family values and accommodating inevitable demographic and economic changes This title will be essential reading for scholars policymakers and students of Chinese studies sociology and social policy It will also provide valuable insights for anyone interested in understanding contemporary Chinese society and family dynamics

Higher Education, Meritocracy and Inequality in China Ye Liu, 2016-10-08 This book investigates the changing opportunities in higher education for different social groups during China's transition from the socialist regime to a market economy The first part of the book provides a historical and comparative analysis of the development of the idea of meritocracy since its early origins in China and in more recent western thought The second part then explores higher education reforms in China the part played by supposedly meritocratic forms of selection and the implications of these for social mobility Based on original empirical data Ye Liu sheds light on the socio economic gender and geographical inequalities behind the meritocratic facade of the Gaokao Liu argues that the Chinese philosophical belief in education based meritocracy had a modern makeover in the Gaokao and that this ideology induces working class and rural students to believe in upward social mobility through higher education When the Gaokao broke the promise of status improvement for rural students they turned to the Chinese Communist Party and sought political connections by actively applying for its membership This book reveals a bleak picture of visible and invisible inequality in terms of access to and participation in higher education in contemporary China Written in an accessible style it offers a valuable resource for researchers and non specialist readers alike

China's Urban Communities Peter G. Rowe, Ann Forsyth, Har Ye Kan, 2016-06-06 Cities in China are extremely dynamic and experience high pressure to grow transform and adapt But in what directions on what basis and to which goals The authors and their team have researched the intensive transformation processes of about twenty five neighborhood communities that were created in Beijing Shanghai Shenzhen

and Suzhou in the last 30 years ranging from inner city to peripheral areas starting from planning and leading up to user satisfaction studies This in depth overview on neighborhood typology and development in China follows the book *Emergent Architectural Territories in East Asian Cities* by Peter Rowe who is among the world's best scholars on urban transformation in East Asia together with his colleagues Ann Forsyth and Har Ye Kan

China's Urban Development Shao Yisheng, 2012-10-01 Since 2002 the United Nations Development Programme has been running City Planning Management and Development in the 21st Century across China a project that focuses on five pilot cities Guizhou Taiyuan Liuzhou Meishan and Sanmenxia to help analysis urban development trends and problems across Chinas as it undertakes rapid urbanisation This detailed and authoritative report outlines the key findings from this research project which was led by Shao Yisheng Vice President and Professor from China Academy of Urban Planning living environment image projects prestige or showy construction projects public safety social stratification public finance public policies An in depth analysis of these problem areas and their origins is supplied by the leading members of the research team In addition the authors propose solutions to each problem utilising innovative concepts systems policies planning systems and management techniques China's Urban Development Critiques and Observations offers truly unique and distinctive views on China's urban changes both positive and negative It will prove extremely interesting to professionals academics and students involved in urban development and planning outside of China plus experts engaged in the urban economy engineering construction urban sociology and political science The key editors and contributors are Shao Yisheng Vice President and Professor from China Academy of Urban Planning Design plus Shi Nan Secretary General and Professor from Urban Planning Society of China Additional contributors include senior academics from the Department for Industry Transportation Trade Research Office of the State Council and the Chinese Academy of Social Sciences

China's Influence on Non-Trade Concerns in International Economic Law Paolo Farah, Elena Cima, 2016-10-14 This volume examines the range of Non Trade Concerns NTCs that may conflict with international economic rules and proposes ways to protect them within international law and international economic law Globalization without local concerns can endanger relevant issues such as good governance human rights right to water right to food social economic cultural and environmental rights labor rights access to knowledge public health social welfare consumer interests and animal welfare climate change energy environmental protection and sustainable development product safety food safety and security Focusing on China the book shows the current trends of Chinese law and policy towards international standards The authors argue that China can play a leading role in this context not only has China adopted several reforms and new regulations to address NTCs but it has started to play a very relevant role in international negotiations on NTCs such as climate change energy and culture among others While China is still considered a developing country in particular from the NTCs point of view it promises to be a key actor in international law in general and more specifically in international economic law in this respect This volume assesses taking into consideration

its special context China's behavior internally and externally to understand its role and influence in shaping NTCs in the context of international economic law *China's Emerging Middle Class* Cheng Li, 2010-10-01 The rapid emergence and explosive growth of China's middle class have enormous consequences for that nation's domestic future for the global economy and for the whole world In *China's Emerging Middle Class* noted scholar Cheng Li and a team of experts focus on the sociopolitical ramifications of the birth and growth of the Chinese middle class over the past two decades The contributors from diverse disciplines and different regions examine the development and evolution of China's middle class from a variety of analytical perspectives What is its educational and occupational makeup Are its members united by a common identity by a shared political vision and worldview How does the Chinese middle class compare with its counterparts in other countries The contributors shed light on these and many other issues pertaining to the rapid rise of the middle class in the Middle Kingdom Contributors Jie Chen Old Dominion University Deborah Davis Yale University Bruce J Dickson George Washington University Geoffrey Gertz Brookings Han Sang Jin Seoul National University Hsin Huang Michael Hsiao National Taiwan University Homi Kharas Brookings Li Chunling Chinese Academy of Social Sciences Jing Lin University of Maryland College Park Sida Liu University of Wisconsin Madison Lu Hanlong Shanghai Academy of Social Sciences Joyce Yanyun Man Peking University Lincoln Center Ethan Michelson Indiana University Bloomington Qin Chen Hohai University Xiaoyan Sun Beijing Foreign Studies University Luigi Tomba Australian National University Jianying Wang Yale University and Zhou Xiaohong Nanjing University

Social Transition In China Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable. Social Transition In China Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Transition In China has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Transition In China has opened up a world of possibilities. Downloading Social Transition In China provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Transition In China has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Transition In China. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Transition In China. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Transition In China, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Transition In China has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
