Socialism David Goldstein,1903 Structure, Agency and Theory Ib Gram-Jensen,2021-04-20 Structure Agency and Theory challenges common readings of Marx and Engels historical materialism and argues the necessity of abandoning their conception of the dialectic of forces and relations of production as the motive power of historical development and transformations because of its doubtful validity and deterministic implications Instead another fundamental conception in historical materialism the interaction between social circumstances and agency as the motive power of history is accentuated with an emphasis on agents experiences as a causal factor arguing its potential in terms of historical explanation and attempting to spell out some of its strategic implications for revolutionary socialism **Gramsci, Political Economy, and International Relations Theory** A. Ayers,2008-11-10 This book seeks to provide the most comprehensive and sustained engagement and critique of neo Gramscian analyses available in the literature In examining neo Gramscian analyses in IR IPE the book engages with two fundamental concerns in international relations i The question of historicity and ii The analysis of radical transformation **The Outlook** ,1911 **Being and Worth** Andrew Collier,2005-08-03 Being and Worth argues that beings both in the natural and human worlds have worth in themselves by extending recent depth realist philosophy to the question of values *London Municipal Notes* ,1909 The Conceptual Change of Conscience Ville Erkkilä,2019-03-05 How did the drastic experiences of the turbulent twentieth century affect the works of a legal historian What kind of an impact did they have on the ideas of justice and rule of law prominent in legal historiography Ville Erkkilä analyses the way in which the concepts of Rechtsgewissen and Rechtsbewusstsein evolved over time in the works of the prestigious legal historian Franz Wieacker With the help of previously unavailable sources such as private correspondence the author reveals how Franz Wieacker s personal experiences intertwined in his legal historiography with the tradition of legal science as well as the social and political destinies of twentieth century Germany Public Theology and Civil Society: Constructive Formation Paul S. Chung,2022-03-28 In Public Theology and Civil Society author Paul S Chung charts the political history of modern democracy and social contract to define the role of Christian public theology in the post colonial

Nesson Professor of Contextual Theology and Ethics Wartburg Theological Seminary Dubuque Iowa How does political and emancipatory public theology look and function in post colonial reality Dr Chung makes a resounding case for Christian public theology as explicitly ethical theology Dr Chung s excavation of some of the root causes and frameworks of oppression invites deep and theologically informed engagement in the affairs of the world Kirsi Stjerna Los Angeles Southwest California Synod Professor of Lutheran History and Theology Pacific Lutheran Theological Seminary of California Lutheran University

The Argumentative Turn in Policy Analysis and Planning Frank Fischer,John Forester,1993 Drawing upon the work of such theorists as Foucault Habermas Toulmin and Wittgenstein this book brings recent work on language and argumentation to bear on the practical concerns of policy analysis and planning The European and US contributors to the book examine the interplay of language action and power in terms of both applied policy and theoretical debates Emphasizing the political
