Introduction to Second Temple Judaism Lester L. Grabbe, 2010-08-12 *New Testament Abstracts*, 1982 *The*
Christology of the Fourth Gospel Paul N. Anderson, 1996 *New Serial Titles*, 1985 *Books in Print*, 1991 *Reflecting*
with Solomon Roy B. Zuck, 2003-10-15 J Stafford Wright calls it the black sheep of the Bible Some interpreters stumble over
the Book of Ecclesiastes those whose writings appear in this collection see an important unified message Reflecting with
Solomon gathers some of the best scholarship on Ecclesiastes The result is a solid introduction to Old Testament Wisdom
Literature and more detail for study preaching and teaching than is found in most commentaries Some articles cover the
authorship themes difficulties and overall structure in Ecclesiastes others analyze specific texts Among the contributors are
Roland E Murphy Emeritus Professor of Biblical Studies Duke University Donald R Glenn Chair of Old Testament Studies
Dallas Seminary Wayne A Brindle Associate Professor of Biblical Studies Liberty University Michael A Eaton Lecturer in Old
Testament Baptist Theological College of Southern Africa and the late Robert Gordis of Jewish Theological Seminary of
America **The Drama of the Messiah in Matthew 8 and 9** Solomon Pasala, 2008 In contrast to the other synoptic
evangelists the author of Matthew proceeded differently in many respects Why did he modify the text so much and arrange
ten miracle narratives one after the other at one stretch with minor interruptions Why did he place the so called miracle
chapters immediately after the Sermon on the Mount Why did he enclose them between two summary statements on either
side These are only some of the unanswered questions about chapters 8 and 9 of Matthew s Gospel Beginning with Aristotle s
theory of the drama or tragedy the author suggests that the way the evangelist has reworked and reorganized the miracle
narratives is similar to the structure of the classic drama By discovering the narrative strategies and the discourse aspect we
are able to demonstrate how each episode corresponds to the different moments of a plot such as the initial situation inciting
moment complication climax with suspense and finally resolution and denouement **A Feminist Companion to Reading**
the Bible Athalya Brenner, Carole Fontaine, 2013-08-16 This valuable resource both presents and demonstrates the
numerous developments in feminist criticism of the Bible and the enormous range of influence that feminist criticism has come
to have in biblical studies The purpose of the book is to raise issues of method that are largely glossed over or merely implied
in most non feminist works on the Bible The editors have included broadly theoretical essays on feminist methods and the
various roles they may play in research and pedagogy as well as non feminist essays that have direct bearing on the methods
or subject matter that feminists use as well as reading that illustrate the variety of methodological strategies adopted by
feminist scholars Some 30 scholars from North America and Europe have contributed to this Companion *Index of*
Conference Proceedings Received British Library. Lending Division, 1988 **Job 28 As Rhetoric** Alison Lo, 2003-01-01 This
volume argues that Job 28 as Job s words in its present position has a special rhetorical function within the whole book and

more specifically within the context of chapters 22-31 Where Sin Abounds Robert R. Gonzales Jr., 2010-01-01 Nearly all scholars divide Genesis into primeval and patriarchal history though they debate the precise point of division One reason advanced to justify the division is a thematic shift In primeval history the narrator focuses on the origin and spread of sin as well as God's consequent curse and judgment on humanity In patriarchal history however the spread of sin theme falls off the radar of most scholars But these analyses of the primeval and patriarchal narratives are simplistic and inaccurate In fact the theme of human sin and the divine curse not only serve as the main themes of the Fall narrative but they also continue to function as major themes in both the primeval and patriarchal narratives that follow More particularly human sin appears to increase at both individual and societal levels Moreover just as the primordial sin threatened to derail the advance of God's kingdom and fulfillment of the creation mandate so the spread of human sin in postlapsarian history threatens to thwart God's redemptive plan which consists in the restoration of his original creational intentions for divine and human eschatological fullness This proves true even in the patriarchal narratives where the sins of God's chosen often threaten the very promise intended for their ultimate good These facts which the author attempts to demonstrate in the monograph not only have important ramifications for the unity of the Genesis corpus but they also have important implications for the doctrines of sin justification and sanctification Abstracts American Academy of Religion, Meeting, 1981 Religious Books and Serials in Print, 1982 New Views on Luke and Acts Earl Richard, 1990 This volume is a product of the Luke Acts Task Force of the Catholic Biblical Association The intended readership of this collection of articles is threefold The introductory essays address the relative beginner in Biblical studies as well as those who do not specialize in Luke and Acts These are provided with an overview of Luke the early Christian writer The principal reader of this collection however is the Biblical student and teacher who requires a relatively comprehensive survey of Lukan studies in terms of content and methodology Both teacher and student will find in these essays an excellent companion to the actual text of Luke and Acts At the same time a number of these essays break new ground and offer a challenge to other New Testament scholars What are They Saying about the Formation of Pauline Churches? Richard S. Ascough, 1998 The early church was made up of a myriad of local churches each with different settings problems and ideas regarding how its community should be structured What Are They Saying About the Formation of Pauline Churches surveys the different models available in the Greco-Roman period for understanding how Paul's Christian groups ordered their communities There are four models the synagogue the philosophical school the ancient mystery cult and the voluntary association Dr Ascough devotes a chapter to each model and to the authors who use it to understand Pauline churches The archaeological and literary data are coordinated with data from the Pauline letters to reveal the strengths and weaknesses of the models for understanding these churches In the end all four models are helpful and no one model is adequate to explain all the aspects of each Pauline church This is a superb book for those seeking an overall view of the debate on the culture and organization of the first Christian communities The Historical Jesus Craig A.

Evans, 2004 Including a range of materials dating from the nineteenth century to the present this comprehensive collection brings together the essential research into the historical reality of Jesus the man his teachings and the acts and events ascribed to him that comprise the foundational story of one of the world's central religions. The set features a substantial new introduction by the editor in the first volume and a full index in the last and provides work covering all of the key aspects of the field including the recent discussions concerning anti-Semitism in early Christianity and the political and ideological filtering of the Jesus story through the Roman empire and beyond. *Performance in Preaching (Engaging Worship)* Jana Childers, Clayton J. Schmit, 2008-11-01 This volume which launches the Engaging Worship series from Fuller Theological Seminary's Brehm Center for Worship Theology and the Arts offers a unique study of sermon delivery. While many books offer advice on how to prepare, write and preach a sermon this volume is distinctive in approaching the subject from the perspective of performance. The authors who teach at a variety of seminaries and divinity schools across the nation examine how the sermon can bring God's word to life for the congregation. In that sense they consider the idea of performance from a wide range of theological, artistic and musical viewpoints. These thoughtful essays will engage clergy and students with new ways of looking at the art of preaching. The New Testament Dennis C. Duling, Norman Perrin, 1994 The Third Edition of this respected text represents a major rewrite. The authors have given thorough attention to the details of inclusive language while covering social, historical and literary historical factors. Coverage includes the synoptic gospels and Acts and the historical Jesus as the presupposition of the New Testament. Ancient Christian Martyrdom Candida R. Moss, 2012-06-26 Using perspectives on death from ancient Greek, Roman and Jewish traditions a theology professor discusses the history of Christian martyrdom and challenges the traditional understanding of the spread of Christianity.
