**The Art of Jihad** Malik Mufti, 2019-10-01 Identifies and traces the evolution of a forgotten realist tradition in medieval Islamic political thought and considers the prospects for its revival in the context of the contemporary Middle East Now all but forgotten there exists within medieval Islamic political thought a coherent realist tradition analogous to its Western counterpart In *The Art of Jihad* Malik Mufti begins by analyzing contemporary debates on jihad designed to highlight the lacuna occupied by realism in other cultures He explicates the features of medieval Islamic realism those it shares with realism everywhere a focus on power for example or the ubiquity of human conflict but also those features that are distinctive its insistence on the political centrality of religion its rejection of scientific certainty its valorization of hierarchy and its adherence to empire as the optimal ethico political framework These features are fleshed out through the writings of medieval political thinkers such as Ibn al Muqaffa al Jahiz and the anonymous author of a seminal military manual as well as political philosophers such as Ibn Rushd and Ibn Khaldun Finally Mufti explores the prospects for a revival of Islamic realism in the context of the political and intellectual upheavals currently besetting the Middle East There are few more important themes in Islamic political thought than the problem and status of jihad Despite the great richness of the Islamic tradition it is widely recognized that less progress has been made than one might hope in contending in a fruitful way with this phenomenon This book is one of those rare works that offers a new way of looking at the matter Joshua Parens author of *An Islamic Philosophy of Virtuous Religions* Introducing Alfarabi

**Ibn Khaldun and the Social Sciences** Javad Tabatabai, 2024-10-16 Arabic and European studies of Ibn Khaldun the great medieval polymath follow one of two paths In one direction scholars interpret his *Prolegomena* written in 1377 as the point at which the new social sciences emerged They identify Ibn Khaldun's new science of culture as sociology or as an Islamic or Arab alternative to sociology In the other direction the interpretation of Khaldunian discourse is confined to the Islamic Aristotelian paradigm of its time The epistemological novelty of the *Prolegomena* is dismissed and the science of culture is perceived as a minor contribution to the Aristotelian curriculum Charting a different path Javad Tabatabai's highly original *Ibn Khaldun and the Social Sciences* is an inquiry into the condition of the impossibility of the social sciences in the Islamic Aristotelian paradigm Rather than identifying the science of culture as a forerunner of or alternative to sociology it investigates the *Prolegomena* within the epistemological framework established by the social sciences Javad Tabatabai theorizes the condition of impossibility of the scientific revolution as the epistemic obstacle to modernity in Islamic civilization This theorization revisits Michel Foucault's discussion of the condition of possibility of the human sciences in light of the history of Christian Aristotelian thought and the broader French debates about epistemology from Bachelard to Althusser *Ibn Khaldun and the Social Science* offers a critical theory of tradition and modernity in the Middle East elaborating on a historical situation where social and human sciences emerged by the way of colonial and post colonial translations of discourse from Europe and in a historical and epistemological break with inherited traditions of knowledge In

this situation Tabatabai highlights the significance of reactivating Ibn Khaldun's critical reckoning with the limit of inherited traditions as the political theological horizon of renewal

**Black-Arab Encounters in Literature and Film** Touria Khannous, 2021-08-27 This book investigates how representations of Black Africans have been negotiated over time in Arabic literature and film. The book offers direct readings of a representative selection of primary texts shedding light on the divergent ways these authors understood race across different genres including pre-Islamic classical poetry, polemical essays, travel narratives, novels, and films. Starting with the first recognized Black Arab poet Antara Ibn Shaddad 580 C.E. and extending right up to the present day, the works examined illuminate the changes in consciousness that attended Black Africans as they negotiated their position in Arab society. In a twist to Edward Said's Orientalism, the book argues that scholars in the Middle East and North Africa generated a hierarchical representational discourse themselves, one equally predicated on the Self/Other binary. However, it also demonstrates that Arab racial discourse is not a linear rhetoric but changes according to history, political circumstances, and ideologies such as tribal politics, the Shu'ubiyya movement, nationalism, and imperialism. Blacks and Arabs have had tangled relationships that are based not only on race but also on kinship and solidarity due to trade and other types of connections. Challenging fundamental assumptions of Black Diaspora studies and postcolonial studies, this book will be of interest to scholars of the African diaspora, Arabic literature, Middle East studies, and critical race studies.

*The Hadrami Diaspora* Leif O. Manger, 2010 The Hadramis of South Yemen and the emergence of their diasporic communities throughout the Indian Ocean region are an intriguing facet of the history of this region's migratory patterns. In the early centuries of migration, the Yemeni or Hadrami traveler was both a trader and a religious missionary, making the migrant community both a trade diaspora and a religious diaspora. This tradition has continued as Hadramis around the world have been linked to networks of extremist Islamic inspired movements. Osama bin Laden, leader of Al Qaeda, and descendant of a prominent Hadrami family, as the most infamous example. However, communities of Hadramis living outside Yemen are not homogenous. The author expertly elucidates the complexity of the diasporic process, showing how it contrasts with the conventional understanding of the Hadrami diaspora as an unchanging society with predefined cultural characteristics originating in the homeland. Exploring ethnic, social, and religious aspects, the author offers a deepened understanding of links between Yemen and Indian Ocean regions including India, Southeast Asia, and the Horn of Africa, and the emerging international community of Muslims.

*The Spectacular Few* Mark S. Hamm, 2013-03-11 Mark Hamm is without doubt the world's leading expert on prison radicalization. Based on decades of research, this book presents a nuanced and sophisticated picture. Beautifully written, it is the most complete and the most empirically rigorous account of this phenomenon to date. A must read for anyone interested in homegrown radicalization. Peter Neumann, Director of the International Centre for the Study of Radicalisation (ICSR), King's College London. The Madrid train bombers, shoe bomber, Richard Reid, al Qaeda in Iraq, and the 9/11 attacks all were led by men radicalized behind bars.

Today's prisons are hotbeds for personal transformation toward terrorist beliefs and actions due to the increasingly chaotic nature of prison life caused by mass incarceration. In *The Spectacular Few*, Mark Hamm, a former prison warden, demonstrates how prisoners use criminal cunning, collective resistance, and nihilism to incite terrorism. Drawing from a wide range of sources, *The Spectacular Few* imagines the texture of prisoners' lives. Hamm covers their criminal thinking styles, the social networks that influenced them, and personal turning points that set them on the pathway to violent extremism. Hamm argues that in order to understand terrorism today, we must come to terms with how prisoners are treated behind bars. Mark S. Hamm is a former prison warden from Arizona and currently Professor of Criminology at Indiana State University and a Senior Research Fellow at the Terrorism Center, John Jay College of Criminal Justice, The City University of New York. His books include *Terrorism as Crime: From Oklahoma City to Al Qaeda* and *Beyond*. NYU Press, 2007. *Alternative Criminology* series.
