*Narrating the Everyday: Windows on Life in Central South Africa* Asta Rau, Magdalena Wojciechowska, Jan K. Coetzee, 2019-01-01 The chapters in this book reflect on the practice of using narratives to understand individual and social reality They all reveal dimensions of the same concrete reality contemporary society of Central South Africa Except for two all the chapters originated from research in the program The Narrative Study of Lives situated in the Department of Sociology at the University of the Free State in Bloemfontein South Africa Each chapter opens a window on an aspect of everyday life in Central South Africa Each window displays the capacity of the narrative as a methodological tool in qualitative research to open up better understandings of everyday experience The chapters also reflect on the epistemological journey towards unwrapping and breaking open of meaning Narratives are one of many tools available to sociologists in their quest to understand and interpret meaning But when it comes to deep understanding narratives are particularly effective in opening up more intricate levels of meaning associated with emotions feelings and subjective experiences

*Working with Rural Communities Participatory Action Research in Kenya* Chitere, Orieko P., Mutiso, Roberta, 2015-03-16 This book addresses itself to mobilisation and involvement of rural people in development projects It describes an imperfect but nonetheless exciting and thought provoking exercise that drew social science researchers and students from four public universities in Kenya into an experiment in participatory research community education and development in two locations The experiment was grounded on the assumptions that the people of Kenya are a primary resource and that given proper roles and contribution of planners researchers and programme implementers self sustainable development can become a reality The contributors of this book have focused on the potential of the university to facilitate participation of the people in development They have given specific suggestions on how this might be accomplished Key

**Encyclopedia of Social Problems** Vincent N. Parrillo, 2008-05-22 Social problems affect everyone Because so many actual and potential problems confront us it is often difficult to decide which ones affect us most severely Is it the threat of death or injury during a terrorist attack Is it the threat caused by industrial pollution that may poison us or destroy our physical environment Or does quiet but viciously damaging gender age class racial or ethnic discrimination have the most far reaching effect Do the problems of cities affect us if we live in the suburbs Do poorer nations problems with overpopulation affect our quality of life The Encyclopedia of Social Problems offers an interdisciplinary perspective into many social issues that are a continuing concern in our lives whether we confront them on a personal local regional national or global level With more than 600 entries these two volumes cover all of the major theories approaches and contemporary issues in social problems and also provide insight into how social conditions get defined as social problems and the ways different people and organizations view and try to

solve them Key Features Provides as comprehensive an approach as possible to this multifaceted field by using experts and scholars from 19 disciplines anthropology biology business chemistry communications criminal justice demography economics education environmental studies geography health history languages political science psychology social work sociology and women s studies Presents a truly international effort with contributors from 17 countries Argentina Australia Canada England France Germany Greece Hong Kong India Ireland Italy Kenya New Zealand Romania Scotland Turkey and the United States Addresses social problems that are fairly new such as computer crimes and identity theft and others that are centuries old such as poverty and prostitution Examines social problems differently from place to place and from one era to another Explains the perspectives and foundations of various social theories and offers different lenses to view the same reality Key Themes Aging and the Life Course Community Culture and Change Crime and Deviance Economics and Work Education Family Gender Inequality and Sexual Orientation Health Housing and Urbanization Politics Power and War Population and Environment Poverty and Social Class Race and Ethnic Relations Social Movements Social Theory Substance Abuse Readers investigating virtually any social problem will find a rich treasure of information and insights in this reference work making it a must have resource for any academic library      Urban Geography in America, 1950-2000 Brian J.L. Berry,James Wheeler,2014-05-01 Urban Geography in America offers a comprehensive historiography of this major field Compiling the best essays from the flagship journal Urban Geography it shows the evolution of the field from the 1950s to 2000 as it shifted from data driven social science modeling in the 1960s to the more critical perspectives of the 1970s to postmodernism in the 1980s to feminism and globalization in the 1990s It covers all the major trends and figures and features some of the most important names in the field Ultimately this will be a necessary reference for all scholars in the field and all graduate students taking introductory courses and preparing for their comprehensive exams      **Our Social World: Condensed** Jeanne H. Ballantine,Keith A. Roberts,Kathleen Odell Korgen,2017-06-26 Our Social World Introduction to Sociology Condensed inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis The award winning author team of Jeanne H Ballantine Keith A Roberts and Kathleen Odell Korgen organizes the text around the Social World Model a conceptual framework that demonstrates the relationships among individuals the micro level organizations institutions and subcultures the meso level and societies and global structures the macro level The application of this model across chapters helps students practice using the three levels of analysis and view sociology as an integrated whole rather than a set of discrete subjects The Fifth Edition of the Condensed version is adapted from Our Social World Introduction to Sociology and is one third shorter by streamlining boxes and the main narrative and combining four chapters into two Family Education and Politics Economics New and Key Features A new full length chapter on health illness and healthcare has been added Several chapters have been reorganized with updated data added studies and newly emerging emphases in sociology Six new

Sociologists in Action features added Four new Engaging Sociology features added with new opportunities for data analysis by students 100 new or updated Tables and Figures nearly 500 new references and dozens of older references removed Many sentences and definitions in the book have been revised for brevity and clarity and the glossary has been updated for better correspondence with the text Links to exceptional teaching resources from A S A s TRAILS Teaching Resources and Innovation Library for Sociology available in SAGE coursepacks MCAT Guide maps chapter content to Foundational Concepts and Content Categories in Section 3 of the MCAT test available in SAGE coursepacks *Instructor's Resource Manual for Andersen and Taylor's Sociology* Jan Demarest Abu-Shakrah,2003 *Our Social World* Jeanne H. Ballantine,Keith A. Roberts,Kathleen Odell Korgen,2016-11-30 Inspire your students to develop their sociological imaginations in *Our Social World* Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects

**Working with Rural Communities Participatory Action Research in Kenya** P. Chitere,Roberta Mutiso,1991-12-29 This book addresses itself to mobilisation and involvement of rural people in development projects It describes an imperfect but nonetheless exciting and thought provoking exercise that drew social science researchers and students from four public universities in Kenya into an experiment in participatory research community education and development in two locations The experiment was grounded on the assumptions that the people of Kenya are a primary resource and that given proper roles and contribution of planners researchers and programme implementers self sustainable development can become a reality The contributors of this book have focused on the potential of the university to facilitate participation of the people in development They have given specific suggestions on how this might be accomplished Extraordinary Behavior Dennis L. Peck,Norman A. Dolch,2000-10-30 This unique collection of case studies introduces readers to many of the common yet extraordinary social problems in contemporary American society Employing a symbolic interaction approach to the case studies the authors identify the origins of the problems define the issues and explore the outcomes and potential remedies The case studies themselves introduce readers to the very personal side of the problems as the emotions actions and perceptions of the subjects are revealed and analyzed The problems studied here are organized into three categories health related issues family issues and behavior beyond the boundaries and include many problems that often receive too little attention in the existing literature making this book an original and timely contribution Each of the three sections is preceded by a general review of the chapters to follow and offers readers a prelude to the exploration of human thought language and behavior captured and illustrated in the case studies In the first section of the book problems covered include suicide

anorexia nervosa alcohol and drug abuse and AIDS STDs The second section covers teenage mothers domestic violence divorce and poverty child support and deadbeat dads and homelessness The last section focuses on sexual harassment equal protection and racial exclusion prostitution career criminals mass murder and serial killers This book represents a fresh new approach and a welcome addition to the study of social problems in America today **Ie Soc Global Perspect**
