Developments in American Sociological Theory, 1915-1950 Roscoe C. Hinkle, 1994-07-01 This book presents a comprehensive extended and systematic analysis of social theory as it developed between the two World Wars a period during which major transformation occurred Centering on the continuities on the one hand and discontinuities on the other in substantive theory it deals with the major ideas of Cooley Ellwood Park Thomas Ogburn Bernard Chapin Mead Faris Hankins MacIver Reuter Lundberg H P Becker Parsons Znaniecki Sorokin and Blumer Finally the problematic relevancy of the past for the present is directly confronted The author examines how basic assumptions of theory in particular periods have used relatively unique schema and generated considerable controversy

**Sustainable Business Ecosystems and**

**Social Perspectives** Poddar, Sandeep, Paul, Biswajit, Luperi, Mauricio Martinelli Silva, 2025-03-14 The United Nations Sustainable Development Goals (SDGs) provide businesses with a framework to align their operations with global challenges promoting a shift towards sustainability in all sectors. In an interconnected world, creating sustainable business ecosystems that balance economic, social, and environmental objectives is essential for long-term success. This approach enables businesses to reduce costs, improve efficiency, and differentiate themselves while also managing risks and seizing growth opportunities. The rise of multi-stakeholder partnerships highlights the importance of collaboration in achieving the SDGs, particularly in emerging markets. Further exploration of the latest strategies for fostering sustainable business ecosystems may reveal new perspectives on the social impact of sustainable development. *Sustainable Business Ecosystems and Social Perspectives* examines the intersection of environmental responsibility and social equity within modern business practices. It examines circular economies, responsible innovation, and inclusive growth, emphasizing the need for businesses to thrive while creating value. This book covers topics such as hospitality and tourism, marketing, and consumer science, and is a useful resource for business owners, environmental scientists, sociologists, academicians, and researchers.

**Rural Society In The U.s.** Don A Dillman, Daryl J Hobbs, 2019-07-11 Must rural Americans pay the price of urban progress and modern lifestyles? How will the increased pressures of the 1980s affect those who live and work in rural communities? In addressing these overriding questions, the authors of this book take a serious look at such issues as who will operate our farms and how those farms will meet rising demands for food, how higher energy costs will change life in rural areas, the current and future needs of rural families and their communities, who in fact lives in these communities, and what can be done about escalating rural crime and recent social changes that have disrupted the traditional patterns of rural society. Because the United States is an interdependent system of rural and urban of providers and consumers, these issues are vitally important to all scholars, policy makers, and citizens alike. The contributors bring us up to date on the contemporary rural scene and offer suggestions for research essential to intelligent decision making about the challenges and problems the 1980s hold in store for rural America.

Handbook of Sociological Theory Jonathan H. Turner, 2006-05-17 Sociology is experiencing what can only be described as hyperdifferentiation of theories: there are now many approaches competing for attention in the intellectual arena. From this perspective, we should see a weeding out of theories to a small number, but this is not likely to occur because each of the many theoretical perspectives has a resource base of adherents. As a result, theories in sociology do not compete head-on with each other as much as they

coexist This seminal reference work was brought together with an eye to capturing the diversity of theoretical activity in sociology specifically the forefront of theory Contributors describe what they themselves are doing right now rather than what others have done in the past The goal of this volume is to allow prominent theorists working in a variety of traditions who wouldn't usually come together to review their work The chapters in this volume represent a mix of theoretical orientations and strategies but these theories are diverse and represent the prominent theoretical discussions in sociology today Some areas included are Section I Theoretical Methodologies and Strategies Section II The Cultural Turn in Sociological Theorizing Section III Theorizing Interaction Processes Section IV Theorizing from the Systemic and Macrolevel Section V New Directions in Evolutionary Theorizing Section VI Theorizing on Power Conflict and Change Section VII Theorizing from Assumptions of Rationality This handbook will be of interest to those wanting a broad spectrum and overview of late 20th early 21st century sociological theory

**Encyclopedia of Victimology and Crime Prevention** Bonnie S. Fisher, Steven P. Lab, 2010-02-02

Victimology and crime prevention are growing interrelated areas cutting across several disciplines Victimology examines victims of all sorts of criminal activity from domestic abuse to street violence to victims in the workplace who lose jobs and pensions due to malfeasance by corporate executives Crime prevention is an important companion to victimology because it offers insight and techniques to prevent situations that lead to crime and attempts to offer ideas and means for mitigating or minimizing the potential for victimization In many ways the two fields have developed along parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and more The Encyclopedia of Victimology and Crime Prevention provides a comprehensive reference work bringing together such dispersed knowledge as it outlines and discusses the status of victims within the criminal justice system and topics of deterring and preventing victimization in the first place and responding to victims needs Two volumes containing approximately 375 signed entries provide users with the most authoritative and comprehensive reference resource available on victimology and crime prevention both in terms of breadth and depth of coverage In addition to standard entries leading scholars in the field have

contributed Anchor Essays that in broad strokes provide starting points for investigating the more salient victimology and crime prevention topics A representative sampling of general topic areas covered includes interpersonal and domestic violence child maltreatment and elder abuse street violence hate crimes and terrorism treatment of victims by the media courts police and politicians community response to crime victims physical design for crime prevention victims of nonviolent crimes deterrence and prevention helping and counseling crime victims international and comparative perspectives and more

**Gendered Domestic Violence and Abuse in Popular Culture** Shulamit Ramon,Michele Lloyd,Bridget Penhale,2020-11-30 As binge watching and streaming lead to increasing amounts of content and screen time understanding how domestic violence and abuse is portrayed in popular culture and its impact on DVA in our society is more important than ever This collection demonstrates how networked communication is influencing activism both online and in the real world

**Domestic Violence in Diverse Contexts** Sarah Wendt,Lana Zannettino,2014-09-15 Overwhelmingly it is women who are the victims of domestic violence and this book puts women s experiences of domestic violence at its centre whilst acknowledging their many diverse and complex identities Concentrating on the various forms of domestic abuse and its occurrence and manifestations within different contexts it argues that gender is centrally implicated in the unique factors that shape violence across all these areas Individual chapters outline the experiences of Mothers Older women Women with religious affiliations Refugee women Rural women Aboriginal women Women in same sex relationships Women with intellectual disabilities Exploring how domestic violence across varying contexts impacts on different women s experiences and understandings of abuse this innovative work draws on post structural feminist theory and how these ideas view and potentially allow gendered explanations of domestic violence Domestic Violence in Diverse Contexts is suitable for academics and researchers interested in issues around violence and gender
