Sociology And The Sacred An Introduction To Philip Rieffs Theory Of Culture:

Sociology and the Sacred Antonius A. W. Zondervan Zondervan, 2016-04-25 The acclaimed American sociologist and cultural philosopher Philip Rieff gained great academic prestige with his thesis on the emergence of Psychological Man in western culture and with his classic book *Freud The Mind of the Moralist* published in 1959 In this work and the later *The Triumph of the Therapeutic* 1966 he not only offered a highly original interpretation of the work of Sigmund Freud but critically evaluated the enormous influence of psychotherapeutic thinking on Western culture However Rieff's later work on the theory of culture did not garner the same attention and his most recent writings have received very little critical engagement In *Sociology and the Sacred* Antonius A W Zondervan sets out to remedy this neglect arguing that Rieff's work is ripe for intellectual reconsideration Zondervan begins by presenting an outline of Rieff's entire body of work focusing on his theory of culture and explaining how the sacred is a key notion pivotal to the overall understanding of Rieff's work The author argues that the present upsurge in religion in many varieties throughout the world cannot be explained by the classical secularization thesis making Rieff's theory of sacred order in culture an essential contribution to a new social theory of religion Including material from personal interviews with Rieff that enabled Zondervan to clarify important aspects of his work *Sociology and the Sacred* is an essential contribution to the understanding of contemporary culture's maintenance of its ties to religion

The Philosophy of Philip Rieff William G. Batchelder IV, Michael P. Harding, 2025-01-23 Arguing that Philip Rieff was a Freudian who departed in vital and fascinating ways from Freud and a committed modern who nevertheless viewed modernity as a disaster this book makes clear his thought transcends

contemporary left right culture war dichotomies Alasdair MacIntyre described Rieff's early work as a permanently valuable contribution to the human sciences The essays in this volume engage with Rieff's teaching both early and late across a number of different axes and from a number of disciplinary perspectives placing him into dialogue with thinkers such as Plato Nietzsche Freud Weber Heidegger Strauss Pieper Wilde and more The Philosophy of Philip Rieff conveys the utility of Rieff's theory for thinking through various contemporary issues from religion culture and race to the role of elites in a democratic society Philip Rieff's thought offers a key to unlocking the cultural trajectories of late modernity and this interdisciplinary volume engages that work in its depth and complexity while suggesting Rieff's place in the wider philosophic tradition Complaints, Controversies and Grievances in Medicine Jonathan Reinartz, Rebecca

Wynter, 2014-12-17 Recent studies into the experiences and failures of health care services along with the rapid development of patient advocacy consumerism and pressure groups have led historians and social scientists to engage with the issue of the medical complaint As expressions of dissatisfaction disquiet and failings in service provision past complaining is a vital antidote to progressive histories of health care This book explores what has happened historically when medicine generated complaints This multidisciplinary collection comprises contributions from leading international scholars and uses new research to develop a sophisticated understanding of the development of medicine and the role of complaints and complaining in this story It addresses how each aspect of the medical complaint between sciences professions practitioners and sectors within politics ethics and regulatory bodies from interested parties and patients has manifested in modern medicine and how it has been defined dealt with and resolved A critical and interdisciplinary humanities and social science perspective grounded in historical case studies of medicine and bioethics this volume provides the first major and comprehensive historical comparative and policy based examination of the area It will be of interest to historians sociologists legal specialists and ethicists interested in medicine as well as those involved in healthcare policy practice and management

Consuming Pleasures Daniel Horowitz, 2012-03-15 How is it that American intellectuals who had for 150 years worried about the deleterious effects of affluence more recently began to emphasize pleasure playfulness and symbolic exchange as the essence of a vibrant consumer culture The New York intellectuals of the 1930s rejected any serious or analytical discussion let alone appreciation of popular culture which they viewed as morally questionable Beginning in the 1950s however new perspectives emerged outside and within the United States that challenged this dominant thinking Consuming Pleasures reveals how a group of writers shifted attention from condemnation to critical appreciation critiqued cultural hierarchies and moralistic approaches and explored the symbolic processes by which individuals and groups communicate Historian Daniel Horowitz traces the emergence of these new perspectives through a series of intellectual biographies With writers and readers from the United States at the center the story begins in Western Europe in the early 1950s and ends in the early 1970s when American intellectuals increasingly appreciated the rich inventiveness of popular culture Drawing on

sources both familiar and newly discovered this transnational intellectual history plays familiar works off each other in fresh ways Among those whose work is featured are Jürgen Habermas Roland Barthes Umberto Eco Walter Benjamin C L R James David Riesman and Marshall McLuhan Richard Hoggart members of London's Independent Group Stuart Hall Paddy Whannel Tom Wolfe Herbert Gans Susan Sontag Reyner Banham and Robert Venturi and Denise Scott Brown On Folkways and Mores Philip D. Manning, 2017-07-05 William Graham Sumner is remembered primarily as an opponent of government intervention in social and economic issues Focusing on *Folkways* 1906 this book examines Sumner's fundamental work as a comparative ethnographer with an appreciation for the rules and rituals that regulate everyday behavior In *Folkways* Sumner developed classifications and an array of sociological concepts that continue to influence the discipline today This new book presents key excerpts from *Folkways* as well as three of Sumner's other classic essays It also includes five original essays by contemporary authorities that explain and explore Sumner's importance and influence By linking Sumner's work to contemporary research about social control the sociology of law and sociological theory these new essays confirm his status as a foundational thinker in the field Sumner offers an elegant conceptual schema with which to analyze the moral codes of in and out groups His extensive use of comparative anthropological data demonstrates a qualitative methodology that can easily be applied to the analysis of contemporary American society This volume includes contributions by Jonathan B Imber Howard G Schneiderman and A Javier Trevino **The Theatrical Spectaculum** Tova Gamliel, 2019-12-11 This book offers a new mythic perspective on the secret of the allure and survival of a current archaic institution the Western theatre in an era of diverse technological media Central to the theory is the *spectaculum* a stage world that mirrors a monotheistic cosmic order Tova Gamliel here not only alerts the reader to the possibility of the *spectaculum*'s existence but also illuminates its various structural dimensions the cosmological ritual and sociological Its cosmological meaning is a Judeo-Christian monotheistic consciousness of non randomness an exemplary order of the world that the senses perceive The ritual meaning denotes the centrality of the *spectaculum* as the theatre repeatedly reenacts the mythical and paradigmatic event of Biblical revelation Its social meaning concerns any charismatic social theory that is anchored in the epitomic structure of social sovereignty stage and audience that the Western theatre advances in an era characterized by hypermedia **Secularism and the Pursuit of Transcendence, Volume I** Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by

transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us **Peter L. Berger and the Sociology of Religion** Titus Hjelm,2018-08-23 How and why did *The Sacred Canopy* by Peter L Berger 1929 2017 become a classic How have scholars used Berger s ideas over the past 50 years since its publication How are these ideas relevant to the future of the sociology of religion Peter L Berger and the Sociology of Religion explores these questions by providing a broad overview of Berger s work as well as more focussed studies The chapters discuss both aspects of Berger s classic text the systematic sociological theorising on religion and the historical theorising on secularisation The articles also critically examine Berger s reversal regarding secularisation and the suggested desecularisation of the world The approaches range from disciplinary history to applications of Berger s ideas The book includes contributions from Nancy Ammerman Steve Bruce David Feltmate Effie Fokas Titus Hjelm D Paul Johnson Hubert Knoblauch Silke Steets Riyaz Timol and Bryan S Turner What Happens When We Practice Religion? Robert Wuthnow,2020-05-19 He favors the use of a broad range of analytic tools drawn from multiple disciplines and approaches to the study of religion The five chapters of this book describe the central concepts and arguments now advancing the study of religious practice Chapter 1 entitled Theories discusses the theoretical contributions associated with the aforementioned shift in religious studies to the investigation of religious practice Chapter 2 Situations discusses how religious activities and experiences are shaped by the physical and temporal spaces in which social action occurs Chapter 3 Intentions takes on an important topic that has proven difficult to study from a social science perspective Feelings are the focus of Chapter 4 and the role of Bodies is addressed in Chapter 5 *The Anthem Companion to Philip Rieff* Jonathan B. Imber,2018-04-10 Philip Rieff 1922 2006 was a preeminent American social and cultural theorist The original essays in *The Anthem Companion to Philip Rieff* offer an important new assessment of the major works of Philip Rieff by leading writers in the fields of social and cultural theory These essays are the first to assess Rieff s influence and significance as a master theorist and teacher drawing on the contributors long interest in the broad scope of his work from *Freud The Mind of the Moralist* to *The Triumph The Mind of the Moralist* to *The Triumph of the Therapeutic* to his posthumous work *Sacred Order Social Order Anthem Companions to Sociology* offer authoritative and comprehensive assessments of major figures in the development of sociology from the last two centuries Covering the major advancements in sociological thought these companions offer critical evaluations of key figures in the American and European sociological tradition and will provide students and scholars with an in depth assessment of the makers of sociology and chart their relevance to modern society **The Problem with Parenting** Nancy A. McDermott,2020-08-24

The Problem with Parenting serves as an essential guide to the recent origins and current excesses of American parenting for students parents and policy makers interested in the changing role of the family in childrearing Family scholarship focuses predominately on the evolution of family structure and function with only passing references to parenting Researchers who study parenting however invariably regard it as a sociological phenomenon with complex motivations rooted in such factors as class economic instability and new technologies This book examines the relationship between changes to the family and the emergence of parenting defined here as a specific mode of childrearing It shows how beginning in the 1970s the family was transformed from a social unit that functioned as the primary institution for raising children into a vehicle for the nurturing and fulfillment of the self The book pays special attention to socialization and describes how the change in our understanding of parenthood from a state of being into the distinct activity of parenting is indicative of a disruption of our ability to transfer key cultural values and norms from one generation to the next

The Psychologization of Society Ole Jacob Madsen, 2018-06-27 The Psychologization of Society explores the manner in which psychology has increasingly crept into everyday life with nature reduced to a source of mental health the belief in God motivated by health not salvation sin and evil turned into psychiatric diagnosis and the market economy being primarily driven by psychology Showing that Norway like the United States and Great Britain is currently subjected to a psychological worldview or therapeutic ethos Madsen examines an array of spheres such as media law religion self help literature and cosmetic surgery to shed light on the ways in which the therapeutic ethos rather than simply triumphing over them actually blends in with regional norms and values A study of the psychological imprint on Western countries as a form of the global democratisation of psychologised self care this book explores the boundless struggle to be the best version of yourself in contemporary neoliberal culture As such it will appeal to scholars of sociology psychology and cultural and media studies with interests in therapeutic discourses and paradoxes of health

Excellent Preaching Craig G. Bartholomew, 2016-02-24 The goal of preaching is to let the powerful message of the Bible penetrate the lives of your congregation A well crafted sermon can help to bridge the gap between biblical context and contemporary application In Excellent Preaching Craig Bartholomew explains why we need to be acquainted with both the context of Scripture and the context in which we preach Good contextualization is hard work but Bartholomew shows that it can be done Practical accessible and rooted in years of preaching experience this short book helps preachers connect the message of the text to everyday life

Longing in a Culture of Cynicism Stephan van Erp, Lea Verstricht, 2008 Through current expressions of religion people are confronted with all kinds of longings and desires which have no place in a rationalised and alienated culture At the same time these longings are seeking and finding opportunities for expression How to understand this cultural ambiguity The authors in this volume explore the possibilities of a rationality beyond rationalism reflecting beyond the borders of human imagination on the hidden God

Three Plays of Maureen Hunter Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New Engagement and

Disengagement Howard G. Schneiderman, 2017-10-16 Part dialogue part debate between Howard Schneiderman and a small number of social theorists Engagement and Disengagement represents the culmination of a life's work in social theory On the one hand it is about cohesive social cultural and intellectual forces such as authority community status and the sacred that tie us together and on the other hand about forces such as alienation politics and economic warfare that pull us apart With a blend of humanism and social science Engagement and Disengagement highlight this two culture solution to understanding social and cultural history

Beyond the Modern Age Bob Goudzwaard, Craig G. Bartholomew, 2017-05-23 Modernity according to Bob Goudzwaard and Craig Bartholomew is not a single ideology but rather a tension between four worldviews In conversation with students from around the world and drawing upon a variety of sources and disciplines the authors propose ways to transcend modernity and address global crises

The Doctrine of Creation Bruce Riley Ashford, Craig G. Bartholomew, 2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition's rich resources on creation for systematic theology and the life of the church today

How Outlaws Win Friends and Influence People Tereza Kuldova, 2019-03-09 This book asks a critical question for our times why do an increasing number of people support admire and aspire to be outlaws Outlaw motorcycle clubs have grown spread and matured Popular culture glamorizes them law enforcement agencies fight them and the media vilify them Meanwhile the outlaw bikers exploit the current cultural and economic climate to attract new members How Outlaws Win Friends and Influence People argues that the growth of these anti establishment groups under neoliberalism is not coincidental but inevitable The book asks a critical question for our times why do people today in increasing numbers support admire and aspire to be outlaws What needs and desires do the clubs satisfy How do they win support and influence Answering this is crucial if we are to successfully fight the social harms caused by these groups as well as the harms that underlie their proliferation Unless we understand the cultural dynamic at play here our fight against these organizations will always take the form of a battle against the mythological Hydra when one head is cut off two more grow Tereza Kuldova is a rebel with a cause her new book is a razor sharp critique of stereotypical conceptions of the outlaw biker and provides refreshing insights into their subjective life worlds Daniel Briggs author of the award winning *Dead End Lives*
