

Teenage Gangs

James F. Short Jr., Lorine A. Hughes

Teenage Gangs:

Teen Gangs Maureen P. Duffy, Scott E. Gillig, 2004-03-30 Teen gangs are a hot issue in the United States This volume shows the international scope of the phenomenon today Gang activity in 14 countries including the United States is discussed within the larger framework of social and economic conditions Each chapter explains the nature of the gang activity in that country touches on the causes such as poverty marginalization and self identity problems and heavily emphasizes the responses including education and community based intervention Students and researchers will find a wealth of current information on teen gangs to mine and use for comparisons

Youth Gangs Irving A. Spergel, 1991 **Teenage Gangs** New York City Youth Board, 1957 **Youth Gangs and Street Children** Paula Heinonen, 2011-07-01 The rapidly expanding population of youth gangs and street children is one of the most disturbing issues in many cities around the world These children are perceived to be in a constant state of destitution violence and vagrancy and therefore must be a serious threat to society needing heavy handed intervention and tough love from concerned adults to impose societal norms on them and turn them into responsible citizens However such norms are far from the lived reality of these children The situation is further complicated by gender based violence and masculinist ideologies found in the wider Ethiopian culture which influence the proliferation of youth gangs By focusing on gender as the defining element of these children s lives as they describe it in their own words this book offers a clear analysis of how the unequal and antagonistic gender relations that are tolerated and normalized by everyday school and family structures shape their lives at home and on the street

The ^AYouth Gang Problem Irving A. Spergel, 1995-06-01 Every day there are new stories of gang related crime from the proliferation of illegal weapons in the streets and children dealing drugs in their schools to innocent bystanders caught in the crossfire of never ending gang wars Once considered an urban phenomenon gang violence is permeating American life spreading to the suburbs and bringing the problem closer to home for much of America The government schools social agencies and the justice system are conspicuous by their sporadic interest in the subject and have failed to develop effective policies and programs Existing social support mechanisms and strategies for suppressing violence have often been unsuccessful And state and federal policy is largely nonexistent In *The Youth Gang Problem A Community Approach* Irving Spergel provides a systematic analysis of youth gangs in the United States Based on research historical and comparative analysis and agency documents and the author s extensive first hand experience the work explores the gang problem from the perspective of community disorganization especially population movement and the plight of the underclass It examines the factors of gang member personality gang dynamics criminal organization and the influence of family school prisons and politics as well as the response of criminal justice agencies and community groups Spergel describes techniques used by social agencies schools employment programs criminal justice agencies and grass roots organizations for dealing with gangs and recommends strategies that emphasize the use of local resources planning and collaborative procedures There is no single

strategy and no easy solution to the youth gang problem in the United States There are however substantial steps we can take and they must be honestly and systematically tested Offering a practical and alternative approach to a serious social problem The Youth Gang Problem A Community Approach is a major and long awaited contribution to this dilemma It is required reading for criminal justice personnel school staff social workers policy makers students and scholars of urban and organizational sociology and the general reader concerned with the youth gang problem and how to control intervene and prevent it

Studying Youth Gangs James F. Short Jr., Lorine A. Hughes, 2006-05-04 In this absorbing new collection Short and Hughes and their distinguished coauthors investigate why and how we study youth gangs Over the last half century of research by criminologists sociologists and gang experts investigations of gang behavior have become increasingly specialized and isolated from studies of delinquency and deviance The authors challenge popular and inaccurate definitions of gangs vs non gang youth groups and show how the amazing diversity of gangs_both domestic and international_demands more rigorous study This book stimulates thinking about valid methods of defining and interpreting gang behavior in order to better understand delinquent and criminal behaviors and their control It is an ideal text for criminal justice sociology and social work courses and a resource for law enforcement probation and parole practitioners and public defenders *Teenage Street Gangs* Fred A. Clark, 1996

Violence by Youth Gangs and Youth Groups as a Crime Problem in Major American Cities Walter Benson Miller, 1977

Violence by Youth Gangs and Youth Groups as a Crime Problem in Major American Cities Walter Blaine Miller, 1975

The Youth Gangs, Drugs, and Violence Connection James C. Howell, 1999

Adopting the Track of Expression: An Psychological Symphony within **Teenage Gangs**

In some sort of used by displays and the ceaseless chatter of instant transmission, the melodic splendor and mental symphony produced by the published word frequently disappear into the back ground, eclipsed by the relentless sound and disturbances that permeate our lives. However, situated within the pages of **Teenage Gangs** a charming literary treasure brimming with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this charming masterpiece conducts viewers on a mental trip, well unraveling the concealed songs and profound influence resonating within each cautiously crafted phrase. Within the depths with this poignant assessment, we shall examine the book is central harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
