Street Nelson Mwangi, 2016-04-04 You will never live a happy life, leave alone achieve your dreams and reach your destiny if you fail to find your purpose in life. Every page of this book will help you to not only find your identity but also become conversant about the tenacity you have towards achieving your dream. This discovery will subject you to a splendid life of purpose and passion until you get to your destiny. This book is for teens and young adults who are looking forward to rise above their fears, depart from mediocrity, and effect a complete transformation and efficacy of their lives by first realizing who they are and finding their God-given purpose in life before they embark on a life journey with a sole purpose of becoming successful in all areas of their lives if they adhere to their purpose and live their passion. Parents, as you embark on a venture to guide your teens' life, this book will enhance your parenting acumen and help you to undertake your parenting responsibility of inculcating your teens and young adults with the moral responsibilities that they need in order to always make positive decisions, not worth regrets, in their present and future lives. Since empowerment is a very vital act of mentorship that fosters self-identity and ameliorates an individual's quality of life, ignorance is bliss only when the knowledge of God is not involved. It is through our relationship with God that we come to find our purpose, gain confidence, become courageous, and suppress our fears in life as we progress towards our destiny. As we seek to find our God-mandated purpose in our lives, it is very imperative to know that life comes in phases where victory of your present stage invigorates your progress in the next stage. Nevertheless, our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us. Most of the times we ask ourselves, who am I to be brilliant, gorgeous, talented, and successful? Actually, who are you not to be? You are a child of God. Your constrained thinking does not serve or impact the world. Your life is not a mistake. Every human being has a purpose which should dictate him or her to live a purpose-driven life. We were born to make manifest the glory of God that is within us. It is not just in some of us; it is in everyone. As we let our own light shine, we unconsciously give others permission to follow suit. As we are emancipated from our own fear, our presence and perseverance automatically emancipates others.

Challenging Choices
Erika Dyck, Maureen Lux, 2020-11-18 Between the decriminalization of contraception in 1969 and the introduction of the Charter of Rights and Freedoms in 1982, a landmark decade in the struggle for women's rights, public discourse about birth control and family planning was transformed. At the same time, a transnational conversation about the population bomb that threatened global famine caused by overpopulation embraced birth control technologies for a different set of reasons.

revisiting controversial ideas about eugenics heredity and degeneration In *Challenging Choices* Erika Dyck and Maureen Lux argue that reproductive politics in 1970s Canada were shaped by competing ideologies on global population control poverty personal autonomy race and gender For some Canadians the 1970s did not bring about an era of reproductive liberty but instead reinforced traditional power dynamics and paternalistic structures of authority Dyck and Lux present case studies of four groups of Canadians who were routinely excluded from progressive reformist discourse Indigenous women and their communities those with intellectual and physical disabilities teenage girls and men In different ways each faced new levels of government regulation scrutiny or state intervention as they negotiated their reproductive health rights and responsibilities in the so called era of sexual liberation While acknowledging the reproductive rights gains that were made in the 1970s the authors argue that the legal changes affected Canadians differently depending on age social position gender health status and cultural background Illustrating the many ways to plan a modern family these case studies reveal how the relative merits of life and choice were pitted against each other to create a new moral landscape for evaluating classic questions about population control
