About the day

The theme of the training is mental well-being, focusing on young adopted and looked after adolescents broadly in the age range of 11 years to 18 years. Expert speakers will offer parents and carers an empathically delivered picture of issues faced by many young adoptees.

The day will address topics such as support and interventions, at first time of transition to school, college or employment and moving away from home. These times may bring anxieties for parents around issues like self-harm or self-medication and other concerns that fill these turbulent years for many families. The voice of the adoptive parent will also form part of the day.
