The Tel Dan Inscription George Athas, 2006-01-01      Ahab's House of Horrors Kyle R. Greenwood, David B. Schreiner, 2023-03-22 Reconciling biblical and extrabiblical history The extrabiblical testimony surrounding Israel's early history is difficult to assess and synthesize But numerous sources emerging from the ninth century BC onward invite direct comparison with the biblical account In *Ahab's House of Horrors A Historiographic Study of the Military Campaigns of the House of Omri* Kyle R Greenwood and David B Schreiner examine the historical records of Israel and its neighbors While Scripture generally gives a bleak depiction of the Omride dynasty extrabiblical evidence appears to tell another story Inscriptions and archeological evidence portray a period of Israelite geopolitical influence and cultural sophistication Rather than simply rejecting one source over another Greenwood and Schreiner press beyond polarization They propose a nuanced synthesis by embracing the complex dynamics of ancient history writing and the historical difficulties that surround the Omri dynasty *Ahab's House of Horrors* is an important contribution to the ongoing discussion of biblical historiography and specifically to our understanding of 1 2 Kings and the Omri family      *David in the Desert* Hannes Bezzel, Reinhard G. Kratz, 2021-05-10 In the course of the last two decades both the historical reconstruction of the Iron I Iron IIA period in Israel and Judah and the literary historical reconstruction of the Books of Samuel have undergone major changes With respect to the quest for the historical David terms like empire or Großreich have been set aside in favor of designations like mercenary or hapiru leader corresponding to the image of the son of Jesse presented in I Sam At the same time the literary historical classification of these chapters has itself become a matter of considerable discussion As Leonhard Rost's theory of a source containing a History of David's Rise continues to lose support it becomes necessary to pose the question once again Are we dealing with a once independent story of David embracing both the HDR and the succession narrative are there several independent versions of an HDR to be detected or do I Sam 16 II Sam 5 constitute a redactional bridge between older traditions about Saul on the one hand and David on the other In either case what parts of the material in I Sam 16 II Sam 5 are based on ancient traditions and may therefore serve as a source for any tentative historical reconstruction The participants in the 2018 symposium at Jena whose essays are collected in this volume engage these questions from different redaction critical and archaeological perspectives Together they provide an overview of contemporary historical research on the book of First Samuel      Why the Bible Began Jacob L. Wright, 2023-08-17 Why did no other ancient society produce something like the Bible That a tiny out of the way community could have created a literary corpus so determinative for peoples across the globe seems improbable For Jacob Wright the Bible is not only a testimony of survival but also an unparalleled achievement in human history Forged after Babylon's devastation of Jerusalem it makes not victory but total humiliation the foundation of a new idea of belonging Lamenting the destruction of their homeland scribes who composed the Bible imagined a promise filled past while reflecting deeply on abject failure More than just religious scripture the Bible

began as a trailblazing blueprint for a new form of political community Its response to catastrophe offers a powerful message of hope and restoration that is unique in the Ancient Near Eastern and Greco Roman worlds Wright s Bible is thus a social political and even economic roadmap one that enabled a small and obscure community located on the periphery of leading civilizations and empires not just to come back from the brink but ultimately to shape the world s destiny The Bible speaks ultimately of being a united yet diverse people and its pages present a manual of pragmatic survival strategies for communities confronting societal collapse

**From David to Gedaliah** Bob Becking,2007 The ten essays in this volume all deal with various aspects of the interpretation of the Book of Kings Bob Becking tries to set a course between Scylla and Charibdis Both minimalism and maximalism are avoided by trying to apply a variety of methods narratology historical criticism and theological analysis This implies that extra biblical evidence the Tell Dan inscription Assyrian royal inscriptions West Semitic seal inscriptions are taken into account Selected texts from this biblical book are read on the basis of a three dimensional matrix 1 the narrative character of the story stories 2 the value and function of extra biblical material be it of an epigraphical or an archaeological character 3 the art of history writing both ancient and modern The essays are arranged according to the order in which the relevant texts or their main characters figure in the Book of Kings Originally published between 1987 and 2005 they have been updated for publication in the present collection

**A Festschrift in Honor of Rami Arav** Richard Freund,Fred Strickert,2019-05-14 Bethsaida a fishing town on the north end of the Sea of Galilee plays a prominent role in the Gospels was home for several of Jesus disciples and was the location of the feeding of the 5 000 and many of Jesus other healings However the Golden Age of Biblical Archaeology all but ignored this important site until 1987 when a young Israeli archaeologist Rami Arav undertook a probe revealing early Roman pottery coins and the remains of domestic buildings This led to a thirty two year long research project at Bethsaida adding to our knowledge of the Historical Jesus and his disciples and acting as a window into the world of common first century men and women going about

their daily lives in the realm of the family of the Emperor Augustus and the Herodians The big surprise was that layers below the surface and a thousand years earlier there also appeared a major iron age capital city of the Geshurites with a magnificent palace impregnable city walls a massive four chamber gate system and many religious symbols This volume honors the work of Arav who tirelessly dedicated himself to this dig establishing the Bethsaida Excavations Project and bringing together a consortium of Universities and Colleges and a diverse team of international scholars who have joined in collaborative research to uncover the story of Bethsaida In this volume a representative selection of Bethsaida scholars shares their research to demonstrate the success of Arav s venture spanning over three decades

1 & 2 Kings: An Introduction and Study Guide Lester L. Grabbe, 2016-12-01 Lester L Grabbe provides a concise and up to date introduction to the books of Kings covering all the historical and interpretative issues Grabbe pays particular attention to how the history of ancient Israel can be reconstructed or not as the case may be through the text and introduces students to the key ways of reading the books of Kings as religious and political history Grabbe takes a chronological approach according to the text and provides overviews of the key periods of Israel s history The nature of the Deuteronomistic History and how well this theory of authorship stands up in the modern day is considered as well as issues of form and source criticism more broadly Grabbe concludes by offering a reflection on the books of Kings in theological and hermeneutical perspective which enables students to view not only the historical and textual issues but also broader issues of meaning and significance

**Hezekiah and the Compositional History of the Book of Kings** Benjamin D. Thomas, 2014-07-29 This study explores one of the oldest and most central issues of the Hebrew Bible the compositional history of 1 2 Kings Its approach does not proceed from the assumption prevalent since the time of de Wette namely that the origins of 1 2 Kings should be explained through a process of Deuteronomistic literary redaction rooted in the Josianic reform Rather this study reads 1 2 Kings through the lens of other texts with similar genres existing in its historical context More precisely the texts under question belong to the genre of chronography kinglists chronicles and royal inscriptions possessing similar or in some cases identical structures and motifs to those found in 1 2 Kings This study includes a literary critical analysis of every main structural feature of the regnal framework regnal year totals synchronisms geographic filiations naming the queen mother source citations death and burial formulae regnal evaluations royal predecessor formula and cultic reports It also seeks to determine the extent of the original framework by mapping its opening and conclusion The results of the study indicate that the framework s opening was in Solomon s account and its original climax was in Hezekiah s account and represented the latter as a royal YHWHist par excellence excellence the restorer of order who limited sacrificial space to Jerusalem The genealogical structure of this Hezekian History emerges from the Davidic royal ideology rooted in Jerusalem There is no decisive indication that calls for the original framework structure s classification as Deuteronomistic or Josianic The author of the framework wrote during the early to mid seventh century B C E and reported the major historical events surrounding Hezekiah s reign including the

survival of Jerusalem in 701 B C E in the B1 narrative as well as his centralizing reform
