Tel Quel Th Orie Denssemble Choix:

Schumann's Dichterliebe and Early Romantic Poetics Beate Julia Perrey, 2002 This book offers a theory of Romantic song by re evaluating Schumann's Dichterliebe of 1840 one of the most enigmatic works of the repertoire It investigates the poetics of Early Romanticism in order to understand the mysterious magnetism and singular imaginative energy that imbues Schumann's musical language The Romantics rejected the ideal of a coherent and organic whole and cherished the suggestive openness of the Romantic fragment the disconcerting tone of Romantic irony and the endlessness of Romantic reflection thereby realizing an aesthetic of fragmentation Close readings of many songs from Dichterliebe show the singer's intense involvement with the piano's voice suggesting a split Self and the presence of the Other Seeing Schumann as the second poet of the poem here of Heine's famous Lyrisches Intermezzo this book considers essential issues of musical poetics intertextuality introducing into musicology a hermeneutic that seeks to synthesize philosophical literary critical music analytical and psycho analytical modes of thought

History of Semiotics Achim Eschbach, Jürgen Trabant, 1983-01-01 This volume brings together a collection of papers on the general theoretical and methodological problems in the historiography of semiotics It is not a history in the conventional sense even though the main periods and figures in the development of semiotics are given due prominence Nevertheless it should offer the reader stimulation and food for thought in the critical approach to even the least questioned facts of semiotic history and the emphasis given to hitherto neglected problems and persons

The Archaeology of Foucault Stuart Elden, 2022-12-01 On 20 May 1961 Foucault defended his two doctoral theses on 2 December 1970 he gave his inaugural lecture at the Collège de France Between these dates he published four books travelled widely and wrote extensively on literature the visual arts linguistics and philosophy He taught both psychology and philosophy beginning his explorations of the question of sexuality Weaving together analyses of published and unpublished material this is a comprehensive study of this crucial period As well as Foucault's major texts it discusses his travels to Brazil Japan and the USA his time in Tunisia and his editorial work for Critique and the complete works of Nietzsche and Bataille It was in this period that Foucault developed the historical philosophical approach he called archaeology the elaboration of the archive which he understood as the rules that make possible specific claims In its detailed study of Foucault's archive the book is itself an archaeology of Foucault in another sense both excavation and reconstruction This book completes a four volume series of major intellectual histories of Foucault Foucault's Last Decade was published by Polity in 2016 Foucault The Birth of Power followed in 2017 and The Early Foucault in 2021

Proustian Passions Ingrid Wassenaar, 2000 A la recherche du temps perdu occupies an undisputed place in the unfolding intellectual history of the moi in France There is however a general tendency in writing on this novel to celebrate the wonders of the moi sensible uncritically This effaces all that is morally dubious or frankly experimental about Proust's account of selfhood It denies the rigour with which Proust tries to understand exactly why it is so difficult to explain one's own actions to another The great

party scenes for example or the countless digressions read like manuals on how acts of self justification take place Proust however is not merely interested in some kind of taxonomy of excuses hypocrisy disingenuousness and Schadenfreude He wants to know why self justification tends to be interpreted as indicative of moral or psychological weakness He asks himself whether self justification informs isolated moments of everyday existence or whether it endures in an overall conception of self that lasts an individual's lifetime He investigates whether it dictates the functioning of an entire social group Can we decide he asks whether justifying one's self should be written off as morally repugnant or taken seriously as evidence of moral probity **Écritures contemporaines et théâtralité**, 1990 The Nouveau Roman Celia Britton, 1992-11-15 The

Nouveau Roman writers have been actively involved in the theory as well as the practice of fiction participating in a series of vigorous debates on issues such as the political significance of literature formalism and structuralism the status of the author etc This study discusses Robbe Grillet Sarraute Simon Butor and Ricardou analysing both the interaction of their own theory and fiction and their reactions to the work of figures such as Sartre Barthes Lévi Strauss Sollers and Kristeva Anacreon Redivivus John O'Brien, 1995 In 1554 the scholar and printer Henri Estienne published what he believed to be the odes of the ancient Greek poet Anacreon These odes known today as the Anacreonta were in fact pseudonymous publications Yet such was the enduring popularity of these poems that when Francis Scott Key composed The Star Spangled Banner he used the tune of a popular contemporary song To Anacreon in Heaven In Anacreon Redivivus John O'Brien examines neo Latin and vernacular translations of the Anacreonta in the French Renaissance during the two years following their publication He deals with the context and theory of Renaissance translation before concentrating on the major Renaissance authors who found the Anacreonta attractive Pierre de Ronsard and Remy Belleau Henri Estienne and Elie Andri This study emphasizes the interpenetration of vernacular and neo Latin cultures in Renaissance France in terms of their shared literary techniques O'Brien argues that these techniques created a literary Alexandrianism which was in turn perceived as characteristic of the Anacreonta The book shows how terms such as simplicity lightness and mignardise all contributed to the identity of pseudo Anacreon and it considers how translation played a role in this enterprise The first detailed study of Anacreontic translation in Renaissance France Anacreon Redivivus will interest students and scholars in modern languages classics and comparative literature John O'Brien is Lecturer in French University of Liverpool **Rien n'est dit** Philippe
