Television And The Working Class:

Looking at Class Sheila Rowbotham, Huw Beynon, 2001 This work brings together film and television practitioners and students of cultural and economic change and examines how the working class in Britain has been represented in the media in the second half of the twentieth century

Library of Congress Subject Headings Library of Congress, 2002 [The SAGE Handbook of Television Studies](#) Manuel Alvarado, Milly Buonanno, Herman Gray, Toby Miller, 2014-12-09 Genuinely transnational in content as sensitive to the importance of production as consumption covering the full range of approaches from political economy to textual analysis and written by a star studded cast of contributors Emeritus Professor Graeme Turner University of Queensland Finally we have before us a first rate and wide ranging volume that reframes television studies afresh boldly synthesising debates in the humanities cultural studies and social sciences This volume should be in every library and media scholar's bookshelf Professor Ravi Sundaram Centre for the Study of Developing Societies Bringing together a truly international spread of contributors from across the UK US South America Mexico and Australia this Handbook charts the field of television studies from issues of ownership and regulation through to reception and consumption Separate chapters are dedicated to examining the roles of journalists writers cinematographers producers and manufacturers in the production process whilst others explore different formats including sport novella and soap opera news and current affairs music and reality TV The final section analyses the pivotal role played by audiences in the contexts of gender race and class and spans a range of topics from effects studies to audience consumption The SAGE Handbook of Television Studies is an essential reference work for all advanced undergraduates graduate students and academics across broadcasting mass communication and media studies

Museums and the Working Class Adele Chynoweth, 2021-09-28 Museums and the Working Class is the first book to take an intersectional and international approach to the issues of economic diversity and class within the field of museum studies Bringing together 16 contributors from eight countries this book has emerged from the significant global dialogue concerning museums obligation to be inclusive participate in meaningful engagement and advocate for social change As part of the push for museums to be more accessible and inclusive museums have been challenged to critically examine their power relationships and how these are played out in what they collect whose stories they exhibit and who is made to feel welcome in their halls This volume will further this professional and academic debate through the discussion of class Contributions to the book will also reinforce the importance of the working class not only in collection and exhibition policy but also for the organisational psychology of institutions Museums and the Working Class is essential reading for scholars and students of museum gallery and heritage studies cultural studies sociology labour studies and history It will also serve as a source of honest and research led inspiration to practitioners working in museums galleries libraries archives and at heritage sites around the world

Television And The Crisis Of Democracy Douglas Kellner, 2018-02-02 This is one of the best books I've read on the changing relationship of television to

society It provides a very good analysis of theoretical perspectives on television and makes excellent use of critical theory An accessible book that at the same time challenges the reader to think more deeply about the role of television in a formally democratic society Vincent Mosco Carleton University In this pathbreaking study Douglas Kellner offers the most systematic critically informed political and institutional study of television yet published in the United States Focusing on the relationships among television the state and business he traces the history of television broadcasting emphasizing its socioeconomic impact and its growing political power Throughout Kellner evaluates the contradictory influence of television a medium that has clearly served the interests of the powerful but has also dramatized conflicts within society and has on occasion led to valuable social criticism *Reality TV's Real Men of the Recession* Shannon O'Sullivan, 2022-10-11 In this book Shannon O Sullivan explores blue collar frontier shows a subgenre of reality television showcasing white working class men performing hazardous occupations in remote wilderness settings O Sullivan argues that the proliferation of these programs represents a subtle yet potent reactionary veneration of white rural working class men as real Americans amid the Great Recession and social movements challenging white supremacy heteropatriarchy and capitalism nearly a decade before Donald Trump kicked off his presidential campaign Through analyses of *Deadliest Catch* *Ax Men* *Ice Road Truckers* and *Gold Rush* O Sullivan reframes dominant understandings of social class and challenges the neoliberal tendency to configure identity and social categories as stylized performances delinked from power relations The author highlights the political significance of these series in relation to Donald Trump's rhetorical strategy and media narratives about his supporters O Sullivan also incorporates an analysis of *Duck Dynasty* which exemplifies how affluent white men take up stereotypical white rural working class masculine performances to attain a public perception of masculine authenticity Scholars of media studies gender studies television studies communication and political rhetoric will find this book of particular interest **Library of Congress Subject Headings** Library of Congress.
