*The Threads of The Scarlet Letter* Richard Kopley,2003 The Threads of The Scarlet Letter offers new discoveries regarding the origins of Hawthorne's masterpiece as well as critical interpretations based on these discoveries Relying on a blend of close reading biographical analysis and archival research this book demonstrates anew the power of traditional scholarship The Threads of The Scarlet Letter illuminates Hawthorne's transformation of Poe's celebrated tale The Tell Tale Heart and Lowell's long neglected poem A Legend of Brittany and identifying the hitherto unknown author of the seminal narrative The Salem Belle investigates Hawthorne's brilliant borrowing from that novel as well The present volume argues that Hawthorne repeatedly attenuated his sources but also allowed sufficient detail to permit

their recognition Furthermore this volume elaborates Hawthorne s reworking of formal traditions in *The Scarlet Letter* traditions that importantly clarify the meaning of the whole *The Scarlet Letter* is shown to be a complex rendering of man s fall and redemption and a triumphant assertion of literary vocation *The Threads of The Scarlet Letter* includes a useful bibliographical overview of the history of the study of the origins of Hawthorne s greatest work *Bloom's how to Write about Edgar Allan Poe* Susan Amper,2008 Bloom s *How to Write About Edgar Allan Poe* offers valuable paper topic suggestions clearly outlined strategies on how to write a strong essay and an insightful introduction by Harold Bloom designed to help students develop their analytical writing skills and critical comprehension of this important author s turbulent life and unforgettable works **American Fiction and the Metaphysics of the Grotesque** Dieter Meindl,1996 By synthesizing Kayser s and Bakhtin s views of the grotesque and Heidegger s philosophy of Being *American Fiction and the Metaphysics of the Grotesque* seeks to demonstrate that American fiction from Poe to Pynchon has tried to convey the existential dimension the pre individual totality or flow of life which defines itself against the mind and its linguistic capacity Dieter Meindl shows how the grotesque through its self contradictory nature has been instrumental in expressing this reality conception an antirationalist stance in basic agreement with existential thought The historical validity of this new metaphysics which grants precedence to Being the context of cognition over the cognizant subject must be upheld in the face of deconstructive animadversions upon any metaphysics of presence The notion of decentering the subject Meindl argues did not originate with deconstruction The existential grotesque confirms the protomodernist character of classic American fiction Meindl traces its course through a number of well known texts by Melville James Gilman Anderson Faulkner and O Connor among others To convey life conceived as motion these writers had to capture that is immobilize it in their art an essentially distortive and therefore grotesque device Melville s *Bartleby* dealing with a mort vivant is the seminal text in this mode of indirectness As opposed to the existential grotesque which grants access to a preverbal realm the linguistic grotesque of postmodern fiction works on the assumption that all reality is referable to language in a textual universe *American Fiction and the Metaphysics of the Grotesque* will significantly alter our understanding of certain traditions in American literature
