Basements and Attics, Closets and Cyberspace Linda M Morra,Jessica Schagerl,2013-01-24 Women s letters and memoirs were until recently considered to have little historical significance Many of these materials have disappeared or remain unarchived often dismissed as ephemera and relegated to basements attics closets and increasingly cyberspace rather than public institutions This collection showcases the range of critical debates that animate thinking about women s archives in Canada The essays in Basements and Attics Closets and Cyberspace consider a series of central questions What are the challenges that affect archival work about women in Canada today What are some of the ethical dilemmas that arise over the course of archival research How do researchers read and make sense of the materials available to them How does one approach the shifting unstable forms of new technologies What principles inform the decisions not only to research the lives of women but to create archival deposits The contributors focus on how a supple research process might allow for greater engagement with unique archival forms and critical absences in narratives of past and present From questions of acquisition deposition and preservation to challenges related to the interpretation of material the contributors track at various stages how fonds are created or sidestepped in response to national and other imperatives and to feminist commitments how archival material is organized restricted accessed and interpreted how alternative and immediate archives

might be conceived and approached and how exchanges might be read when there are peculiar lacunae missing or fragmented documents or gaps in communication that then require imaginative leaps on the part of the researcher

Scandalous Bodies Smaro Kambourelli, 2009-05-05 *Scandalous Bodies* is an impassioned scholarly study both of literature by diasporic writers and of the contexts within which it is produced. It explores topics ranging from the Canadian government's multiculturalism policy to media representations of so-called minority groups from the relationship between realist fiction and history to postmodern constructions of ethnicity from the multicultural theory of the philosopher Charles Taylor to the cultural responsibilities of diasporic critics such as Kambourelli herself. Smaro Kambourelli proposes no neat or comforting solutions to the problems she addresses. Rather than adhere to a single method of reading or make her argument follow a systematic approach, she lets the texts and the socio-cultural contexts she examines give shape to her reading. In fact, methodological issues and the need to revisit them become a leitmotif in the book. Theoretically rigorous and historically situated, this study also engages with close reading not the kind that views a text as a sovereign world but one that opens the text in order to reveal the method of its making. Her practice of what she calls negative pedagogy, a self-reflexive method of learning and unlearning of decoding the means through which knowledge is produced, allows her to avoid the pitfalls of constructing a narrative of progress. Her critique of Canadian multiculturalism as a policy that advocates what she calls sedative politics and of the epistemologies of ethnicity that have shaped, for example, the first wave of ethnic anthologies in Canada, are the backdrop against which she examines the various discourses that inform the diasporic experience in Canada. *Scandalous Bodies* was first published in 2000 and received the Gabrielle Roy Prize for Canadian Criticism. **Encyclopedia**

of Post-Colonial Literatures in English Eugene Benson, 2004-11-30 Documents the history and development of Post-colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories. In more than 1,600 entries written by more than 600 internationally recognized scholars, it explores the effect of the colonial and post-colonial experience on literatures in English worldwide.

Betrayal and Other Acts of Subversion Leslie Bow, 2011-10-16 Asian American women have long dealt with charges of betrayal within and beyond their communities. Images of their disloyalty pervade American culture from the daughter who is branded a traitor to family for adopting American ways to the war bride who immigrates in defiance of her countrymen to a figure such as Yoko Ono, accused of breaking up the Beatles with her seduction of John Lennon. Leslie Bow here explores how representations of females transgressing the social order play out in literature by Asian American women. Questions of ethnic belonging, sexuality, identification and political allegiance are among the issues raised by such writers as Jeanne Wakatsuki Houston, Bharati Mukherjee, Jade Snow Wong, Amy Tan, Sky Lee, Le Ly Hayslip, Wendy Law Yone, Fiona Cheong and Nellie Wong. Beginning with the notion that feminist and Asian American identity are mutually exclusive, Bow analyzes how women serve as boundary markers between ethnic or national collectives in order to reveal the male-based nature of social cohesion.

In exploring the relationship between femininity and citizenship liberal feminism and American racial discourse and women's domestic abuse and human rights the author suggests that Asian American women not only mediate sexuality's construction as a determiner of loyalty but also manipulate that construction as a tool of political persuasion in their writing The language of betrayal she argues offers a potent rhetorical means of signaling how belonging is policed by individuals and by the state Bow's bold analysis exposes the stakes behind maintaining ethnic feminist and national alliances particularly for women who claim multiple loyalties
