Telling Lives From W B Yeats To Bruce Chatwin

Henry Hardy

Telling Lives From W B Yeats To Bruce Chatwin:

Wandering through Guilt Paola Di Gennaro, 2015-06-18 The first comprehensive study on the pattern of guilt and wandering in literature this book examines the relationship between the two complex concepts as they appear in twentieth century novels positing its methodological premises on archetypal criticism and both close and distant reading but also drawing on psychology anthropology mythology and religion This research deciphers a common paradigm and literary representation whose archetype within Western literature is found in the biblical figure of Cain while presenting a critical framework valid for boundary crossing comparative approaches From Graham Greene's *The Power and the Glory* and Malcolm Lowry's *Under the Volcano* to Wolfgang Koeppen's *Death in Rome* and Oka Sh-hei's *Fires on the Plain* this book is not merely a thematic study but an analysis of the literary phenomena that appear in those novels where the sense of guilt is controversially subjective or so collective as to be perceived as universal as is often the case with war and postwar literature Di Gennaro goes beyond the analysis of explicit rewritings of the story of Cain in order to uncover the monomyth through its rhetorical structures and mythical methods The wasteland with no religion the lost abandoned garden the classical and religiously corrupted city and the tropical cannibalistic island at war are the respective settings of these narratives where the issue is neither homelessness nor journeying but rather the desperate and futile movement toward self consciousness or self destruction After the Second World War much was silenced rather than left unsaid This study retraces those silent cries over history through the powerful literary marks of myths

Remembering the Revolution Frances Flanagan, 2015-06-18 Remembering the Irish Revolution chronicles the ways in which the Irish revolution was remembered in the first two decades of Irish independence While tales of heroism and martyrdom dominated popular accounts of the revolution a handful of nationalists reflected on the period in more ambivalent terms For them the freedoms won in revolution came with great costs the grievous loss of civilian lives the brutalisation of Irish society and the loss of hope for a united and prosperous independent nation To many nationalists their views on the revolution were traitorous For others they were the courageous expression of some uncomfortable truths This volume explores these struggles over revolutionary memory through the lives of four significant but under researched nationalist intellectuals Eimar O'Duffy P S O'Hegarty George Russell and Desmond Ryan It provides a lively account of their controversial critiques of the Irish revolution and an intimate portrait of the friends enemies institutions and influences that shaped them Based on wide ranging archival research *Remembering the Irish Revolution* puts the history of Irish revolutionary memory in a transnational context It shows the ways in which international debates about war human progress and the fragility of Western civilisation were crucial in shaping the understandings of the revolution in Ireland It provides a fresh context for analysis the major writers of the period such as Sean O'Casey W B Yeats and Sean O'Faolain as well as a new outlook on the genesis of the revisionist nationalist schism that continues to resonate in Irish society today

Labour and working-class lives Keith Laybourn, John Shepherd, 2017-04-30 British labour history

has been one of the dominating areas of historical research in the last sixty years and this book written in honour of Professor Chris Wrigley offers a collection of essays written by leading British labour historians of that subject including Ken Brown Malcolm Chase and Matthew Worley It focuses upon trade unionism the co operative movement the rise and fall of the Labour Party and working class lives comparing British labour movements with those in Germany and examining the social and political labour activities of the Lansburys There is indeed some important work connected with the cultural developments of the British labour movement most obviously in the essay written by Matthew Worley on communism and Punk Rock

The Book of Isaiah Henry Hardy, 2009 This collection of pen portraits of the renowned public intellectual Isaiah Berlin published to mark the centenary of his birth brings him vividly to life from many vantage points essential reading for all who seek to understand the full range of his impact Isaiah Berlin was born a century ago One of the most celebrated British thinkers of the twentieth century he was a tireless champion of freedom and diversity against control and conformity His generous open vision of life is displayed with special immediacy in his brilliant pen portraits of contemporaries Personal Impressions in which he sees the point of radically differing personalities enters into their distinctive outlooks and describes his encounters with them in arrestingly idiosyncratic prose The Book of Isaiah turns the tables on Berlin offering a series of personal impressions of him and his ideas by a range of people who knew him or have been affected by his work This multi faceted testimony enriches and supplements Michael Ignatieff's celebrated authorised biography The volume includes tributes written when Berlin died essays specially commissioned from friends and from students of his work and a previously unpublished family memoir by Berlin's father which preserves for his son and for posterity the story of his Hasidic forebears and of the many relatives murdered by the Nazis The result is a collection indispensable both for existing enthusiasts and for those who are curious to learn about Berlin's unique compelling appeal

HENRY HARDY is a Fellow of Wolfson College Oxford and one of Isaiah Berlin's Literary Trustees

Anywhere out of the world Jonathan Chatwin, 2017-10-02 By the time of his death in 1989 at the age of forty eight Bruce Chatwin had become one of the most celebrated writers of the twentieth century Though his career spanned merely twelve years his impact and influence was profoundly felt Chatwin's first book *In Patagonia* redefined travel writing whilst his later work *The Songlines* became one of the literary sensations of the 1980s Incorporating original and extensive archival research as well as new interviews with his family and friends *Anywhere out of the world* provides the definitive critical perspective upon the literary life and work of this enigmatic and influential author The work offers a chronological overview of Chatwin's literary career from his first ultimately aborted work *The Nomadic Alternative* here discussed in detail for the first time through to his final novel *Utz* In subjecting his work to such analysis the study uncovers a striking thematic commonality in Chatwin's oeuvre his work is fundamentally preoccupied with the subject of human restlessness This volume provides detailed insight into Chatwin's treatment of the subject in his work identifying and discussing the biographical and philosophical sources of this defining

preoccupation **Charles Stewart Parnell and His Times** N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846-1891 wrote remarkably little about himself but he has attracted the attention of many writers, politicians and scholars both during his lifetime and ever since. His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament. It cast him as a romantic hero to the young James Joyce and a self-serving opportunist to the journalists of *The Nation*. Parnell has been the subject of court cases, parliamentary enquiries and debates, journalism, plays, poems, literary analysis and historical studies. For the first time, all these have been collected, catalogued and cross-referenced in one volume, an invaluable resource for scholars of late nineteenth-century Ireland and Britain. Divided into fifteen chapters, including a biographical sketch, the volume contains information on manuscript and archival collections, printed primary sources, Parnell's writing, Parnell's speeches in the House of Commons and outside Parliament, contemporary journalism, contemporary writing and contemporary illustrations on Irish affairs, and a substantial list of scholarly work, including biographies, books, articles, chapters and theses. This volume offers readers a clear record of the substantial material already available on Parnell and, in doing so, offers resources to future research in this area.

Hitler's Traitors Edward Harrison, 2022-09-21 This collection of vivid essays examines some of the most fascinating aspects of the German resistance to Hitler. It includes the first translations into English of pioneering studies on the role of a leading Nazi in the July Plot, the flight of Rudolf Hess to Britain, and the vigorous controversy over Hugh Trevor Roper's investigation of Hitler's death. The book also explores vociferous Catholic dissent in Franconia and the conspiracies against the Third Reich of the revolutionary New Beginning movement. Through the study of important personalities and dramatic events, this book explores the possibilities and challenges faced by Germans in attempts to frustrate and defy Hitler's tyranny.

The Secret World Hugh Trevor-Roper, 2014-10-30 During World War II, Britain enjoyed spectacular success in the secret war between hostile intelligence services, enabling a substantial and successful expansion of British counter-espionage, which continued to grow in the Cold War era. Hugh Trevor Roper's experiences working in the Secret Intelligence Service (MI6) during the war left a profound impression on him, and he later observed the world of intelligence with particular discernment. To Trevor Roper, who was always interested in the historical dimension of the present and was fully alive to the historical significance of the era in which he lived, the subjects of wartime intelligence and the complex espionage networks that developed in the Cold War period were as worthy of profound investigation and reflection as events from the more distant past. Expressing his observations through some of his most ironic and entertaining correspondence, articles and reviews, Trevor Roper wrote vividly about some of the greatest intelligence characters of the age, from Kim Philby and Michael Straight to the Germans, Admiral Canaris and Otto John. The coherence, depth and historical vision which unite these writings can only be glimpsed when they are brought together from the scattered publications in which they appeared and when read beside his unpublished private reflections. *The Secret World* unites Trevor Roper's

writings on the subject of intelligence including the full text of The Philby Affair and some of his personal letters to leading figures Based on original material and extensive supplementary research by E D R Harrison this book is a sharp revealing and personal first hand account of the intelligence world in World War II and the Cold War **Yeats** Richard J.

Finneran,2003-10-28 The most recent volume of this distinguished annual Uncertain Futures Senia Paseta,2016-06-17 This volume has been produced to mark the retirement of Roy Foster from the Carroll Professorship of Irish history at the University of Oxford and to mark his extraordinary career as a historian literary critic and public intellectual It consists of twenty three essays contributed by many of the leading historians of modern Ireland including scholars whose work has influenced Roy Foster s own research leading Irish historians who have influenced and have been influenced by Foster and younger scholars who were supervised and or mentored by Roy and whose work he greatly admires Essays chart Foster s career while reflecting on developments in the field of Irish history writing teaching and research since the 1970s Focussing on the history of Ireland since 1800 these essays cover a wide spectrum of topics and ideas including aspects of the Irish land question generational and intellectual tensions political biography and social and cultural change
