

The background of the entire image is a lush, green rainforest scene. In the foreground, there are large, vibrant green leaves, possibly from a tropical plant. The background shows a dense canopy of various tropical trees and plants, with sunlight filtering through the leaves. A large, light-colored rectangular box with a yellow border is centered on the page, containing the title and subtitle. The title is written in a large, green, serif font, and the subtitle is in a smaller, black, sans-serif font.

Aromatherapy for Everyone P.J. Pierson, Mary Shipley, 2013-04-24 By now everyone knows that essential oils can relax

stimulate and even heal But how do you choose the oil that s right for you Aromatherapy for Everyone provides easy to follow information on using forty six natural plant oils You will learn which oils to use which oils to avoid how to mix oils and how to derive maximum benefits Whether you want to relieve a health problem or simply create a unique scent this book puts the world of essential oils at your fingertips *Honoring Nature's Healers: Bioregional Ethnobotanical Study of Wild Medicinal Plants of Kathleen, FL in the Greater Green Swamp* Patty Morris,2015-01-04 This is a local study of wild medicinal plants in the Greater Green Swamp what is changing and why It looks at what has happened to drained and logged swampland where soil at the top of Bone Valley recovering from an extended hydroperiod has become home to a number of pan tropical medicinal plants Eight of the common wild medicinal plants in Kathleen FL are looked at from a point of view of their value in history how these plants are treated in the United States and how they are used all around the world **Traditional Resources and Tools for Modern Drug Discovery** Anupam Das Talukdar,Jayanta Kumar Patra,Gitishree Das,Deepa Nath,2024-09-27 This book provides perspectives on the combinatorial approach of plant based compounds for drug discovery to achieve better disease curing outcomes introducing the evolution of ethnobotany and traditional medicine in modern drug development It covers the biotechnological interventions for the identification and screening of compounds and their optimization to enhance affinity selectivity bioavailability and metabolic stability While overviewing how essential compounds are successfully identified from herbal medicinal plants and utilized in the form of effective drugs which eventually have helped in combating long term diseases in humans the book also provides a better understanding of how infection and the diseases caused are regulated at the molecular and physiological stages The book also highlights the importance of bioactive compounds in modern drug discovery and the perspectives for a potential industrial application The chapters are developed by eminent subject experts with due care and clarity and cover an up to date literature review with relevant illustrations The book would cater to the needs of undergraduate and graduate students researchers and scientists and may attract the attention of pharmaceutical companies industrialists and health policymakers Leafy Medicinal Herbs Dawn C P Ambrose,Annamalai Manickavasagan,Ravindra Naik,2016-07-25 Medicinal herbs are rich in vitamins minerals and antioxidants and are able to synthesize secondary metabolites with disease preventive properties It is due to these qualities that herbs have been used throughout history for flavouring and in food medicine and perfumery preparations They are also often considered to be safe alternatives to modern medicines because of their healing properties Though interest in medicinal and aromatic crops is growing worldwide there is still little focus on the area of leafy medicinal herbs This book compiles the literature for 23 globally relevant leafy medicinal herbs Beginning with a general overview and discussion of the importance of these plants it then handles each herb by chapter Chapters discuss the botany of the crop including its history and origin geographical distribution and morphology before focusing on the chemical composition and phytochemical attributes They then review postharvest technology aspects such as processing and value addition before concluding with the

general and pharmacological uses for each crop A complete compilation of the subject this book forms a vital resource for researchers students farmers and industrialists in the area of leafy medicinal herbs

50 Simple Steps to Save the World's Rainforests Kim Henderson, The Green Patriot Working Group, 2012-03-12 Despite the very best conservation and environmental policy making efforts at least 80 000 acres of tropical rainforest disappear each day If action is not taken now experts estimate that the world's rainforests will mostly disappear within 50 years Currently the destruction of tropical forests is responsible for 17 percent of man made carbon emissions more than what comes from all the world's cars airplanes and ships combined Tropical rainforests need our help and that's where 50 Simple Steps to Save the World's Rainforests comes in The future of the world's rainforests lies to a large extent in the collective hands of consumers and how they shop since demand is what fuels the forces driving deforestation agriculture logging and resource extraction Through the 50 step journey you will learn how as a consumer you may unwittingly support rainforest destruction and more importantly precisely how you can make different choices that help save rainforests For example you will learn how your paper use and purchases of rayon clothing affect Indonesian rainforests where Sumatran tigers are critically endangered or how simply eating Brazil nuts helps save the Amazon rainforest You will discover how the cultivation of palm oil a common ingredient in confections baked goods soaps and biofuels is fueling rampant deforestation in Malaysia Indonesia and Papua New Guinea and how you can avoid it 50 Simple Steps to Save the Rainforests is the ultimate primer for anyone wanting to take action to help save this ecosystem which is so critical to the future of mankind

Handbook of Herbs and Spices K. V. Peter, 2012-09-21 Herbs and spices are among the most versatile ingredients in food processing and alongside their sustained popularity as flavourants and colourants they are increasingly being used for their natural preservative and potential health promoting properties An authoritative new edition in two volumes Handbook of herbs and spices provides a comprehensive guide to the properties production and application of a wide variety of commercially significant herbs and spices Volume 2 begins with a discussion of such issues as the medicinal uses of herbs and spices and their sustainable production Herbs and spices as natural antimicrobials in foods and the effect of their natural antioxidants on the shelf life of food are explored before the book goes on to look in depth at individual herbs and spices ranging from ajowan to tamarind Each chapter provides detailed coverage of a single herb or spice and begins by considering origins chemical composition and classification The cultivation production and processing of the specific herb or spice is then discussed in detail followed by analysis of the main uses functional properties and toxicity With its distinguished editor and international team of expert contributors the two volumes of the new edition of Handbook of herbs and spices are an essential reference for manufacturers using herbs and spices in their products They also provide valuable information for nutritionists and academic researchers Provides a comprehensive guide to the properties production and application of a wide variety of commercially significant herbs and spices Begins with a discussion of such issues as the medicinal uses of herbs and spices and their sustainable production Explores herbs and

spices as natural antimicrobials in foods and the effect of their natural antioxidants on the shelf life of food Popular Medicinal Plants in Portland and Kingston, Jamaica Ina Vandebroek, David Picking, 2020-12-05 This book highlights the results from over a year of ethnobotanical research in a rural and an urban community in Jamaica where we interviewed more than 100 people who use medicinal plants for healthcare The goal of this research was to better understand patterns of medicinal plant knowledge and to find out which plants are used in consensus by local people for a variety of illnesses For this book we selected 25 popular medicinal plant species mentioned during fieldwork Through individual interviews we were able to rank plants according to their frequency of mention and categorized the medicinal uses for each species as major mentioned by more than 20% of people in a community or minor mentioned by more than 5% but less than 20% of people Botanical identification of plant specimens collected in the wild allowed for cross linking of common and scientific plant names To supplement field research we undertook a comprehensive search and review of the ethnobotanical and biomedical literature Our book summarizes all this information in detail under specific sub headings
