Ikaros Lise Hannestad,1983 **The Hellenistic Pottery from Failaka: no. 2. Catalogue and plates** Lise Hannestad,1983 *Hellenistic Pottery* Sarah A. James,2018-08-20 Using deposits recently excavated from the Panayia Field this volume substantially revises the absolute chronology of Corinthian Hellenistic pottery as established by G Roger Edwards in *Corinth VII 3* 1975 This new research based on quantitative analysis of over 50 deposits demonstrates that the date range for most fine ware shapes should be lowered by 50 100 years Contrary to previous assumptions it is now possible to argue that local ceramic production continued in Corinth during the interim period between the destruction of the city in 146 B C and when it was refounded as a Roman colony in 44 B C This volume includes detailed shape studies and a comprehensive catalogue With its presentation of this revised Panayia Field chronology *Corinth VII 7* is a long awaited and much needed addition to the *Corinth* series **Hellenistic Pottery and Terracottas** Homer A. Thompson,Dorothy Burr Thompson,1987 The articles collected and reprinted here appeared originally in the pages of *Hesperia* *Two Centuries of Hellenistic Pottery* by Homer A Thompson presented in 1934 some of the pottery found in the early excavations of the American School in the Athenian Agora The series titled *Three Centuries of Hellenistic Terracottas* by Dorothy B Thompson includes ten articles that were published between 1952 and 1966 The working chronology that the authors established has made these studies basic references for investigations of Attic pottery and terracottas of the Hellenistic period wherever found In recognition of subsequent discoveries the Thompsons work has now been augmented by a preface with bibliography for each prepared by Susan I Rotroff which comments particularly on the changes in chronology resulting from the continuing excavations in the Agora and elsewhere In *Afterthoughts* Dorothy Thompson has made new observations concerning certain terracottas
