Joshi, 2009-07-01 Baltimore native Henry Louis Mencken 1880-1956 was an essayist, literary critic, magazine editor, novelist, and journalist Starting as a reporter for the Baltimore Morning Herald at the turn of the century, Mencken eventually became associated with the Baltimore Sun and his work for the newspaper spanned five decades In *H L Mencken: An Annotated Bibliography* S T Joshi provides the most exhaustive and comprehensive bibliography of the writings of H L Mencken ever assembled It presents detailed information on his book publications from 1903 to the present with a full list of editions and reprints Most significantly, it presents for the first time a comprehensive annotated listing of his magazine and newspaper work including more than 1,500 anonymous editorials for the Baltimore Sun, Baltimore Evening Sun, and other papers which have never been listed in any previous bibliographies a thorough index to his book reviews, and a full list of interviews Mencken gave during his lifetime Word counts of nearly every item in the bibliography have been supplied and the book has been thoroughly indexed by name, title, and periodical Because every item has been annotated, scholars and students can for the first time gain an idea of the subject matter of all Mencken's writings, especially his magazine and newspaper work The indexes will allow users to locate any given item with ease The chronological arrangement of each section allows users to understand the growth and development of Mencken's work, making this volume an invaluable resource

The Modernization of Fatherhood Ralph LaRossa, 1997 The period between World War I and World War II was an important time in the history of gender relations and of American fatherhood Revealing the surprising extent to which some of yesterday's fathers were involved with their children, *The Modernization of Fatherhood* recounts how fatherhood was reshaped during the Machine Age into the configuration we know today LaRossa explains that during the interwar period the image of the father as economic provider, pal, and male role model all in one became institutionalized Using personal letters and popular magazine and newspaper sources, he explores how the social and economic conditions of the Roaring Twenties and the Great Depression, a period of technical innovation as well as economic hardship, fused these expectations into a cultural ideal With chapters on the U S Children's Bureau, the fathercraft movement, the magazine industry, and the development of *Parent's Magazine* and the creation of Father's Day, this book is a major addition to the growing literature on masculinity and fatherhood

Formative Years Alexandra Minna Stern, Howard Markel, 2009-12-18 Sheds light on the development of the fields of pediatrics and child health during the last century

The Bottle, The Breast, and the State Maureen Rand Oakley, 2015-07-01 *The Bottle, the Breast, and the State: The Politics of Infant Feeding in the United States* explores the ways in which breastfeeding is both promoted and made difficult in the United States It also

examines how the use of formula is often shamed yet encouraged by many standard medical and government practices Using both qualitative and quantitative methods it explores the politics policies and individual experiences surrounding infant feeding Oakley shows that a failure to separate the issue of breastfeeding rights and support from problematic approaches to breastfeeding advocacy in both academic scholarship and public discourse has led to a deadlock that prevents groups from working together in support of breastfeeding without shaming Drawing on a feminist ethic of care Oakley develops a caring infant feeding advocacy This approach values the caring work done by parents and recognizes the benefits of this work for society It promotes policies supportive of parenting in general and breastfeeding in particular in order to remove barriers that present a challenge to some women who wish to breastfeed Caring infant feeding advocacy also works to promote the development of better alternatives for those who do not breastfeed
