The Chronological Biography Of Zhang Mu:

The Chronological Biography of Zhang Mu Art Museum Staff, 1991 *A History of Chinese Letters and Epistolary Culture*, 2015-05-19 *A History of Chinese Letters and Epistolary Culture* is the first publication in any language that is dedicated to the study of Chinese epistolary literature and culture in its entirety from the early empire to the twentieth century. The volume includes twenty-five essays dedicated to a broad spectrum of topics from postal transmission to letter calligraphy, epistolary networks to genre questions. It introduces dozens of letters, often the first translations into English, and thus makes epistolary history palpable in all its vitality and diversity: letters written by men and women from all walks of life to friends and lovers, princes and kings, scholars and monks, seniors and juniors, family members and neighbors, potential patrons, newspaper editors, and many more. With contributions by Pablo Ariel Blitstein, R. Joe Cutter, Alexei Ditter, Ronald Egan, Imre Galambos, Natascha Gentz, Enno Giele, Natasha Heller, David R. Knechtges, Paul W. Kroll, Jie Li, Y. Hummel Sr., 2018-01-01. *Eminent Chinese of the Qing Period* was first developed under the auspices of the US Library of Congress during World War II. This much-loved work, edited by Arthur W. Hummel Sr., was meticulously compiled and unique in its scope and quickly became the standard biographical reference for the Qing dynasty, which lasted from 1644 to 1911. 2. Amongst the contributors are John King Fairbank, T'ng Ss'yung, L. Carrington Goodrich, C. Martin Wilbur, F'ng Chia-sheng, Knight Biggerstaff, and Nancy Lee Swann. The 2018 Berkshire edition contains the original eight hundred biographical sketches as well as the original front and back matter, including the preface by Hu Shih, a scholar

who had been China's ambassador to the United States. An introduction by Pamela Crossley places this classic work in historical context and discusses its origins, authors, and editors, themes, style, and contemporary relevance. Chinese names in English have been converted to the pinyin transcription system, changing the book's title from Ch'ing to Qing, but the traditional Chinese characters have been retained. Additional materials added by Berkshire include a general bibliography, a Wade-Giles to pinyin conversion table, and a list of Qing dynasty emperors. Arthur W. Hummel, Sr. (1884-1975) was a missionary, sinologist, and the first director of the Orientalia Division at the Library of Congress. Pamela Crossley is a professor at Dartmouth College and a specialist on the Qing empire and modern Chinese history, as well as the software author and scholarly editor of the ECCP Reader, a digital companion to the original *Eminent Chinese of the Ch'ing Period*.

Chinese History and Culture Ying-shih Yü, 2016-09-27. The recipient of the Kluge Prize for lifetime achievement in the humanities and the Tang Prize for revolutionary research in Sinology, Ying-shih Yü is a premier scholar of Chinese studies. *Chinese History and Culture* volumes 1 and 2 bring his extraordinary oeuvre to English-speaking readers. Spanning two thousand years of social, intellectual, and political change, the essays in these volumes investigate two central questions through all aspects of Chinese life: what core values sustained this ancient civilization through centuries of upheaval, and in what ways did these values survive in modern times? From Ying-shih Yü's perspective, the Dao or the Way constitutes the inner core of Chinese civilization. His work explores the unique dynamics between Chinese intellectuals' discourse on the Dao or moral principles for a symbolized ideal world order and their criticism of contemporary reality throughout Chinese history. Volume 2 of *Chinese History and Culture* completes Ying-shih Yü's systematic reconstruction and exploration of Chinese thought over two millennia and its impact on Chinese identity. Essays address the rise of Qing Confucianism, the development of the Dai Zhen and Zhu Xi traditions, and the response of the historian Zhang Xuecheng to the Dai Zhen approach. They take stock of the thematic importance of Cao Xueqin's eighteenth-century masterpiece *Honglou meng* (*Dream of the Red Chamber*) and the influence of Sun Yat-sen's *Three Principles of the People* as well as the radicalization of China in the twentieth century and the fundamental upheavals of modernization and revolution. Ying-shih Yü also discusses the decline of elite culture in modern China, the relationships among democracy, human rights, and Confucianism, and changing conceptions of national history. He reflects on the Chinese approach to history in general and the larger political and cultural function of chronological biographies. By situating China's modern encounter with the West in a wider historical frame, this second volume of *Chinese History and Culture* clarifies its more curious turns and contemplates the importance of a renewed interest in the traditional Chinese values recognizing common humanity and human dignity.
