David E. E. Sloane, 2017-10-24 Originally published in 1993 The purpose of this volume is to lay out documents which give an estimate of Mark Twain as a humourist in both historical scope and in the analysis of modern scholars The emphasis in this collection is on how Twain developed from a contemporary humourist among many others of his generation into a major comic writer and American spokesman and in several more recent essays by younger Twain scholars the outcomes of that development late in his career The essays determine how the humor takes on meaning and importance and how the humor

works in a number of ways in the literary canon and even in the persona of Mark Twain      *Pan-African Chronology II*  
Everett Jenkins, Jr., 2011-02-28 This continuation volume of the Pan African Chronology set covers the most significant events in the African diaspora from the end of the American Civil War through the pre World War I years This was a time of great change for black Americans Reconstruction the founding of the NAACP the formation of the separate but equal doctrine and the migration of blacks from the rural South to Northern cities The eradication of slavery as a legalized institution was finally realized in the Americas while the struggle to end it in Asia was also taking place European colonialism in Africa was accelerated ironically coinciding with humanitarian efforts to end the slave trade on the African continent These events and many others are covered here
