The Church A Believing Fellowship:

The Church John H. Leith, 2011-08-30 John H Leith's classic examination of what it means to become a member of the church. This study was designed for junior high communicant classes but is also an excellent resource for church officer training and new member classes for adults and young people alike. Leith confronts the choices and questions that arise for young people or anyone for that matter trying to understand their place in the priesthood of all believers. He enlightens readers to the meaning of the church while he explores the vows taken by those entering the communing fellowship of the church, the nature and faith of the church and the worship and work of the church. **The Church, a Believing Fellowship**

John H. Leith, 1981-01-01 *The Church A Believing Fellowship* is a classic examination of what it means to become a member of the church. Designed for junior high communicant classes, it is also an excellent resource for church officer training and new member classes. The book confronts the choices and questions that arise for young people or anyone for that matter trying to understand their place in the priesthood of all believers. **The Church We Believe in** Francis A. Sullivan, Francis Aloysius Sullivan, 1988 An ecclesiology textbook establishing theological grounds for ecumenism. **The Real Church** Harald Hegstad, 2013-02-15 What does it mean to believe in the church? What is the relationship between the church we believe in and the church we experience? Is there an invisible church that is different from the visible? This book is an argument for an ecclesiology of the visible. The only church, the real church, is a concrete reality made up of people just like any other fellowship. What distinguishes it as church is the presence of the triune God among those who gather in the name of Jesus, making it a sign and anticipation of the fellowship of the kingdom of God. From this premise, Dr. Hegstad analyzes such issues as the relationship between church and world, mission and diakonia, church as fellowship and organization, ministries in the church, worship and the unity of the church, as well as discussing the relationship between a sociological and a theological understanding of the church. **The Church, a Believing Fellowship** William M. Ramsay, 1965 *The Christian Witness, and Church Member's Magazine*, 1844 *Church Schism & Corruption*, C.F.W. Walther's Original Der Lutheran Year 1 (1844-45) *The Doctrine of the Church*, 2010 **The Testimony and the Ground of the Church** Witness Lee, 2004-12 **"Believing Thinking, Bounded Theology"** Cynthia Bennett Brown, 2016-01-28 Surprisingly little attention has been given in recent scholarship to the work of Emil Brunner, 1889-1966, one of the leading neo-orthodox theologians of the twentieth century. But his influence on modern theology persists to this day, offering a path to philosophical truth through faith. In *Believing Thinking Bounded Theology*, Cynthia Bennett Brown explores the nature of and limits to theological thinking in Brunner's work. What results from this study is an encounter with a thoroughly biblical, warmly pastoral, carefully intellectual and insistently Christocentric exposition of the Christian faith that remains relevant for theology and life today.
