The Cinderella Service British Consuls Since 1825:

The Cinderella Service Desmond Christopher Martin Platt, 1971 *The British Consular Service in the Aegean and the Collection of Antiquities for the British Museum* Lucia Patrizio Gunning, 2009 The book tells the story of how the British consular service in the Aegean in the years of the British protectorate of the Ionian Islands 1815-1864 became an agency for the retrieval, excavation and collection of antiquities eventually destined for the British Museum. Exploring the historical, political and diplomatic circumstances that allowed the consular service to develop from a chartered company into a state-run institution under the direction of the Foreign Office, this book provides a unique perspective on the intersection of state policy and the collecting of antiquities. *Consuls in the Cold War*, 2023-05-08 No studies currently exist on consuls and consulates often dismissed as lowly figures in the diplomatic process. In the Cold War Research into the work of these overlooked poor relations offers the chance of new perspectives in the field of Cold War studies exploring their role in representing their country's interests in far-flung and unexpected places and their support for particular communities of fellow nationals and itinerant travellers in difficulties. These unnoticed actors on the international stage played far more complicated roles than one generally imagines. Contributors are Tina Tamman, David Schriffel, Ariane Knuesel, Lori Maguire, Laurent Cesari, Sue Onslow, Pedro Aires Oliveira, David Lee and Marek Ha-derek. **Consuls and the Institutions of Global Capitalism, 1783-1914** Ferry de Goey, 2015-10-06 The nineteenth century saw the expansion of Western influence across the globe. A consular presence in a new territory had numerous advantages for business and trade. Using specific case studies, de Goey demonstrates the key role played by consuls in the rise of the global economy. *Consul in Japan, 1903-1941* Hugo Read, 2025-10-01 A rare account by a foreigner working in Japan in the 20th century, a unique insight into this important period of Japan's history complements existing material. First a student interpreter, then an assistant in Korea, Vice Consul in Yokohama and Osaka, Consul in Nagasaki and Dairen, then Consul General in Seoul, Osaka, Mukden and Tientsin. Not a contemporary diary as such, but a write-up of notes made towards the end of White's career spanning thirty-eight years. Importantly, it includes reflective passages on the momentous developments of the later 1930s as Japan moved onto a war footing in China and as Consul General in the Chinese treaty port of Tianjin under Japanese occupation. White was in the middle of the growing tensions between Britain and Japan. His post-war recollections are also valuable. Like others who had lived and worked in Japan, he sought to come to terms with what had happened to the country in which he had spent so much of his adult life. Along the way, he provides fascinating vignettes of his colleagues, some well-known, others less so, while his service in Seoul, Mukden (now Shenyang) and Tianjin provides fresh material on the Japanese colonial empire. **British Capitalism at the Crossroads, 1919-1932** Robert W. D. Boyce, 1987 This book examines the reconstruction of the British economy in the aftermath of the First World War up until the break of the second. Using a wide range of primary sources, the author presents an account which integrates the economic, political and diplomatic events of the period. *British Merchants*

and Chilean Development, 1851-1886 John Mayo, 2019-03-14 Nineteenth century Chile was an exceptional phenomenon in Latin America Constitutional procedures were observed the army remained in its barracks and development proceeded at a perceptible pace even to contemporary observers This book examines the enormous contribution British merchants made toward Chilean prosperity and stability during this period The prospect of trade initially brought the British to Chile in the early 1800s Great Britain soon provided the largest markets for Chilean produce and British factories produced the largest share of Chile's manufactured imports British merchants organized the trade and provided services and expertise wherever needed John Mayo documents the economic aspects of the British presence in Chile but he also surveys the social diplomatic and political relations between the two countries What emerges is a picture of a mutually profitable partnership based on the simplest of all motives self interest

East Asia Observed James Hoare, 2025-10-01 This collection brings together themes in East Asian history diplomacy culture and politics written by J E Hoare since the early 1970s His writings derive from his training as a historian from his time as a Research Analyst in the British Foreign Office from 1969 2003 and from his experiences as a diplomat in the Republic of Korea South Korea the People's Republic of China and the Democratic People's Republic of Korea North Korea The writings selected for this volume include academic papers book reviews and some quasi-journalistic articles which reflect both historical research and analysis of current events and issues The wide ranging content speaks to the author's specialist fields of interest including diplomacy biography extraterritoriality and architecture on which he has published extensively

The Greeks and the British in the Levant, 1800-1960s Anastasia Yiangou, George Kazamias, Robert Holland, 2016-09-01 This book explores the concept of the Levant as a component of the regional and international system during the age of imperialism At its heart is a focus on the experience of Greek speaking societies and above all the independent state of Greece that came into existence in 1830 A key sub theme running through the account is the Anglo Hellenic connection stemming from an enhanced British presence in the Eastern Mediterranean from the 1830s and 1840s and in particular its relationship to the Greek polity Within this framework the emergence of the idea of Greater Greece is integrated into the narrative including its regional reverberations and ethnic tensions Other contributions examine trade and finance gender issues colonialism and the distinctive experience of Cyprus The core of the volume deals centrally with three interlocking themes modernity nationalism and trans nationalism Ultimately these forces were to prove at odds with the ambiguity and elite structures that characterized the Levant in its nineteenth century heyday The book analyses the evolution and increasing definition from the late 1950s of Greece's modern European identity while taking into account the magnetic force of other relationships and regional links This treatment connects with the choices and dilemmas facing Greece and its surrounding region which contemporary crises invariably throw into relief It will be of interest both to specialised historians and students of current affairs seeking to understand the broader historical context
