The City and the Realm: Burgos and Castile, 1080-1492 Teofilo F. Ruiz, 2024-10-28 The articles in the first part of this volume two being a revised English version of an article originally in Spanish examine the place of the city in the historical development of Castile The focus is the social and economic history of Burgos and the work is founded on detailed research in the archives of the area Professor Ruiz also calls into question the long held belief in the democratic character of medieval Castilian municipal life In the second section he opens the field of enquiry to deal with the controversial question of what impact the conquest of Seville and the subsequent settlement of al Andalus had on the realm of Castile looking in particular at demographic factors and the emergence of the latifundia The following articles analyse the symbolism and ceremonial of royal power arguing that the claims for a sacred monarchy so usual in the medieval West were absent during this period of Spanish history and that the kings used popular secular ceremonies not anointments or coronations to legitimise their rule The book then closes with a study of the origins of the Spanish Inquisition Les travaux contenus dans la première partie de cet ouvrage examinent la place de la Cité dans le développement historique de la Castille L'introduction centrale porte sur l'histoire sociale et économique de Burgos et l'analyse est fondée sur une recherche détaillée dans les archives de cette région Le professeur Ruiz remet aussi en question la croyance que l'on avait depuis longtemps quant au caractère démocratique de la vie municipale dans la Castille médiévale Dans la seconde partie l'auteur largit le champ de l'enquête afin de traiter de la question controversée au sujet de l'impact de la conquête de Séville et l'occupation consécutive d'al Andalus sur le royaume de Castille s'intéressant en particulier aux facteurs démographiques et l'émergence de latifundia Les études suivantes analysent le symbolisme

War and Society in Habsburg Spain I.A.A. Thompson, 2024-10-28 The historical study of war in the Spain of Philip II forms the starting point for the articles in this volume They approach this not so much from a military angle but as a problem of organization procurement and finance In a sense the articles represent an assessment of the effectiveness of the Spanish government and so given the apparent precocity of government growth in 16th century Spain they can also be seen as a critical commentary on the operational capabilities of the early modern absolutist state Six of the essays here focus on the Spanish Armada in terms of its political and military objectives but demonstrating how these were conditioned by basic systems limitations not least in the procurement of suitable cannon In the final articles Dr Thompson turns to the impact of war and its financing on the social structure bearing in particular on the definition of nobility and its sale and on local

democracy and making full use here as elsewhere of the relatively unexplored local sources Two of the papers here appear for the first time in English whilst a third has been newly prepared for this volume L tude historique de la guerre sous Philippe II roi d Espagne est la base des articles contenus dans le pr sent recueil Ceci est abord non tant sous l angle militaire mais comme un probl me d organisation d acquisition de mat riel et de financement En un certain sens ces documents repr sentent une valuation de l efficacit du gouvernement espagnol et peuvent par cons quent tant donn e l apparence pr cocit de la croissance gouvernementale en Espagne au 16 si cle tre consid r s comme un commentaire critique quant aux capacit s op rationnelles de l Etat absolu proto moderne Une demi douzaine des essais font l examen de l Armada espagnole en terme d objectifs politiques et militaires tout en d montrant comment ces derniers taient conditionn s par des contraintes structurales

Production and Consumption in the Low Countries, 13th-16th

Centuries Raymond van Uytven, 2024-10-28 The subject of this volume is the relationship between production and consumption considered not only as the supply and demand sides of economic life but within the broader context of the societies of the Low Countries between the 12th and the 16th centuries Amongst the topics covered are the reality of the so called late medieval depression comparisons between the great merchant cities of Bruges and Antwerp and the actual importance of the trade in art and luxury goods One group of articles then looks in detail at the cloth industry which remained the mainstay of the region's wealth and the effects upon it of changes in technology and in fashion while the volume concludes with two studies specially translated from Dutch on wine and beer consumption **The Hospitallers of**

Rhodes and their Mediterranean World Anthony Luttrell, 2024-10-28 The studies in the present volume on the history of the Order of the Hospital between 1306 and 1522 are not only concerned with the part it played in the defence of the Latin Levant but also with its role in Western society The first articles deal with the settlement of Rhodes the conflicts with the Turks and with the Hospitallers participation in crusading expeditions As important however is the question of how they managed to support their military achievements Drawing on the results of many years research into the archives of the Hospital both in Malta and in the provincial archives Dr Luttrell examines their administration of the Rhodian islands and details some of the resources they drew from elsewhere notably the West whether in terms of recruitment money raising or the exploitation of their estates Particular attention is given to the Hospitaller properties in Italy and Spain and to the nature of Hospitaller life in these western priories and commanderies Les tudes regroup es dans le pr sent volume qui traitent de l histoire de l Ordre de l H pital entre 1306 et 1522 ne s attachent pas seulement au r le jou par celui ci dans la d fense du Levant latin mais aussi son r le dans la soci t occidentale Les premiers articles s int ressent la colonisation de Rhodes aux conflits avec les Turcs et la participation des membres de l Ordre aux exp ditions crois es La question de savoir comment ils parvinrent financer leurs exploits militaires reste toutefois importante s appuyant sur les r sultats obtenus apr s de nombreuses ann es de recherches dans les archives de l H pital Malte et en province le Dr Luttrell examine leur administration des les rhodiennes et fait un compte rendu qu ils tir rent d ailleurs notamment de l Ouest que ce soit en terme de recrutement de collecte de fonds ou d exploitation de leurs terres Une attention plus particuli re est port e sur The

Corruption of Angels Mark Gregory Pegg, 2009-01-10 On two hundred and one days between May 1 1245 and August 1 1246 more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women more commonly known as Catharism Nobles and diviners butchers and monks concubines and physicians blacksmiths and pregnant girls in short all men over fourteen and women over twelve were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint Pierre In the cloister of the Saint Sernin abbey before scribes and witnesses they confessed whether they or anyone else had ever seen heard helped or sought salvation through the heretics This inquisition into heretical depravity was the single largest investigation in the shortest time in the entire European Middle

Ages Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care often in unexpected ways to build a richly textured understanding of social life in southern France in the early thirteenth century He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers perceptions of those lives The Corruption of Angels similar in breadth and scope to Emmanuel Le Roy Ladurie s Montaignou is a major contribution to the field It shows how heretical and orthodox beliefs flourished side by side and more broadly what life was like in one particular time and place Pegg s passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy
