The Reminiscence Philosophical

The Clandestine Philanthropist

Richard Belfield

The Clandestine Philanthropist:

The Clandestine Philanthropist Wayne Lemmond, 2004-04-30 Meet Duncan Creiss Young ruggedly handsome wealthy and powerful and a man with a past and present shrouded in mystery Ten years ago he made a purchase that changed his life forever and gave him more wealth than he ever thought existed And with that wealth came responsibility and difficulty such as he never dreamed One fateful evening he decides to form a foundation to help those in need But because of his yearning for a working class lifestyle the CEO of his financial empire advises him that his role in this noble endeavor must remain clandestine in nature And so the Fair Shake Foundation is formed It is an organization that like its founder is cloaked in mystery and intrigue Join Duncan Creiss as he covertly seeks to make the lives of those who surround him better As he progresses in his philanthropic quest he discovers that the attempt is not as easy as he first imagined Along the way he will discover a fine line between what he defines as helping people and what others define as interference The deceit treachery violence and betrayal he experiences is like nothing he thought possible These elements combined threaten to destroy not only him but also his relationship with Mariko the woman he loves

The Universalist's Miscellany, Or, Philanthropist's Museum, 1800 Philanthropists Rozlan Mohd Noor, 2023-03-07 While COVID 19 rages the killings don't stop a new Inspector Mislan thriller for fans of Michael Connelly James Ellroy and John Burdett Eight months after the assassination attempt that nearly ended his life Inspector Mislan Latif is back on twenty four hour duty with his assistant Detective Sergeant Johan Kamaruddin when the call comes in double murder in a house in the police district of Sentul The two dark skinned men were killed identically execution style In the master bedroom of the rental in plain sight on the bed is almost three pounds of drugs while no identifying documents wallets phones and the like are to be found No shots were heard or the neighbors won't admit to hearing them but someone called the killings in to notify the police In the area drugs are rampant and also foreign nationals legal and illegal If the vics were foreign without papers where do they start Just as Mislan and Jo begin to dig into the case they face an unprecedented hurdle COVID 19 is spreading in the country at an alarming rate prompting a nationwide Movement Control Order Pursuing their leads in spite of the new restrictions the investigators come into contact with members of the underworld and the refugee community before realizing that the real culprits may be closer than they think Philanthropists and Foundation Globalization Joseph Kiger, 2017-07-28 The modern American foundation as an instrumentality for charitable and philanthropic giving is in many ways a unique and complex social economic political institution This is particularly the case for foundations with large assets As a social phenomenon the foundation has deep roots in the past At the beginnings of any degree of civilization charitable giving and rudimentary forms of foundations emerge This is the case in many regions of the world The pattern is consistent once enough property or wealth beyond primitive human needs is accumulated some of it begins to be set aside for what the donors of such wealth consider worthwhile purposes The serious literature contributing greatly to public perception of philanthropy and foundations has

been relatively sparse Much of what is available is quantitative and statistical in nature There has been limited objective attention to the motives or reasons spurring individual philanthropists to engage or not to engage in creating foundations such motivation needs historical and comparative analysis Major investigations and studies of foundations together with ancillary national regional and international organizations to facilitate such study have received spotty consideration Philanthropists and Foundation Globalization addresses three interrelated aspects of foundation history First it reviews biographical historical profiles of the founding philanthropists and their heirs engaged in international giving Second it discusses major governmental and non governmental investigations and studies of foundations including domestic ones and also foreign ones in which U S participants have played a prominent role spanning the period 1912 to the present Third it chronicles foundation developments and activities in Europe at the close of the twentieth century The volume provides a historical account of some U S foundations international activity in a particular region in a specific time period and their a

The Six Unsolved Ciphers Richard Belfield,2007-08-28 A survey of the world s most famous unsolved secret codes documents their stories and the monumental efforts that have been applied to their solutions from the sobering tale of the Zodiac serial killings to the Beale Papers promise about a lucrative treasure in Virginia s Bedford County Original **The Rev. John and a Few Philanthropists** Cyrus Thomas,1903 **The Inheritance Pact** Arnold Videll,2025-04-10 It is for Daniel Mercer the reluctant protagonist who discovers that the greatest inheritance isn t always measured in gold and land but in the understanding of oneself and one s roots His journey through a labyrinth of secrets is a testament to the human capacity for resilience the power of curiosity and the unwavering pursuit of truth even when the path is fraught with peril and deception *Beyond Empiricism* Joan McCord,2017-10-19 *Beyond Empiricism* expands the discourse on theories of criminal behavior It considers institutional social and individual issues related to criminal behavior while individually each raises questions about the adequacy of current theoretical claims The topics have significant implications both for policy and research in criminology Per Olof Wikstrom introduces a cross level action theory of crime He suggests that better understanding of causal mechanisms can lead to a situational theory of action based on perception of alternatives and the process of choice David Wolcott and Steven Schlossman provide new perspectives on the issues of racial disparity and the incarceration of adolescents in adult prisons These authors highlight gaps in our understanding of early twentieth century juvenile justice and negate some popular claims about recent changes in the criminal law Peter Grabosky spotlights privatization policies in the criminal justice system suggesting a framework for analyzing the balance of advantage resulting from three basic forms of institutional relationships in policing Steven Messner and Richard Rosenfeld discuss why institutional analysis has been seriously underdeveloped in etiological analyses of crime Jordan Pederson and Matthew Shane scrutinize the concept of aggression Their descriptions of aggressive behavior among non human animals provide a fascinating backdrop for understanding human actions Joan McCord emphasizes the intentionality of crimes as she argues

that to understand what causes crime one must have a theory about what it means to act intentionally After critically appraising prior theories McCord introduces and defends a new theory of motivation based on a post empiricist theory of language This latest volume in the distinguished Advances in Criminological Theory series continues to add to the theoretical underpinnings of the field and will be important to all collections of social science research on criminology **Opening the Gates, Second Edition** Margot Badran, miriam cooke, 2004-09-21 This collection of more than 50 essays poems folktales short stories memoirs film scripts lectures and speeches by modern women challenges the widely accepted view of Middle Eastern women as submissive non thinkers to whom feminism is a foreign concept *Civil Disobedience* Mary Ellen Snodgrass, 2015-04-08 Throughout American history people with strong beliefs that ran counter to society's rules and laws have used civil disobedience to advance their causes From the Boston Tea Party in 1773 to the Pullman Strike in 1894 to the draft card burnings and sit ins of more recent times civil disobedience has been a powerful force for effecting change in American society This comprehensive A Z encyclopedia provides a wealth of information on people places actions and events that defied the law to focus attention on an issue or cause It covers the causes and actions of activists across the political spectrum from colonial times to the present and includes political social economic environmental and a myriad of other issues Civil Disobedience ties into all aspects of the American history curriculum and is a rich source of material for essays and debates on critical issues and events that continue to influence our nation's laws and values It explores the philosophies themes concepts and practices of activist groups and individuals as well as the legislation they influenced It includes a detailed chronology of civil disobedience listings of acts of conscience and civil disobedience by act and by location a bibliography of primary and secondary sources and a comprehensive index complete the set
