The Clowns of Comedy Richard Paul, Have you ever found yourself staring at the mirror wondering if your reflection was actually a clown No Well I certainly have And not just in the metaphorical sense You see this tale is not just about the challenges of transitioning from a world of make believe to the harsh realities of everyday life It s about what happens when your real world suddenly turns into a stage and your clown makeup refuses to come off This story is about three clowns let s call them Bongo Squeaky and Bobo who thought they knew everything about making people laugh They d been doing it for decades their faces painted with a blend of joy and absurdity But when their beloved circus folded their lives took a turn that was more slapstick than sublime The question wasn t just how they would find a new career it was how they would even make it to the job interview without drawing a crowd I m here to tell you it s a wild ride and not always a pretty one Prepare for awkward encounters unexpected celebrity and the hilarious struggle to find a place to rent when your landlord has a pathological fear of clowns This is a story for those who appreciate the absurdity of everyday life the joy of friendship and the occasional tickle of the funny bone Jac the Clown Hjalmar Bergman,1995 Hjalmar Bergman s Jac the Clown is a classic novel the last and widely judged the most innovative and even the best of an author considered to be one of the three portal figures in Swedish literature in the first half of this century Bergman s own experiences as a Hollywood script writer form the background of the book and his unusual blending of the comic and tragic informs almost every page The novel amusing poignant flippant profound tells the story of Benjamin Benbe Borck whose relatives loan him money for a trip to America to visit their famous artist cousin the clown Jac Tracbac alias Jonathan Borck the alter ego of Bergman

Proyer, Hsueh-Chih Chen, 2019-08-12 The emergence of Positive Psychology has highlighted the importance of studying the good life and how to attain it Positive life outcomes such as well being thriving flourishing and happiness were discussed and investigated Among them different orientations to happiness were identified such as a life of pleasure life of meaning and life of engagement Other outcomes such as subjective and objective fulfillment in life or societal recognition have been less studied Among the characteristics that facilitate positive outcomes the VIA classification of strength and virtues distinguishes 24 strengths with humor playfulness being one of them Only a small segment of humor entered the definition of humor as character strengths namely the parts that contain some goodness Humor as a character strength facilitates a lot of positive outcomes such as positive emotions and positive relationships and there is a lightness accompanying humor playfulness The field is broader though and transcends the definition of humor as used in positive psychology in at least two ways First there is actually a family of overlapping but still distinct concepts with different research traditions We include next to humor and types of humor also laughter playfulness and cheerfulness We think that more research is needed on how they do overlap and what makes them distinct Second while positive psychology is interested in the goodness of we do want to stress that there is the need to study the non virtuous parts as well That is laughter may not only be expressing amusement but scorn directed at people humor may be benevolent but there is also sarcasm and playfulness may elicit positive emotions but also risk prone and immature types of behavior Therefore the aim of this Research Topic was to collect current perspectives on humor playfulness laughter and cheerfulness in both adults and children to study their full diversity but also interrelations and overlapping features to introduce new instruments or ways for their assessment in future studies and to study their causes and consequences in a variety of life domains We encouraged studies on differences due to gender or nationality the embodiment in different groups e.g. class clowns psychiatric patients or whether or not they can be trained We also welcomed contributions from adjacent disciplines e.g. education leisure studies or therapy counseling and different regions of the earth The outcome is a set of 33 manuscripts from altogether 101 authors

Not all areas are covered and not all aims were met while we made progress there is much left to do In this sense the merging of these topics may be the first milestone but like every milestone it only marks the beginning of a long journey

The Pyrotechnic Insanitarium Mark Dery,2007-12-01 A wide ranging collection of essays on millennial American culture that marshals a vast pop vocabulary with easy wit The New York Times Book Review From the far left to the far right on talk radio and the op ed page more and more Americans believe that the social fabric is unraveling Celebrity worship and media frenzy suicidal cultists and heavily armed secessionists modern life seems to have become a pyrotechnic insanitarium Mark Dery says borrowing a turn of the century name for Coney Island Dery elucidates the meaning to our madness deconstructing American culture from mainstream forces like Disney and Nike to fringe phenomena like the Unabomber and alien invaders Our millennial angst he argues is a product of a pervasive cultural anxiety a combination of the social and economic upheaval wrought by global capitalism and the paranoia fanned by media sensationalism The Pyrotechnic Insanitarium is a theme park ride through the extremes of American culture of which The Atlantic has written Mark Dery confirms once again what writers and thinkers as disparate as Nathanael West Fyodor Dostoyevsky Sigmund Freud and Oliver Sacks have already shown us the best place to explore the human condition is at its outer margins its pathological extremes Dery is the kind of critic who just might give conspiracy theory a good name Wired

October's End Horrified Press,2015-09-16 Summer has shed its skin by the time October comes to town Frost is in the air twilight lingers and the nights loom over the

shortened days Nature displays the dying of the year with a explosion of color The nights are darker and the stars are clearer Belief is that the wall between the worlds is at it s thinnest during this season and on the 31st of October it s even possible to cross over in both directions We simultaneously hope and dread that we will catch a glimpse of or come in contact with the dead undead those who never lived and the undying We all love Halloween Of all nights of the year Halloween is the one where we hope that the impossible can be made possible and unreal can become real It s the day where our deepest fears and wishes take on flesh On Halloween our souls cry out Scare us Show us Fear Makes us BELIEVE We wear masks not to hide for that is an illusion but to reveal our true selves It is the one day where we find the courage to laugh at Death
