at its proper level Dr Graf's four part plan focuses on changing your body's ratio of acids to alkalines. Most of us tend to eat three acidic building foods like sugar, refined carbs, meat, and dairy for every one alkalizing food: dark green leafy vegetables, garlic, onions, olive oil, lemon fruit, nuts and seeds, and whole grains, the reverse of the ideal ratio. And while changing your diet is important, food is not the only way to shift this ratio or reverse the cell aging that's affecting your skin. The plan also includes detailed information on daily alkalizing cocktails, quality calcium mineral supplements, probiotic supplements, good bacteria in a bottle, how to assess your skin and care for it accordingly, choosing the right cleansers, moisturizers, and treatments that will give you the most noticeable results. Hint: many of these products line the shelves of your local drugstore. The joy, prescription activities that can add exhilaration and laughter to your life and increase the neuropeptides in the brain that actually rejuvenate skin cells, nutrients in foods that enhance cell energy production and cell signaling. But don't just take her word for it. *Stop Aging Start Living* is filled with testimonials from her patients. Whether you want to see results fast with her twenty-four hour kickstart plan, ease into it with the two-week prescription, or just incorporate a few *Stop Aging Start Living* strategies into your life as they suit you, you'll come away looking and feeling incredibly younger.
