The Company Of A Daughter:

The Runaway Schoolgirl - This is the true story of my daughter's abduction by her teacher Jeremy Forrest

Davina Williams,2015-02-05 On Friday 21 September 2012 mother of five Davina Williams found herself facing two policemen on her doorstep It was the start of a year long nightmare that still haunts the entire family Her fifteen year old daughter was missing and soon after was captured on CCTV boarding a ferry to France with her thirty year old school teacher Jeremy Forrest The newspapers called her The Runaway Schoolgirl and some saw their romance as nothing more than a harmless love story But Forrest had abused his position of responsibility and engaged his pupil in a sexual relationship Now Davina Williams the mother of the teenager referred to as Gemma Grant tells the story of the abduction and subsequent capture of Forrest its harrowing aftermath and the traumatic trial to make Forrest pay for his crimes Told only as a mother knows how Davina Williams hopes her heart wrenching story will silence the parasites who believed they should be together and allow Gemma and her family to finally move on with their lives

Father-Daughter Succession in Family Business Paul W. Thurman,Robert S. Nason,2016-04-22 To whom does a father retiring from his life as a successful entrepreneur pass control of the business he has built Once it would always have been his eldest son but increasingly women are becoming involved in family firms having risen to positions of influence and leadership Using revealing case studies from the daughters who succeeded their entrepreneur fathers in a wide variety of challenging situations cultures and continents Father Daughter Succession in Family Business discusses the changes which have led to daughters gaining influence in more and more family businesses It looks at the tensions this succession can produce between old notions of how men and women should behave and the new style of leadership that often comes about when a woman takes the helm This book will help consultants business educators and researchers as well as those who are themselves involved in significant family managed enterprises to better understand why it can no longer be assumed in any part of the World that the first born son will take over the reins of the family business
