The Compassionate Universe:

The Compassionate Universe Eknath Easwaran, 2010-10-19 Here Easwaran describes his search for a way of life that combines inner fulfillment respect for nature and effective participation in the world Then he presents the fruit of that search a comprehensive program of trusteeship of ourselves and the earth This is environmentalism as a great adventure filled with the challenges and rewards of inner growth As trustees he writes we discover that each of us is a unique and essential member of a compassionate universe

The Compassionate Universe Eknath Easwaran, 2022-01-04 A practical and inspiring approach to tackling our environmental crisis from a master spiritual teacher We can heal our earth by choosing a simpler more fulfilling lifestyle as trustees of a compassionate universe Eknath Easwaran presents a penetrating analysis of the spiritual roots of our current predicament and offers a realistic and hopeful way forward Each of us has a role to play in making wise choices and each of us can genuinely make a difference Drawing inspiration and insight from Mahatma Gandhi Saint Francis and his own experience of living in the East and the West Easwaran shows the connections between individual thoughts and actions that move beyond consumerism to the unity of life Mahatma Gandhi formulated a series of diagnoses of our seemingly perpetual state of crisis which he called the seven social sins knowledge without character science without humanity wealth without work commerce without morality politics without principles pleasure without conscience and worship without self sacrifice Easwaran explores each of these diagnoses in turn and presents an alternative hypothesis of who we are and how we fit into the universe This is ecology as a great adventure filled with the challenges and rewards of inner growth Easwaran tells us that once we open our eyes to cooperation artistry thrift and compassion we begin to see thousands of little things we can do to help restore the environment and restore dignity and deeper fulfillment to our own lives Eknath Easwaran is renowned as a teacher of meditation and for his translations of the Indian scriptures His writings express timeless spiritual insights and are illustrated by stories from East and West His books reflect two cultures India where he grew up in a self supporting agrarian village and the United States where he taught and lectured for over thirty years His early experiences of living in harmony with nature his firsthand acquaintance with Gandhi s India and his long familiarity with an American audience have resulted in this book a deeply thoughtful examination of our present situation and a blueprint for living as trustees of a compassionate universe in a world that we would want our children and grandchildren to inherit

The Compassionate Universe Eknath Easwaran, 1993-01-01 Easwaran describes his search for a way of life that combines inner fulfillment respect for nature and effective participation in the world Then he presents the fruit of that search a comprehensive program of trusteeship of ourselves and the earth This is environmentalism as a great adventure filled with the challenges and rewards of inner growth As trustees he writes we discover that each of us is a unique and essential member of a compassionate universe
