Johnson Bagby, 2009-03-16 Has modern Western society lost its sense of honor If so can we find the reason for this

loss Laurie Johnson Bagby turns to the political philosophy of Thomas Hobbes for answers to these questions finding in him the early modern turning point for honor She examines Hobbes s use of the word honor throughout his career and reveals in Hobbes s thought an evolving understanding of honor at least in his analysis of politics and society She also looks at Hobbes s life and times especially the English Civil War a cataclysmic event that solidified his rejection of honor as a socially and politically useful concept Bagby analyzes key ideas in Hobbes s philosophy which shed further light on his conclusion that the desire for honor is dangerous and needs to be eliminated in favor of fear and self interest In the end she questions whether the equality of fear in the state of nature is actually a better source of social and political obligation than honor In rejecting any sense of obligation based upon earlier notions of natural superiors and inferiors does Hobbesian and future liberal thought unnecessarily reject honor as a source of restraint in society that previously promoted protection of the weaker against the stronger

The Last Men's Book You'll Ever Need David Moore, 2008-05 Guys might hate asking for directions but they certainly won t resist the guidance found in The Last Men s Book You ll Ever Need Author David Moore combines his Bible scholar background with a humorous Dave Barry esque style of writing that makes sensitive subjects like sexual temptation love of money busy ness and the shrinking American soul much easier to ponder and improve upon And the seemingly playful title is actually based on a strong thread of sincerity Moore is concerned about the overabundance of spiritual how to books that fail to put enough emphasis on the sufficiency of the Bible One very clear tactic of the Enemy is trying to get us away from the simplicity and purity of devotion to Christ he says Put first things first with The Last Men s Book You ll Ever Need

The War on Football Daniel Flynn, 2013-08-19 We ve all been hearing rumors about sacking America s beloved game of football and it s time someone spoke out against the witch hunt In The War on Football Saving America s Game Dan Flynn debunks the haters and tells us why America needs football

Smear Tactics Brad Miner, 2009-10-13 In this spirited survey of liberal lies and dirty tricks Brad Miner one of America s leading conservative insiders offers a look at the American liberal tradition of slander insult and character assassination throughout history Smear Tactics mines both today s papers and the classic campaigns of history for tales of liberal deception and manipulation Tracing smears from the early days of our nation right through the run up to the 2008 elections Miner highlights the Left s most atrocious campaigns against Soldiers The media s attacks on our troops from Vietnam to Iraq The Faithful The Left s campaign to vilify Christians in American life Entrepreneurs Is the American Dream dead The Left says yes and Girl Scout cookies Wal Mart and Legos have all played a part President Bush He caused global warming and Hurricane Katrina Smears against the man the Left loves to hate As Brad

Miner shows American politics has never been a sport for gentlemen but recent campaigns have proven dirtier than ever full of negative ads rumormongering and worse With the coming election a wide open race full of polarizing candidates of all stripes the mud is about to start flying across the American landscape and in Smear Tactics Brad Miner returns the fire with a vengeance

Contemplating Maternity in an Era of Choice Explorations into Discourses of Reproduction explores contemporary maternity both within and in light of these late twentieth century understandings Employing a variety of feminist communication approaches the volume's contributors discuss how discourses of choice shape and are shaped by women's identities and experiences as non mothers and how those same discourses affect and reflect private practices and public policies related to reproduction and motherhood Through this process the contributors illustrate a variety of ways of conducting feminist thinking research and practices within the communication discipline Major sub disciplines within communication studies are represented here including feminist organizational interpersonal rhetorical critical cultural and social movement studies Whereas many of the previous scholarly investigations into maternity highlight only one aspect or phase of motherhood *Contemplating Maternity in an Era of Choice* is unique because it investigates discourses of choice across the arc of maternity and as enacted through various non maternal subject positions
