The Comte de Gabalis Abbe De Montfaucon De Villars, 2014-03-30 This Is A New Release Of The Original 1913 Edition

**Comte de Gabalis** Villars (abbé de, Nicolas-Pierre-Henri), 1922 *Keats, Hermeticism, and the Secret Societies*

Jennifer N. Wunder, 2016-04-22 Jennifer Wunder makes a strong case for the importance of hermeticism and the secret societies to an understanding of John Keats's poetry and his speculations about religious and philosophical questions. Although secret societies exercised enormous cultural influence during the late eighteenth and early nineteenth centuries, they have received little attention from Romantic scholars. And yet information about the societies permeated all aspects of Romantic culture. Groups such as the Rosicrucians and the Freemasons fascinated the reading public and the market was flooded with articles, pamphlets, and books that discussed the societies's goals and hermetic philosophies. Debated their influence and drew on their mythologies for literary inspiration. Wunder recovers the common knowledge about the societies and offers readers a first look at the role they played in the writings of Romantic authors in general and Keats in particular. She argues that Keats was aware of the information available about the secret societies and employed hermetic terminology and imagery associated with these groups throughout his career. As she traces the influence of these secret societies on Keats's poetry and letters, she offers readers a new perspective not only on Keats's writings but also on scholarship treating his religious and philosophical beliefs. While scholars have tended either to consider Keats's aesthetic and religious speculations on their own terms or to adopt a more historical approach that rejects an emphasis on the spiritual for a materialist interpretation, Wunder offers us a middle way. Restoring Keats to a milieu characterized by simultaneously worldly and mythological propensities, she helps to explain if not fully reconcile the insights of both camps. **Gateways to the**

**Otherworld** Philip Gardiner, 2009-01-30 Is there life after death? Is there a world outside our own? WHAT IF ANCIENT PEOPLE ALREADY KNEW THE ANSWERS TO THESE QUESTIONS? Acclaimed author Philip Gardiner proves that our ancestors were far more advanced scientifically and spiritually than previously believed. Through a special technique, ancient Egyptians and others were able to journey to other realities within themselves in short to the Otherworld. The author undergoes his own experiments to prove the point. Gardiner also shows that ancient people knew more about their place in the universe than previously thought. They placed buildings and objects in specific places around the globe because these points had a distinct relation to the universal and human wave resonance of electromagnetism. When the ancients journeyed to these places, they were joining with God and visualizing the effect. The remarkable conclusions and discoveries in this book not only dispel some age-old myths but also address questions such as: Is there a universal frequency that allows the mind to travel into other realms? Does the Great Pyramid hold a real secret to the quantum realm? What are those mysterious round towers found scattered around our planet? Is ESP real? What Gateways to the Otherworld uncovers are not just tales of ancient trips to other realms nor theories on why stone circles were built in specific locations but real answers based on thorough

**Secret Societies** Philip Gardiner,2025-09-12 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world s most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout Secret Societies Gardiner Uncovers an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one      *The Ark, The Shroud, and Mary* Philip Gardiner,2007-02-16 Why do the Ark of the Covenant Mary s reliquary box and Jesus Coffin all have the same imagery Was the Ark the container of the Covenant the Ten Commandments or the Chalice Does the image of the Shroud of Turin contain a bioelectric field These questions and others will be explored in *The Ark The Shroud and Mary* Author Philip Gardiner recently won the acclaim of both scholars and the reading public with *The Serpent Grail* which

united three of the most mysterious objects known to man the Grail Elixir and Philosophers Stone Now in this unique and thought provoking work Gardiner proves that the Ark of the Covenant the Shroud of Turin and Mary are united in ways never before imagined Travelling across the world from Rome to India Portugal to Egypt Gardiner uncovers the trail of the Ark and finds that it does not lead to Ethiopia as many believe but instead in a direction that nobody could have imagined The trail of the Ark takes Gardiner on a hunt into the very heart of an ancient secret society with clandestine meetings in far off lands Uniting the myth tradition and language of the Ark with the Shroud of Turin Gardiner then goes on to re date it reveal how it was made and identify whose image it actually recreates Through his new found contacts in the world of secret societies Gardiner then shows how this incredible secret was protected by a dual brotherhood throughout time and was the secret source of the enlightenment spoken of by numerous orders from the Sufis to the Knights Templar The Ark The Shroud and Mary outshines The Da Vinci Code for the simple reason that it is the factual story of one man s fight to uncover the truth
