foreign policy initiatives leading up to World War II As a prolific performer of western folk songs and country western music Autry gained popularity in the 1930s by developing a persona that appealed to rural small town and newly urban fans It was during this same time Duchemin explains that Autry threw his support behind the thirty second president of the United States Drawing on a wealth of primary sources Duchemin demonstrates how Autry popularized Roosevelt s New Deal policies and made them more attractive to the American public In turn the president used the emerging motion picture industry as an instrument of public diplomacy to enhance his policy agendas which Autry s films backed by Republic Pictures unabashedly endorsed As the United States inched toward entry into World War II the president s focus shifted toward foreign policy Autry responded by promoting Americanism war preparedness and friendly relations with Latin America As a result Duchemin argues Sergeant Gene Autry played a unique role in making FDR s internationalist policies more palatable for American citizens reluctant to engage in another foreign war New Deal Cowboy enhances our understanding of Gene Autry as a western folk hero who during critical times of economic recovery and international crisis readily assumed the role of public diplomat skillfully using his talents to persuade a marginalized populace to embrace a nationalist agenda By drawing connections between western popular culture and American political history the book also offers valuable insight concerning the development of leisure and western tourism the information industry public diplomacy and foreign policy in twentieth century America
