The Conquest Of Morocco:

The Conquest of Morocco Douglas Porch,2005-06-22 The Conquest of Morocco tells the story of France s last great colonial adventure At the turn of the twentieth century Morocco was a nation yet to emerge from the Middle Ages ruled by local warlords and riven by religious fanaticism But in the mad scramble for African colonies Morocco had one great attraction for the Europeans it was available In 1903 France undertook to conquer the exotic and backward country By the time World War I broke out the conquest was virtually complete Based on extensive original research The Conquest of Morocco is a splendid work of popular history *The Conquest of Morocco* Douglas Porch,2005-06-22 The Conquest of Morocco tells the story of France s last great colonial adventure At the turn of the twentieth century Morocco was a nation yet to emerge from the Middle Ages ruled by local warlords and riven by religious fanaticism But in the mad scramble for African colonies Morocco had one great attraction for the Europeans it was available In 1903 France undertook to conquer the exotic and backward country By the time World War I broke out the conquest was virtually complete Based on extensive original research The Conquest of Morocco is a splendid work of popular history *The Conquest of Morocco* Cecil Vivian Usborne,1936 **The Conquest of Morocco** ,2005 *The Conquest of Morocco* C. Lyautey and the French Conquest of Morocco William A. Hoisington Jr,1995-08-11 Lyautey and the French Conquest of Morocco describes and analyzes the method of colonial conquest and rule linked to the name of Marshal Louis Hubert Lyautey 1854 1934 France s first resident general in Morocco and the most famous of France s 20th century overseas soldier administrators Lyautey popularized the notions of peaceful penetration and indirect rule as part of a grand colonial design of military pacification economic development political modernization and social betterment For Lyautey imperialism could be a life giving force for both Frenchmen and Moroccans alike and during his thirteen years as resident general he boldly promoted France s actions in Morocco as the highest form of imperialism This book traces the development of Lyautey s ideas on conquest and rule at home and abroad and shows how they translated into practice While there was much that was praiseworthy in Lyautey s approach to colonial matters in the end force always remained more effective than anything else and whether used gently or severely it failed to stem Moroccan resistance to French rule Based on archival material in Morocco and France Lyautey and the French Conquest of Morocco is the first book to deal in a detailed manner with French pacification strategy in Morocco and with the mechanics of indirect rule always in reality rather more direct than indirect It should be of great value to readers of 19th and 20th century French European and North African history and to students of colonialism and imperialism *The Conquest of Morocco ... the conquest and pacification Morocco a kingdom that had due to its strategic value survived as an independent country until the end of the European rush to colonize Africa That ended in 1906 when France obsessed with protecting her imperium in Algeria succeeded in bartering with her European competitors for supremacy in Morocco Unfortunately for the French this arrangement required working with a junior partner Spain which was already installed along the northern coast of Morocco and the consequences for her were nearly disastrous While the French succeeded in bringing peace and development to their zone Spanish irresolution and ineptitude unleashed several of rebellions culminating with that of a coalition of Riffian tribes under the inspired leadership of Mohammad Abd el Krim The Riff War 1921 1926 began with the calamitous defeat of Spanish forces at Annual and ultimately carried into the French zone before the combined military might of France and Spain finally brought the tiny Riffian Republic to heel While this conflict ended indigenous rule in Morocco the conquerors would derive small satisfaction from their triumph each would reap its bitter reward And the Quixotic Mohammad Abd el Krim became an inspiration to freedom fighters everywhere
