The Consciousness Of Earth:

The Consciousness of Earth George Richter, 1989 Unlocking the Consciousness of Your Soul Terry L

Newbegin, 2012-10-08 The book is about my experiences in life and how those experiences introduced me to the wisdom of my very soul It is a story about where I truly began as a child of God who I thought I was because of where I was born and how I became enlightened to the most profound kept secrets that were ever devised in the history of mankind It is a story that unravels the mystery behind your suffering Without realizing it your soul has been hiding from you for many lifetimes and by choosing to open up your heart and put aside your dogmatic beliefs for a while your soul will reveal to you all the whys of you choosing the route of sin physicality earth brainwashing forgetfulness and suffering as the means to remember who you are If you are looking for clarity in life and how to overcome distress grief anger and the pain you are feeling right now then it becomes very important to understand who you truly are where you truly come from how miracles are created and why you do the things you do It is a story that touches on the human struggles of life and how to overcome them just by learning to connect to the wisdom of your soul The story takes you all the way back to the first creation known as the Garden of Eden and how it relates to your evolution through time and space When you live and make decisions from the mind of reason from others long established interpretations of Gods written words and from what the experts assert what is best for you your soul cannot bring forth the wisdom that you hold deep within your consciousness Thus you become more and more susceptible to turbulent experiences **Consciousness of the Heart and Dimension of the Holy Spirit** Joseph

Sener, 2016-11-17 Humans have developed visible and invisible aids like science and religion for survival on Earth and searched for gifts of knowledge which is Gods will and His wisdom We wanted to know why we are on Earth Why we remember the past but not the future and who we really are We search for truth and like to be reminded that the knowledge of the truth belongs to creator God who dwells in higher dimensions **The New Earth** David J Adams, 2019-10-07 This book contains the spiritual wisdom of The Merlin Ar Ak and Spirit of Crystals and Gemstones orally channeled through David J Adams The Thirty Three messages offer encouragement and inspiration for greater self development and the development of a person s relationship with the Earth They are about Love and Peace and respect for others but most of all they speak and perhaps sing to your Heart Please enjoy The Inner Life of the Earth Paul V. The Real History of Earth Sal Rachele,2020-01-07 Welcome to the Real History of Earth You will not find this material in your high school or college history classes In fact the so called powers that be who appear to control the educational process on this planet definitely DO NOT want you to have this information It is said that knowledge is power The purpose of this book is to empower you to live an awakened life full of creativity and compassion Knowing how and why things are the way they are on Earth gives each of us the power to make effective changes both within ourselves and the world If you are a physicist biologist archaeologist anthropologist or economist this material will likely challenge your deepest and most cherished ideas of reality Due to the world of the Internet the ideas presented herein can be researched and investigated thoroughly and the author encourages you to do so This book explores several deep questions that have plagued humanity since time began including such timeless classics as Why is there so much suffering on Earth and How do we break out of our self imposed prison of negative thoughts and beliefs We will also answer the question of how we came to be on this small planet at the edge of a rather average galaxy with our racial and ethnic mix languages and cultural habits Also we will tread on some sacred cows including the belief that humanity evolved from the ape and the idea that this is the most advanced civilization that has existed on Earth both incorrect assumptions We urge you to keep an open mind while reading this book Do not blindly accept or reject anything that is being said Unless a mind is open there is no way to attain greater knowledge and wisdom Have you ever tried pouring liquid into a closed container So dear readers fasten your seat belt and open the book for a wonderful ride

The Face of the Sky and Earth Jeremy Puma,2007-04 This commentary on The Gospel of Thomas originally appeared in a much truncated form between and November of 2003 and March of 2005 on the Fantastic Planet weblog Composed as an attempt to provide a cohesive collection of thoughts and meditations on that most prevalent of Gnostic scriptures I wanted to produce something that would be useful instead of merely interesting something that

addressed modern concerns within a Gnostic context by a Gnostic for people interested in Gnosticism Internalism and the Limits of Twin Earth Scenarios Jan Almäng, 2024-12-20 Internalism and the Limits of Twin Earth Scenarios A Study of Phenomenal Intentionalism explores visual perceptual experiences and whether or not visual intentional content is internal or external Coming from the standpoint of phenomenal intentionalism this book assumes that phenomenal consciousness is internal to the subject of a perceptual experience Jan Almäng argues that the structure of the phenomenal character of visual experiences sets certain limits with respect to whether Twin Earth thought experiments can be successful suggesting that while Twin Earth thought experiments are successful for entities such as colours they fail with respect to more complex geometrical structures Because visual perceptual experiences represent in an analogue manner this prevents certain kinds of Twin Earth scenarios from being successful Almäng then argues that some phenomenal intentional content is internal If visual experiences have a perspectival structure that this by necessity means that they are intentional
