The Coelura:

The Coelura Anne McCaffrey, 1983 Casting aside her duty as the heir to the Ambassador of her world Lady Caissa refuses to marry a man she despises and flees into the Forbidden Zone in Yellow Triadic City where she meets a handsome injured man a coelura a mysterious rainbow creature and sets a world changing series of events in motion **The Coelura** Anne McCaffrey, 1989-10-01 Princess Caissa leaves her home in the Blue City in hopes of finding more freedom in Yellow Triadic City but along the way she meets a coelura a mysterious rainbow creature Complete Critical Assembly David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome's greatest poet in a time of profound cultural change Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity This volume considers the different ways in which Vergil was read understood and appropriated by poets commentators Church fathers orators and historians The introduction outlines the cultural and historical contexts Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory An epilogue concludes the volume **Nimisha's Ship** Anne McCaffrey, 2002-02-19 For more than thirty years Anne McCaffrey has reigned as one of the premier talents in science fiction and fantasy flying above the crowd on the glittering wings of such masterworks as *The Dragonriders of Pern* and *Crystal Singer* Now McCaffrey soars to dizzying unscaled heights in an exciting new world bursting with adventure and romance On Vega III where the jaded inhabitants pursue lives of malicious intrigue and decadent pleasure Lady Nimisha Boynton Rondymense has always been an anomaly Disdainful of the frivolity of her fellows she prefers the exciting and challenging world of her father Lord Tionel owner and principal starship designer of the famous Rondymense shipyards Precociously gifted Nimisha becomes Lord Tionel's secret assistant and in the aftermath of a shocking tragedy his chosen successor at the helm of the shipyards But supplanting her father's designated body heir the callow Lord Vestrin is a slight that Vestrin and his mother Lady Vescuya will not easily forget Or forgive Preoccupied with carrying on her father's ambitious plans for the Mark 5 an experimental long distance cruiser Nimisha dangerously disregards Vestrin's animosity until a solo test flight of the Mark 5 goes horribly awry marooning Nimisha light years from home on a planet as deadly as it is beautiful Now Vestrin and Vescuya are given the chance they've been waiting for to reclaim the shipyards by any means necessary Only Nimisha's child Cuiva a girl every bit as ingenious as her mother stands in their way But for how long For just when her daughter needs her most Nimisha is unable to help and in a precarious situation herself But Nimisha has never given up in her life and she's not about to start now The Macrolepidoptera of the World: The American bombyces and sphinges (3 v.) Adalbert Seitz, 1929 **Nerilka's Story ; & The Coelura** Anne McCaffrey, 1987-01 *The Picara* Anne K. Kaler, 1991 Courtesan and criminal thief and trollop warrior and wanderer the picara embodies the continuing archetypal pattern of a woman's autonomy She is the sly

sharpster in Defoe's heroines such as Roxana and Moll Flanders. With an ancestress like Becky Sharp the picaresque evolves into Scarlett O'Hara before finding a comfortable niche as the female hero in fantasy written by women. The Picaresque traces the development of this character from an autonomous woman in a harsh patriarchal society to the female hero of the modern fantasy novel.

Anne McCaffrey Robin Roberts, 2009-09-28 Anne McCaffrey's *A Life with Dragons* is the biography of a writer who vividly depicted alien creatures and new worlds. As the author of the Dragonriders of Pern series, McCaffrey (1926-2011) was one of the most significant writers of science fiction and fantasy. She was the first woman to win the Hugo and Nebula awards, and her 1978 novel *The White Dragon* was the first science fiction novel to appear on the New York Times hardcover bestseller list. This biography reveals a fascinating and complex figure: one who created and re-created her fiction by drawing on life experiences. At various stages, McCaffrey was a beautiful young girl who refused to fit into traditional gender roles in high school; a restless young mother who wanted to write; an American expatriate who became an Irish citizen; an animal lover who dreamed of fantasy worlds with perfect relationships between humans and beasts; and a wife trapped in an unhappy marriage just as the women's movement took hold. Author Robin Roberts conducted interviews with McCaffrey, her children, friends, and colleagues, and used archival correspondence and contemporary reviews and criticism. The biography examines how McCaffrey's early interests in theater, Slavic languages and literature, and British history, mythology, and culture all shaped her science fiction. The book is a nuanced portrait of a writer whose appeal extends well beyond readers of her chosen genre.
