The Open Book M. Jensen, 2016-04-30 The Open Book is a provocative study of literary influence at work in English writing from Hardy to Woolf Jensen reimagines the links between text and context as she endeavors to historicize literary influence by taking Bloomian anxiety and Kristevan intertextuality into fields of actual history and biography Jensen both borrows from and deconstructs the ideas of these theorists as she reads the texts of Hardy Stephen Woolf Mansfield and Middleton Murry By doing so The Open Book offers a fresh and pragmatic opening onto the relation between personal cultural and institutional history on the one hand and literary history on the other **Rhythmic Modernism** Helen Rydstrand, 2019-01-24 Contrary to the common view that cultural modernism is a broadly anti mimetic movement one which turned away from traditional artistic goals of representing the world Rhythmic Modernism argues that rhythm and mimesis are central to modernist aesthetics Through detailed close readings of non fiction and short stories Helen Rydstrand shows that textual rhythms comprised the substance of modernist mimesis Rhythmic Modernism demonstrates how many modernist writers such as D H Lawrence Katherine Mansfield and Virginia Woolf were profoundly invested in mimicking a substratum of existence that was conceived as rhythmic each displaying a fascination with rhythm both as a formal device and as a vital protean concept that helped to make sense of the complex modern world *The Political Poetess* Tricia Lootens, 2019-12-03

The Political Poetess challenges familiar accounts of the figure of the nineteenth century Poetess offering new readings of Poetess performance and criticism In performing the Poetry of Woman the mythic Poetess has long staked her claims as a creature of separate spheres one exempt from emerging readings of nineteenth century women s political poetics Turning such assumptions on their heads Tricia Lootens models a nineteenth century domestic or private sphere whose imaginary apolitical heart is also the heart of nation and empire and as revisionist histories increasingly attest is traumatized and haunted by histories of slavery Setting aside late Victorian attempts to forget the unfulfilled sentimental promises of early antislavery victories The Political Poetess restores Poetess performances like Julia Ward Howe s Battle Hymn of the Republic and Emma Lazarus s The New Colossus to view and with them the vitality of the Black Poetess within African American public life Crossing boundaries of nation period and discipline to connect the dots of Poetess performance Lootens demonstrates how new histories and ways of reading position poetic texts by Felicia Dorothea Hemans Elizabeth Barrett Browning Dinah Mulock Craik George Eliot and Frances E W Harper as convergence points for larger engagements ranging from Germaine de Sta l to G W F Hegel Virginia Woolf Elizabeth Bishop Alice Walker and beyond *Modernism and Still Life* Tobin Claudia Tobin,2020-03-02 Explores the still life spirit in modern painting prose dance sculpture and poetryChallenges the conventional positioning of still life a minor genre in art historyProposes a radical alternative to narratives of modernism that privilege speed and motion by revealing forms of stillness and still life at the heart of modern literature and visual cultureProvides the first study of still life to consider the genre across modern literature visual cultures and danceUncovers connections and cultural exchange between networks of European and American artists including the Bloomsbury Group and Wallace StevensThe late nineteenth and early twentieth centuries have been characterised as the age of speed but they also witnessed a reanimation of still life across different art forms This book takes an original approach to still life in modern literature and the visual arts by examining the potential for movement and transformation in the idea of stillness and the ordinary It ranges widely in its material taking Czanne and literary responses to his still life painting as its point of departure It investigates constellations of writers visual artists and dancers including D H Lawrence Virginia Woolf David Jones Winifred Nicholson Wallace Stevens and lesser known figures including Charles Mauron and Margaret Morris Claudia Tobin reveals that at the heart of modern art were forms of stillness that were intimately bound up with movement the still life emerges charged with animation vibration and rhythm an unstable medium unexpectedly vital and well suited to the expression of modern concerns **Virginia Woolf's Good Housekeeping Essays** Christine Reynier,2018-07-11 In the mid twentieth century Virginia Woolf published Six Articles on London Life in Good Housekeeping magazine a popular magazine where fashion cookery and house decoration is largely featured This first book length study of what Woolf calls little articles proposes to reassess the commissioned essays and read them in a chronological sequence in their original context as well as in the larger context of Woolf s work Drawing primarily on literary theory intermedial studies periodical

studies and philosophy this volume argues the essays which provided an original guided tour of London are creative and innovative works combining several art forms while developing a photographic method Further investigation examines the construct of Woolf s essays as intermedial and as partaking both of theory and praxis intermediality is closely connected here with her defense of a democratic ideal itself grounded in a dialogue with her forebears Far from being second rate the Good Housekeeping essays bring together aesthetic and political concerns and come out as playing a pivotal role they redefine the essay as intermedial signal Woolf s turn to a more openly committed form of writing and fit perfectly within Woolf s essayistic and fictional oeuvre which they in turn illuminate
