Copyright Office, 1978      **Challenging Knowledge, Sex and Power** Julie E. Mills, Suzanne Franzway, Judith Gill, Rhonda Sharp, 2013-07-18 Women in the developed world expect to work in the labour force over the course of their lives On finishing school more girls are entering universities and undertaking professional training for careers than ever before Males and females enter many high status professions in roughly equal numbers However engineering stands out as a profession that remains obstinately male dominated Despite efforts to change little progress has been made in attracting and retaining women in engineering This book analyses the outcomes of a decade long investigation into this phenomenon framed by two questions Why are there so few women in engineering And why is this so difficult to change The study includes data from two major surveys accounts from female engineers in a range of locations and engineering fields and case studies of three large engineering corporations The authors explore the history and politics of several organisations related to women in engineering and conclude with an analysis of a range of campaigns that have been waged to address the issue of women s minority status in engineering Challenging Knowledge Sex and Power will be of great interest to students of feminist economics and is also relevant to researchers in women s studies and engineering education      **Book Publishers Directory** ,1983      **The Electrical Engineer** ,1898      **Publishers Directory** ,1994      *Power Engineering* ,1950

**Hashtag Activism Interrogated and Embodied** Melissa Ames, Kristi McDuffie, 2023-04-01 Hashtag Activism Interrogated and Embodied analyzes the ways that hashtags repurpose and reclaim societal narratives considering how these digital interactions carry over into external spaces and are embodied by both participants and spectators alike A diverse set of contributors from a range of disciplines utilize a variety of methodologies to interrogate the lifespan and trajectories of specific hashtag campaigns study rhetorical strategies engaged by online communities and analyze how hashtags are employed for particular purposes The chapters capture twenty first century digital activism unfolding in different social and geopolitical climates Delving into hashtag activism in various forms tweets memes and personal narratives and spaces Twitter Facebook and in person protests these chapters reveal how participants question and construct online and offline identities and imagined and actualized communities They also showcase the complicated ways hashtag activism intersects with consumer popular and celebrity cultures Hashtag Activism Interrogated and Embodied calls for broader inclusion in what is considered hashtag activism such as digital fandom how hashtags are co opted for nefarious purposes the effects of anti activism and the role of journalism and the media It will appeal to a range of disciplines including rhetoric and composition internet studies communication studies media studies feminist studies affect studies cultural studies technical communication and sociology Contributors Robert Barry Andr Brock Elizabeth Buchanan Rosemary Clark Parsons Gabriel I Green Neha Gupta Jeffrey J Hall Kyesha Jennings Morgan K Johnson Salma Kalim Megan McIntyre Sean Milligan Avishek Ray

**The Power of Difference** Simon Fanshawe, 2021-12-03 WINNER CMI Management Book of the Year 2022 SHORTLISTED Business Book Awards 2022 Diversity Inclusion Equality category Good intentions are not enough real diversity is about change This book explains why it is our differences and how we combine them that creates true diversity and generates innovation fresh thinking and ultimately success With clarity and wit The Power of Difference brings together the author's own experiences with the latest research to explain why inclusion is more than just being nice to people why unconscious bias training isn't the fix we need and why listening to all individual voices not just assuming that one viewpoint represents a group is key Offering insight analysis and practical solutions The Power of Difference is a must read for all managers leaders and HR professionals as well as anyone looking to engage with the topic who doesn't know where to start Exploring how to confront bias question assumptions and avoid generalizations this book illustrates why diversity should be part of the overall business strategy not separate from it It shows how for innovation and diversity to flourish we must create spaces that are safe for disagreement not from disagreement Written in an engaging yet practical style this book courageously tackles some of the most significant issues at work today

*Creativity, Problem Solving, and Aesthetics in Engineering* David Blockley, 2020-02-29 This book illuminates what engineering is and how it relates to other disciplines such as art architecture law economics science technology and even religion The author explains from an intrinsic as well as descriptive perspective why engineering is essential for our collective well being and how like medicine it is undertaken by people and for people to improve the human condition He brings out the magic of engineering practice as well as addressing the darker aspects such as warfare and the misuse of the internet A too commonly held view assumes that the practice of engineers is a cold purely quantitative and wholly technical enterprise of applying know science and devoid of creativity or aestheticism In 2013 the United States National Academy of Engineering launched a campaign called Changing the Conversation Messages for Improving Public Understanding of Engineering with four messages to impart about engineers that they make a world of difference are creative problem solvers that they help shape the future and are essential to health happiness and safety In this volume Professor Blockley incorporates these messages into an engaging exposition of engineering accomplishment in all of its evolving diversity from the technician to the academic research engineer illustrating the continuum of thinking and purpose from the fixer of the gas boiler to the designers of the A380 and the iPhone
