Claude McKay, Rebel Sojourner in the Harlem Renaissance Wayne F. Cooper, 1996-02-01 Cooper paints a meticulous and absorbing portrait of McKay s restless artistic intellectual and political odyssey The definitive biography on McKay Choice Although recognized today as one of the genuine pioneers of black literature in this century the author of *If We Must Die* *Home to Harlem* *Banana Bottom* and *A Long Way from Home* among other works Claude McKay 1890 1948

died penniless and almost forgotten in a Chicago hospital In this masterly study Wayne Cooper presents a fascinating detailed account of McKay s complex chaotic and frequently contradictory life In his poetry and fiction as well as in his political and social commentaries McKay searched for a solid foundation for a valid black identity among the working class cultures of the West Indies and the United States He was an undeniably important predecessor to such younger writers of the Harlem Renaissance as Langston Hughes and Countee Cullen and also to influential West Indian and African writers such as C L R James and Aim C saire Knowledge of his life adds important dimensions to our understanding of American radicalism the expatriates of the 1920s and American literature Mr Cooper s most original contribution is his careful and perceptive analysis of McKay s nonfiction writing especially his social and political commentary which often contained prophetic statements on a range of important social political and historical issues New York Times Book Review

Encyclopedia of the Harlem Renaissance: A-J Cary D. Wintz,Paul Finkelman,2004 From the music of Louis Armstrong to the portraits by Beauford Delaney the writings of Langston Hughes to the debut of the musical Show Boat the Harlem Renaissance is one of the most significant developments in African American history in the twentieth century The Encyclopedia of the Harlem Renaissance in two volumes and over 635 entries is the first comprehensive compilation of information on all aspects of this creative dynamic period For a full list of entries contributors and more visit the Encyclopedia of Harlem Renaissance website **The Harlem Renaissance** Harold Bloom,2004 Harlem in the 1920s and 30s was the epicenter of a flourishing in African American literature with the poetry and prose of Langston Hughes Zora Neale Hurston Gwendolyn Brooks and Claude McKay to name a few This volume examines the defining themes and styles of African American literature during this period which laid the groundwork for contemporary African American writers

Realism in the Novels of the Harlem Renaissance Theodore O. Francis,2002 The novelists of the Harlem Renaissance began writing at a point in America s literary history when the romantic tradition was being set aside for the gutsy truth telling of realist literature Modern criticism seems to take the flowery nineteenth century prose found in the works of Chesnutt Dunbar Du Bois and others as an indication that they were writing in the romantic style This is understandable but flawed Almost all of the stories written during the Renaissance contained references to slavery or to Post Reconstructionist violence For that reason few stories stemming from this period and written by African Americans can be said to be romantic

Gay Voices of the Harlem Renaissance A.B. Christa Schwarz,2003-07-18 Heretofore scholars have not been willing perhaps even been unable for many reasons both academic and personal to identify much of the Harlem Renaissance work as same sex oriented An important book Jim Elledge This groundbreaking study explores the Harlem Renaissance as a literary phenomenon fundamentally shaped by same sex interested men Christa Schwarz focuses on Count e Cullen Langston Hughes Claude McKay and Richard Bruce Nugent and explores these writers sexually dissident or gay literary voices The portrayals of men loving men in these writers works vary significantly Schwarz locates in the poetry of Cullen Hughes and McKay the

employment of contemporary gay code words deriving from the Greek discourse of homosexuality and from Walt Whitman. By contrast, Nugent, the only out gay Harlem Renaissance artist, portrayed men loving men without reference to racial concepts or Whitmanesque codes. Schwarz argues for contemporary readings attuned to the complex relation between race, gender, and sexual orientation in Harlem Renaissance writing. [Encyclopedia of the Harlem Renaissance](#) Cary D. Wintz, Paul Finkelman, 2012-12-06. From the music of Louis Armstrong to the portraits by Beauford Delaney, the writings of Langston Hughes to the debut of the musical *Show Boat*, the Harlem Renaissance is one of the most significant developments in African American history in the twentieth century. Manliness and Its Discontents Martin Summers, 2005-12-15. In a pathbreaking new assessment of the shaping of black male identity in the early twentieth century, Martin Summers explores how middle class African American and African Caribbean immigrant men constructed a gendered sense of self through organizational life, work, leisure, and cultural production. Examining both the public and private aspects of gender formation, Summers challenges the current trajectory of masculinity studies by treating black men as historical agents in their own identity formation rather than as screens on which white men projected their own racial and gender anxieties and desires. *Manliness and Its Discontents* focuses on four distinct yet overlapping social milieus: the fraternal order of Prince Hall Freemasonry, the black nationalist Universal Negro Improvement Association, or the Garvey movement; the modernist circles of the Harlem Renaissance; and the campuses of historically black Howard and Fisk Universities. Between 1900 and 1930, Summers argues, dominant notions of what it meant to be a man within the black middle class changed from a Victorian ideal of manliness characterized by the importance of producer values, respectability, and patriarchy to a modern ethos of masculinity which was shaped more by consumption, physicality, and sexuality. Summers evaluates the relationships between black men and black women as well as relationships among black men themselves, broadening our understanding of the way that gender works along with class, sexuality, and age to shape identities and produce relationships of power.

Ain't I an Anthropologist Jennifer L. Freeman Marshall, 2023-02-28. Iconic as a novelist and popular cultural figure, Zora Neale Hurston remains underappreciated as an anthropologist. Is it inevitable that Hurston's literary authority should eclipse her anthropological authority? If not, what socio-cultural and institutional values and processes shape the different ways we read her work? Jennifer L. Freeman Marshall considers the polar receptions to Hurston's two areas of achievement by examining the critical response to her work across both fields. Drawing on a wide range of readings, Freeman Marshall explores Hurston's popular appeal as iconography, her elevation into the literary canon, her concurrent marginalization in anthropology, despite her significant contributions, and her place within constructions of Black feminist literary traditions. Perceptive and original, *Ain't I an Anthropologist* is an overdue reassessment of Zora Neale Hurston's place in American
