The Hermeneutic Of Dogma:

The Hermeneutic of Dogma Thomas B. Ommen,1975 **The Hermeneutic Imagination (RLE Social Theory)** Josef Bleicher,2014-08-13 In his previous book *Contemporary Hermeneutics* Josef Bleicher offered an introduction to the subject locating it mainly within the philosophy of social science and looking at the profound impact it is having on a wide range of intellectual pursuits This book follows on from this and expounds the author's view that the development of the hermeneutic imagination is an indispensable condition for reflexive sociological work and emancipatory social practice Dr Bleicher examines the various approaches to sociology empiricist functionalist structuralist interpretive critical by reference to a hermeneutic paradigm and shows how the hermeneutic imagination leads to a redirection in sociology away from scientific presuppositions and towards an awareness of the dialogue which links the subject and object in the study of social phenomena He argues that by allowing the hermeneutic imagination to develop it is possible to counter the steering of social processes on the basis of technocratic imperatives and to provide a rational anticipation of a better future **History of Dogma** Adolf von Harnack,1895 **The Congregation as Hermeneutic of the Gospel** Shawn P. Behan,2024-10-31 Lesslie Newbigin's concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology This book provides the contextual background to the congregation as hermeneutic of the gospel then discusses the important components of this concept and how they connect with Newbigin's lifetime of writings on the nature and identity of the church Within this discussion there are three key elements to Newbigin's ecclesiology as it pertains to the congregation as hermeneutic of the gospel the relationship between the Holy Spirit and the local congregation the kingdom of God and the local congregation and the local congregation within itself These three components can be found throughout Newbigin's discussions about the nature of the church ranging from the 1940s until the 1990s Pulling all these components together and showing how they shed light on Newbigin's intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today *A Passage to the Idea for a Hermeneutic Philosophy of Science* Dimitri Ginev,2023-03-13 In this book the author has brought together his long standing interests in theory of scientific rationality and hermeneutic ontology by developing a hermeneutic alternative to analytic and naturalist epistemology of science The hermeneutic philosophy of science is less the name of a new field of philosophical than a demand for a repetition of the basic philosophical questions of science from hermeneutic point of view The book addresses chiefly two subjects I The hermeneutic response to the models of rational reconstruction of scientific knowledge II The specificity of hermeneutic ontological approach to the cognitive pluralism in science **The Hermeneutical Spiral** Grant R. Osborne,2010-01-25 In this revised and expanded edition Grant Osborne provides seminary students and working pastors with the full set of tools they need to travel the hermeneutical spiral moving from sound exegesis to the development of

biblical and systematic theologies and to the preparation of sound biblical sermons

Rhetoric and Hermeneutics in Our Time Walter Jost, Michael J. Hyde, 1997-01-01 This thought provoking book initiates a dialogue among scholars in rhetoric and hermeneutics in many areas of the humanities Twenty leading thinkers explore the ways these two powerful disciplines inform each other and influence a wide variety of intellectual fields Walter Jost and Michael J Hyde organize pivotal topics in rhetoric and hermeneutics with originality and coherence dividing their book into four sections Locating the Disciplines Inventions and Applications Arguments and Narratives and Civic Discourse and Critical Theory Contributors to this volume include Hans Georg Gadamer one of whose pieces is here translated into English for the first time Paul Ricoeur Gerald L Bruns Charles Altieri Richard E Palmer Calvin O Schrag Victoria Kahn Eugene Garver Michael Leff Nancy S Streuver Wendy Olmsted David Tracy Donald G Marshall Allen Scult Rita Copeland William Rehg and Steven Mailloux For readers across the humanities the book demonstrates the usefulness of rhetorical and hermeneutic approaches in literary philosophical legal religious and political thinking With its stimulating new perspectives on the revival and interrelation of both rhetoric and hermeneutics this collection is sure to serve as a benchmark for years to come

Correctly Handling the Word of Truth Mees te Velde, Gerhard H. Visscher, 2014-10-24 How should the Word of God be interpreted and applied today Does our modern culture affect how we read the Bible Can certain passages be interpreted in different contexts and in different ways all the while acknowledging that God speaks with a clear and consistent voice These are the enduring challenges of hermeneutics In this volume no less than sixteen Reformed scholars from four different countries join together to tackle the hard questions that often arise when we busy ourselves with the weighty responsibility of interpreting Holy Scripture As iron sharpens iron so also these Reformed scholars challenge each other and their readers to ask not only how hermeneutics can be done but ultimately how it should be done so that God's Word of Truth may be handled correctly 2 Tim 2 15

The Hermeneutic Tradition Gayle L. Ormiston, Alan D. Schrift, 1990-01-01 Here are the major statements of the leading figures in the nineteenth and twentieth century German and French hermeneutic traditions the major statements on the aims methods and techniques of interpretation Some of these appear here for the first time in English This book establishes the context for contemporary analyses of interpretation Part I traces the evolution of hermeneutics from Friedrich Ast and Friedrich Schleiermacher through Wilhelm Dilthey to Martin Heidegger's placing of hermeneutics at the center of the ontological analysis of human being Part II follows the development of the Heideggerian tradition in the writings of Hans Georg Gadamer Gadamer's philosophical hermeneutics is then located at the center of several important exchanges with more traditional objective hermeneutical methodologists like Emilio Betti ideology critics like Jürgen Habermas and linguistic phenomenological thinkers like Paul Ricoeur

International Theological Commission, Vol II Catholic Church. Commissio Theologica Internationalis, 2009-01-01 This is one of a two volume collection of texts and documents issued by the International Theological Commission ITC a body of theologians that advises the Vatican's Congregation for the Doctrine of

the Faith The texts and documents of the ITC address pressing theological issues drawing upon theological experts from around the world who represent differing branches of theology yet who share a common commitment to authentically Catholic theological reflection Volume 2 1986 2007 includes texts and documents exploring the following themes faith and inculturation the interpretation of dogma eschatology God the Redeemer Christianity and world religions the Church and the faults of the past the diaconal ministry human beings as the image of God and the hope for the salvation of unbaptized infants The special contribution of the Commission is to gain a hearing for the common voice of theology amid all the diversities that exist For notwithstanding the legitimate pluralism of theological cultures in the Church the unity of theology must remain and empower theologians to offer some common account of their subject In these pages therefore one will not find the exciting theses of innovative individuals If there is excitement here it lies in the discovery that even in our contemporary situation it is possible to say something together despite all our differences and so to take part together in a further exploration of the one faith of the Church All the texts which follow are the fruit of a long and often difficult dialogue In that dialogue not only have various disciplines methods and ways of thought found a common path Over and above that the wider dialogue of theologians with the bishops as well as between bishops and the Petrine office in the Church has found a voice It is precisely for this reason that the Theological Commission represents an authentic continuation of the great experience of the Council and a clarification of its true bearing Joseph Cardinal Ratzinger from the Preface to Volume One

The Preached God Gerhard O. Forde, 2017-01-01 The Preached God speaks directly to preachers calling them to deliver the truths of forgiveness life and salvation through both word and sacrament to all who listen The Forgotten Jesuit of Catholic Modernism Anthony M. Maher, 2017-12-01 This book illustrates how George Tyrrell's theological challenge to those who would take the church out of history was never effectively refuted either at the time or since and that the issues Tyrrell raised are still relevant and alive in the church today In highlighting Tyrrell's liberation of theology from dogmatism the current work describes why he was vilified by the Roman hierarchy expelled from the Jesuits and eventually excommunicated Tyrrell's Ignatian inspired hope filled theology should not be forgotten not least because it sheds further light on another courageous and prophetic Jesuit Pope Francis In revisiting Tyrrell's Ignatian theology this book celebrates the promise that Vatican II presents to the future church namely a universal call to holiness as embraced by Pope Francis *The Genesis of Doctrine* Alister E. McGrath, 1997 Explores the crucial issue of the authority of the past in Christian theology focusing especially on how doctrine serves to maintain continuity within the Christian tradition **Historicism** Paul Hamilton, 2004-03-01 Historicism is the essential introduction to the field providing its readers with the necessary knowledge background and vocabulary to apply it in their own studies Paul Hamilton's compact and comprehensive guide explains the theory and basics of historicism presents a history of the term and its uses introduces the reader to the key thinkers in the field from ancient Greece to modern times considers historicism in contemporary debates and its relevance to other modes of

criticism such as feminism and post colonialism contains an extensive bibliography of further reading **The Hermeneutics of Historical Distance** Robert Moore-Jumonville, 2002 Historians have tended to create a dualistic paradigm which excludes a mediating biblical criticism in America For polemical reasons it has been easier for both conservatives and liberals to polarize moderates as the opposition or to ignore them altogether Rather than the common modernist fundamentalist paradigm which is dualistic a more accurate way to interpret the biblical criticism of late nineteenth century America is to construe a theological spectrum extending from right to left Christology at the Crossroads Jon Sobrino, 2002-11-20 What Gutierrez has done for overall theological understanding what Segundo has done for theological method and what Miranda has done for biblical studies Jon Sobrino has now done for Christology He has provided a substantial and enduring theological contribution from a Third World perspective This book will have long life since it not only argues for the necessity of a Christology from the underside of history but offers an extensive example of how such a Christology should be constructed showing the basic connection between the radical historicity of Jesus and the suffering and pain of oppressed people The thoroughness of the author's survey of other positions the fullness of his documentation and the pervasive power of his own affirmations make clear that Christology at the Crossroads will not leave us stranded at the crossroads but will start us down exciting and demanding new paths Robert McAfee Brown Professor of Ecumenics and World Christianity Union Theological Seminary The publication of Christology at the Crossroads in English is most opportune It is not only the Christology presented in this book but the Christology of the church at large indeed of the churches that stands at the crossroads at present Those of us who have been working in this field know that in order to break through some deadlocked situations we need a Christology more soberly rooted in soteriology more honestly founded upon the historical Jesus and more realistically turned towards a future yet to be realized Yet in the affluent and basically contented northern nations of the western world this kind of Christology has not so far been written To find it one must turn to the Third World theologians for the present and among these Jon Sobrino's book is a landmark Monika K Hellwig Associate Professor of Theology Georgetown University *Hermeneutic Interpretation of the Origin of the Social State of Man* Antoine Fabre d'Olivet, 1915 Destiny of the adamic race Fabre d'Olivet Antoine 4070 Revelation, Hermeneutics, and Doctrinal Development in Joseph Ratzinger Fr. Mauro Gagliardi, 2024-09-16 Throughout his prodigious theological and ecclesiastical career Joseph Ratzinger advanced a rich and nuanced theology of Revelation reflecting at length on the nature unity and interrelationship of Scripture and Tradition on their native ecclesial context and on their transformative Christ centered purpose and aim Ratzinger's many writings in this area are marked not only by an unwavering fidelity to divinely revealed truth but also by sensitivity to the difficulties of its interpretation to the dynamics of historical progress and regress and to the needs of the Church and the world within the modern era In Revelation Hermeneutics and Doctrinal Development in Joseph Ratzinger Mauro Gagliardi offers a penetrating diachronic study of Ratzinger's thought on these foundational themes

Beginning with his 1955 Habilitationsschrift on St Bonaventure's understanding of Revelation and continuing in his works of the conciliar and post conciliar periods through those of his episcopacy and later pontificate Gagliardi traces Ratzinger's vision of Scripture and Tradition of the Magisterium and theology and of faith and its transmission today. By turns critical and appreciative Gagliardi elucidates the German theologian's teaching on Revelation in depth exploring its underlying hermeneutic commitments and in the book's final chapter elaborating its implications for the question of the development of doctrine a topic of both longstanding and pressing importance within Catholic theology and Christian thought.

Contemporary Hermeneutics Josef Bleicher, 2017-08-07 Hermeneutics can loosely be defined as the theory or philosophy of the interpretation of meaning. It is a central topic in the philosophy of the social sciences, the philosophy of art and language and in literary criticism. This book first published in 1980 gives a detailed overview and analysis of the main strands of contemporary hermeneutical thought. It includes a number of readings in order to give the reader a first hand acquaintance with the subjects and the debates within it.

Hermeneutics of the Film World Alberto Baracco, 2017-10-09 This book identifies a new methodological strategy for the interpretation of film philosophizing. Many recent works in film philosophy adopting the approach identified with the term film as philosophy have considered film as capable of doing philosophy. Focused on the basic relationship between film and filmgoer the proposed method is founded on the concept of the film world. Combining Merleau-Ponty's and Ricoeur's philosophies and reconsidering Goodman's theory of worldmaking the film world becomes the hermeneutic horizon from which film philosophical thought can emerge. The book shows how Ricoeurian methodology has the potential to provide a valuable resource for film studies by inviting scholars to consider film interpretation in terms of film world hermeneutics.
