The Christian Understanding Of Atonement

Adam J. Johnson

The Christian Understanding Of Atonement:

The Christian Understanding of Atonement Frederick William Dillistone, 1968 My concern has been to deal honestly with human problems and needs as far as I understand them and at the same time to present as true an account as I can of the way in which men have discovered answers related to those needs through all that is implied in the death and resurrection of Jesus Christ Whatever else may be in doubt about the New Testament it is clear that the Word of the Cross is its very heart and nerve centre My aim has been to establish lines of communication between that nerve centre and the alienation of mankind in our contemporary world In this classic study of atonement now reissued Dr Dillistone not only examines the biblical and theological material on atonement but also surveys a wide range of human experience including other religions literature and the arts

Saving Power Peter Schmiechen, 2005 Jesus death and resurrection are undeniably central to the Christian faith But how precisely is their significance to be understood Concerned to reinvigorate the church's teaching on the cross the resurrection and salvation the atonement Peter Schmiechen here invites readers to rediscover the wealth of the Christian tradition In *Saving Power* he makes ample use of primary sources to unpack ten distinct theories of atonement welcoming aspects of each rather than championing only one Along the way he demonstrates that while most Christians assume the basic theme of atonement to be sin and forgiveness other powerful themes liberation from oppressive powers reconciliation in the face of division and the hope of resurrection in the face of death for instance also deserve to be studied and preached Affirming orthodox teaching while offering a positive take on marginal views *Saving Power* is a crucial resource for anyone who seeks a fuller understanding of Christ's work

[Understanding Atonement](#) Gary A. Fox, 2019-09-24 At some point in the Christian faith journey most people ask the question Why did Jesus die The most common answer is For my sins But what if Jesus died because of the sin of humanity not for individual sins It seems weirdly illogical for a God who is love 1 John 4:8 to demand a blood sacrifice to cover sin It is not what the Jewish sacrificial system supported either I hope that this book will help us understand that God loves us and will not forsake us Ever Forgiveness is about love not punishment

A Community Called Atonement Scot McKnight, 2010-03-01 Over the centuries the church developed a number of metaphors such as penal substitution or the ransom theory to speak about Christ's death on the cross and the theological concept of the atonement Yet too often says Scot McKnight Christians have held to the supremacy of one metaphor over against the others to their detriment He argues instead that to plumb the rich theological depths of the atonement we must consider all the metaphors of atonement and ask whether they each serve a larger purpose *A Community Called Atonement* is a constructive theology that not only values the church's atonement metaphors but also asserts that the atonement fundamentally shapes the life of the Christian and of the church That is Christ identifies with humans to call us into a community that reflects God's love the church but that community then has the responsibility to offer God's love to others through missional practices of justice and fellowship living out its life together as the story of God's reconciliation Scot

McKnight thus offers an accessible thought provoking theology of atonement that engages the concerns of those in the emerging church conversation and will be of interest to all those in the church and academy who are listening in The Nature of the Atonement James K. Beilby, Paul R. Eddy, 2009-08-20 James K Beilby and Paul R Eddy edit a collection of essays on four views of atonement the healing view the Christus victor view the kaleidoscopic view and the penal substitutionary view This is a book that will help Christians understand the issues grasp the differences and proceed toward a clearer articulation of their understanding of the atonement

Atonement and the Death of Christ William Lane Craig, 2020 Through his death on the cross Christ atoned for sin and so reconciled people to God New Testament authors drew upon a range of metaphors and motifs to describe this salvific act and down through history Christian thinkers have tried to articulate various theories to explain the atonement While Christ's sacrifice serves as a central tenet of the Christian faith the mechanism of atonement exactly how Christ effects our salvation remains controversial and ambiguous to many Christians In **Atonement and the Death of Christ** William Lane Craig conducts an interdisciplinary investigation of this crucial Christian doctrine drawing upon Old and New Testament studies historical theology and analytic philosophy The study unfolds in three discrete parts Craig first explores the biblical basis of atonement and unfolds the wide variety of motifs used to characterize this doctrine Craig then highlights some of the principal alternative theories of the atonement offered by great Christian thinkers of the premodern era Lastly Craig's exploration delves into a constructive and innovative engagement with philosophy of law which allows an understanding of atonement that moves beyond mystery and into the coherent mechanism of penal substitution Along the way Craig enters into conversation with contemporary systematic theories of atonement as he seeks to establish a position that is scripturally faithful and philosophically sound The result is a multifaceted perspective that upholds the suffering of Christ as a substitutionary representational and redemptive act that satisfies divine justice In addition this carefully reasoned approach addresses the rich tapestry of Old Testament imagery upon which the first Christians drew to explain how the sinless Christ saved his people from the guilt of their sins

Atonement and Comparative Theology Catherine Cornille, 2021-09-07 The central Christian belief in salvation through the suffering death and resurrection of Jesus Christ remains one of the most intractable mysteries of Christian faith Throughout history it has given rise to various theories of atonement many of which have been subject to critique as they no longer speak to contemporary notions of evil and sin or to current conceptions of justice One of the important challenges for contemporary Christian theology thus involves exploring new ways of understanding the salvific meaning of the cross In **Atonement and Comparative Theology** Christian theologians with expertise in Judaism Islam Hinduism Buddhism Daoism and African Religions reflect on how engagement with these traditions sheds new light on the Christian understanding of atonement by pointing to analogous structures of sin and salvation drawing attention to the scandal of the cross as seen by the religious other and re interpreting aspects of the Christian understanding of atonement Together they illustrate the possibilities for

comparative theology to deepen and enrich Christian theological reflection **Atonement, Christology and the Trinity**
Professor Vincent Brümmer, 2013-05-28 For many believers today the doctrines of Atonement Christology and the Trinity seem like puzzling constructions produced by academic theologians They are cast in unintelligible forms of thought derived from Platonism or from feudal society and for many their existential relevance for life today remains unclear This book introduces these doctrines and proposes a reinterpretation in the light of the claim of many Christian mystics that ultimate happiness is to be found in enjoying the loving fellowship of God This claim is a matrix of faith in terms of which these doctrines are shown to be relevant for the life of faith of believers today Furthermore since this matrix can be defended within all three Abrahamic traditions Judaism Christianity and Islam the proposed understanding of these doctrines can also contribute usefully to the necessary dialogue between these traditions in a globalised world Cooperative Salvation

Kathryn S. Eisenbise, 2014-12-05 Why did Jesus die What does it mean that Jesus died for our sins Christian theology has been wrestling with these questions for centuries and theologians have proposed lots of different answers and explanations in the form of theories of atonement But most of these theories fall short when confronted by a contemporary postmodern worldview Many of these models come out of orthodox rather than Free Church traditions so they also lack the distinctive elements that characterize Brethren ways of understanding God and the world The Church of the Brethren is well known for its acts of service and discipleship in the nonviolent model of Jesus but it has not produced much constructive theology Cooperative Salvation attempts to remedy this situation by proposing a constructive Brethren model of atonement It analyzes the diverse atonement models proposed throughout the Christian tradition noting where they prove inadequate To address the shortcomings of other models this work draws on important claims of historical Anabaptist and Brethren theology while also incorporating ideas from feminist liberation and process theology in order to construct an understanding of atonement that contributes a contemporary Brethren voice to the centuries long discussion of atonement **Atonement: A Guide for**

the Perplexed Adam J. Johnson, 2015-05-21 Christians agree that they are saved through the death and resurrection of Christ But how is the atonement achieved in these events This book offers an introduction to the doctrine of the atonement focused on the unity and diversity of the work of Christ Johnson reorients current patterns of thought concerning Christ s work by giving the reader a unifying vision of the immensely rich and diverse doctrine of the atonement offering a sampling of its treasures and cultivating the desire to further understand and apply these riches to everyday life Where introductions to the atonement typically favor one aspect of the work of Christ or work with a set number of themes aspects or theories this book takes the opposite approach developing the foundation for the multi faceted nature of Christ s work within the being of God himself It offers a grand unifying vision of Christ s manifold work Specific elaborations of different theories of the atonement biblical themes and the work of different theologians find their place within this larger rubric
