

THE CHRYSANTHEMUM AND THE BAT

BASEBALL SAMURAI STYLE

ROBERT WHITING

The Chrysanthemum And The Bat Baseball Samurai Style

Edward J. Lincoln

The Chrysanthemum And The Bat Baseball Samurai Style:

The Chrysanthemum and the Bat Robert Whiting,1977 *The Complete Armchair Book of Baseball* John Thorn,1997

Here are fascinating glimpses of the history of America's national pastime from an all star lineup including Walt Whitman E. L. Doctorow John Updike Philip Roth and Garrison Keillor Revel in another ear through Walt Whitman's report of a rugged game played before the Civil War Relive how Candy Cummings perfected the first curve ball how baseball drew the color line in 1887 and how Bob Carroll uncovered Nate Colbert's hidden RBI record in 1972 All this and much much more **The**

Sportsworld of the Hanshin Tigers William W. Kelly,2018-11-13 Baseball has been Japan's most popular sport for over a century The Sportsworld of the Hanshin Tigers analyzes Japanese baseball ethnographically by focusing on a single professional team the Hanshin Tigers For over fifty years the Tigers have been the one of the country's most watched and talked about professional baseball teams second only to their powerful rivals the Tokyo Yomiuri Giants Despite a largely losing record perennial frustration and infighting among players the Tigers remain overwhelming sentimental favorites in many parts of the country This book analyzes the Hanshin Tiger phenomenon and offers an account of why it has long been so compelling and instructive Author William Kelly argues that the Tigers represent what he calls a sportsworld a collective product of the actions of players coaching staff management media and millions of passionate fans The team has come to symbolize a powerful counter narrative to idealized notions of Japanese workplace relations The Tigers are savored as a melodramatic representation of real corporate life rife with rivalries and office politics familiar to every Japanese worker And playing in a historic stadium on the edge of Osaka they carry the hopes and frustrations of Japan's second city against the all powerful capital **American Sports** Alan Klein,2013-09-13 This collection illustrates the expansiveness of an

interdisciplinary approach to the study of sport While rooted in anthropology these essays consider American sports in their social economic cultural and political aspects charting their evolution The book draws from history sociology and political science as well as considering the relationship between the developed and developing world and culture and masculinity The first part of the book considers the local and global interplay of professional baseball covering Major League Baseball's impact on the Dominican Republic nationalism and baseball on the Mexican US border the globalizing forces of baseball as an industry The second part of the book is concerned with the cultural examination of the responsiveness of masculinity to social and cultural forces examining the exaggerated world of bodybuilders in Southern California the cross cultural comparisons of male behaviour on a bi national baseball team in Mexico the historical examination of Jews in American sport This book was previously published as a special issue of Sport in Society [A History of Popular Culture in Japan](#) E. Taylor Atkins,2017-10-19 The phenomenon of Cool Japan is one of the distinctive features of global popular culture of the millennial age A History of Popular Culture in Japan provides the first historical and analytical overview of popular culture in Japan from its origins in the 17th century to the present day using it to explore broader themes of conflict power identity and

meaning in Japanese history E Taylor Atkins shows how Japan is one of the earliest sites for the development of mass produced market oriented cultural products consumed by urban middle and working classes The best known traditional arts and culture of Japan no theater monochrome ink painting court literature poetry and indigenous music inhabited a world distinct from that of urban commoners who fashioned their own expressive forms and laid the groundwork for today s gross national cool Popular culture was pivotal in the rise of Japanese nationalism imperialism militarism postwar democracy and economic development Offering historiographical and analytical frameworks for understanding its subject A History of Popular Culture in Japan synthesizes the latest scholarship from a variety of disciplines It is a vital resource for students of Japanese cultural history wishing to gain a deeper understanding of Japan s contributions to global cultural heritage

Arthritic Japan Edward J. Lincoln, 2004-05-13 In the late 1980s Japan s strong economic performance put it on a the verge of becoming a major player in regional and global affairs But nearly a decade of economic stagnation a mounting of bad debts and a continuing stream of scandals have tarnished the country s distinctive economic model At the turn of the millennium the Japanese economy remained mired in a pattern of stagnation As this disappointing condition dragged on the government pursued policies to restore economic health Yet Japan has been slow to embrace the systemic reform on which a robust economic recovery depends In Arthritic Japan Edward J Lincoln examines the causes and implications of this weak response Concluding that Japan is unlikely to pursue the vigorous reform necessary for economic growth Lincoln warns of serious consequences a stumbling economy bedeviled by recession and financial crisis eroding leadership in economic and security issues a continued defensive trade posture and a disgruntled population that could turn a more nationalistic stance in foreign policy Diamond Classics Mike Shannon, 2024-10-11 Each work chosen with exquisite care by an expert is analyzed and summarized Its greatness as baseball literature its place in the genre its peculiarities weaknesses strengths how the critics went for it all are discussed in such a way with quotations that reading or browsing Shannon s book is equivalent to absorbing a rich history of the sport

Mashi Robert K. Fitts, 2020-04-01 In the spring of 1964 the Nankai Hawks of Japan s Pacific League sent nineteen year old Masanori Murakami to the Class A Fresno Giants to improve his skills To nearly everyone s surprise Murakami known as Mashi dominated the American hitters With the San Francisco Giants caught in a close pennant race and desperate for a left handed reliever Masanori was called up to join the big league club becoming the first Japanese player in the Major Leagues Featuring pinpoint control a devastating curveball and a friendly smile Mashi became the Giants top lefty reliever and one of the team s most popular players as well as a national hero in Japan Not surprisingly the Giants offered him a contract for the 1965 season Murakami signed announcing that he would be thrilled to stay in San Francisco There was just one problem the Nankai Hawks still owned his contract The dispute over Murakami s contract would ignite an international incident that ultimately prevented other Japanese players from joining the Majors for thirty years Mashi is the story of an unlikely hero caught up in an American and Japanese baseball dispute and forced to

choose between his dreams in the United States and his duty in Japan

A Companion to the Anthropology of Japan

Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan. Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy, eugenics and nation building, majority and minority cultures, genders and sexualities, and fashion and food cultures. Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society. Makes Japanese society accessible to readers unfamiliar with the country.

The Athletic Crusade Gerald R. Gems, 2006-01-01 The Athletic Crusade is the first book to systematically analyze the role of sports in the expansion of U.S. empire from the 1890s through World War II. Gerald R. Gems details how white Anglo-Saxon Protestant males set the standard for inclusion within American society, transferred that standard to foreign territories, and subtly used American sports to instill allegedly desirable racial, moral, and commercial virtues in colonial subjects. In the realm of such expansion, sports provided a less harsh, less militaristic means of instilling belief in a dominant system's values and principles than more overt methods such as war. The process of change, however, had unexpected consequences as subordinate groups adapted or even rejected American overtures. Sport became a means for nonwhites to challenge whiteness, Social Darwinism, and cultural hegemony by establishing their own physical prowess, claiming a measure of esteem, and creating a greater sense of national identity. Gems shows the direct influence of sports in Hawaii, the Philippines, Puerto Rico, Cuba, and the Dominican Republic, and explores their comparatively minimal influence in countries such as China and Japan. Amid increasing globalization, *The Athletic Crusade* offers a welcome perspective on how the United States has attempted to spread its influence in the past and the implications for the future of indigenous and other societies.

The Engaging World of E-book Books: A Detailed Guide Unveiling the Advantages of Kindle Books: A Realm of Convenience and Versatility E-book books, with their inherent portability and ease of availability, have liberated readers from the constraints of hardcopy books.
