Tea growing was a prosperous industry in Sichuan when Wang Anshi s New Policies created a Tea Market Agency to buy up Sichuanese tea and trade it to Tibetan tribesmen for cavalry horses At first the highly autonomous agency not only acquired the needed horses but made a profit After the Junchen conquest of North China however market realities changed and the combined Tea and Horse Agency s once successful policies ruined tea farmers failed to meet quotas for horses and ran a deficit Paul J Smith details the workings of Sichuan tea farming and the tea trade examines the geopolitical factors that forced the Song to buy horses and graphically describes the difficulties of driving them more than a thousand miles through rugged mountains with only inexperienced conscripts as trail hands In this study of fiscal sociology Smith also explains how the Tea and Horse Agency transformed the Sichuan local elite which was notorious for its resistance to state power into imperial civil servants eager to tax their own region He draws on modern theories of corporate behavior to explain what made the inner workings of the Agency an extraordinary departure for the Chinese civil service and he demonstrates how the agency put into practice the most radical New Policies theories of state economic activism The Agency made entrepreneurs out of bureaucrats but ultimately became ruinously tyrannical as the system of state rewards and punishments drove its personnel to actions that crippled key sectors of the economy **Prophetic Times and Watch Tower** ,1868

Firmament: Vaulted Dome of the Earth Zen Garcia,2016-09-16 While researching information for the publication of my 9th book *The Flat Earth As Key To Decrypt The Book Of Enoch* I was led to understanding that not only does the Bible support premise that the earth is a flat circular plane but that it is covered by the firmament as a solid transparent dome like canopy This led me to revisit the canonical and extra Biblical texts such as *The Book Of Enoch* *The Book Of Jasher* *The Book Of Jubilees* and myriad others to see if not only did they affirm such idea but if they contained other little known insight which might expound upon this matter in some detailed manner This book is the end result of that search and compilation of all of those source references And because I include in this study much extra Biblical material which few are familiar with I doubt one will be able to find a more complete investigation of the firmament as topic than that which is presented here The seeker of lost paradise may seem a fool to those whom have never sought the other worlds
