Eugene R. August,1985 Books included in this bibliography focus on males and exhibit some of the following criteria
awareness of male gender role awareness of other works in men s and women s studies transcends stereotypes contribute
insight into the universal experience of being male explore issues of important to males such as men s rights or vasectomy
 West Coast Review of Books ,1979 **The Publishers Weekly** ,1917 *After Aquarius Dawned* Judy
Kutulas,2017-03-16 In this book Judy Kutulas complicates the common view that the 1970s were a time of counterrevolution
against the radical activities and attitudes of the previous decade Instead Kutulas argues that the experiences and attitudes
that were radical in the 1960s were becoming part of mainstream culture in the 1970s as sexual freedom gender equality and
more complex notions of identity work and family were normalized through popular culture television movies music political
causes and the emergence of new communities Seemingly mundane things like watching The Mary Tyler Moore Show
listening to Carole King songs donning Birkenstock sandals or reading Roots were actually critical in shaping Americans
perceptions of themselves their families and their relation to authority Even as these cultural shifts eventually gave way to a
backlash of political and economic conservatism Kutulas shows that what critics perceive as the narcissism of the 1970s was
actually the next logical step in a longer process of assimilating 1960s values like individuality and diversity into everyday life
Exploring such issues as feminism sexuality and race Kutulas demonstrates how popular culture helped many Americans
make sense of key transformations in U S economics society politics and culture in the late twentieth century *American*
