C. SANDS, 2019 *The Client Princes of the Roman Empire Under the Republic (Classic Reprint)* P. C. Sands, 2015-06-29 Excerpt from *The Client Princes of the Roman Empire Under the Republic* The main part of this essay deals with the acts and functions which constituted the clientship of the kings who came under the influence of the Roman Republic The vagueness of this clientship made it necessary to prefix a discussion as to the technical position which the kings occupied by treaty as friends or allies A bare outline of the clientship of the more important kings of Africa and Asia is supplied by the collection of quotations in the larger of the two Appendices While this essay was in course of preparation for the press there appeared in the *Classical Quarterly* July 1907 a thesis by Miss L E Matthaëi which discussed the classification of the Roman allies in general and since some of her conclusions were arrived at independently in Part I of this essay it may be as well to mention in what respects the two dissertations coincide About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Client Princes of the Roman Empire Under the Republic* Sands P C., 2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we
