The Code Of The South And Other Stories:

The Code of the South and Other Stories Louise Edge, 2000-06-28 The stories in *The Code of the South* range from humorous and playful to poignant and serious. Many of them are Southern. But there are no large hairy people named Bubba running around. Instead, readers will meet people they might enjoy talking to at a party: people who will delight and surprise. Here are some of the men, women, and children in the stories: An eleven-year-old Southern boy protects the honor of his mother. A widower who honored his wife's request to be buried in her fur coat finds his grief interrupted by unexpected revelations. A young woman recounts the year her father was in Vietnam and the heartbreaking effects the war had on her life. A man with a litany of complaints about his mother-in-law discovers she has the last word. A young Air Force wife joins her husband in Germany and finds out he is chasing women all over Europe. In these and ten other stories, the author deftly captures universal struggles: the coming of age, problems of the young, the complications of love and marriage, the quest to stay vigorous in old age. The stories are offered in language that is precise and accessible.

The Shadowy Third, and Other Stories Ellen Anderson Gholson Glasgow, 2019-12-03 In *The Shadowy Third and Other Stories*, Ellen Anderson Gholson Glasgow weaves a tapestry of Southern Gothic narratives that explore the complexities of human nature and the intricacies of societal expectations in the early 20th century. Glasgow's prose is marked by rich imagery and psychological depth, inviting readers into the minds of her characters who grapple with themes of identity, femininity, and the constraining nature of tradition. The collection evokes a haunting atmosphere, blending elements of realism with an undercurrent of the supernatural, reflective of Glasgow's preoccupation with the social mores of her time. Ellen Glasgow, a prominent American author of the early 1900s, is celebrated for her keen insight into Southern life and the struggles of women. Born into a Virginia family steeped in tradition, her personal experiences and the societal changes around her profoundly influenced her writing. Glasgow was known to challenge the status quo, advocating for women's rights and the examination of personal autonomy, themes that resonate deeply throughout this collection. I highly recommend *The Shadowy Third and Other Stories* to readers who appreciate meticulously crafted narratives that confront the shadows of society while offering a lens into the tumultuous emotions of human experience. Glasgow's stories are not only engaging but also provide profound reflections on the cultural landscape of her era, making this collection an essential read for both enthusiasts of Southern literature and those interested in early feminist discourse. In this enriched edition, we have carefully created added value for your reading experience. A comprehensive Introduction outlines these selected works, unifying features, themes, or stylistic evolutions. A Historical Context section situates the works in their broader era, social currents, cultural trends, and key events that underpin their creation. A concise Synopsis Selection offers an accessible overview of the included texts, helping readers navigate plotlines and main ideas without revealing critical twists. A unified Analysis examines recurring motifs and stylistic hallmarks across the collection, tying the stories together while spotlighting the different works' strengths. Reflection questions inspire deeper

contemplation of the author's overarching message inviting readers to draw connections among different texts and relate them to modern contexts. Lastly, our hand-picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection's central themes.

Sardarji and Other Stories Khwaja Ahmad Abbas, 2014 The lyrical prose of writer, journalist, and film director Khwaja Ahmad Abbas (1914-1987) easily lends itself to short stories. In *Sardarji and Other Stories*, a captivating collection, the protagonists of each tale are portrayed grappling with realities imposed upon them by an unrelenting historical churning that compels them to revisit their relationships with their cultural, spatial, and psychological moorings. Communal riots, poverty, abjection, love, and longing, or renewed hopes and nascent dreams, make this collection an incisive and moving portrayal of the human condition. This Khwaja Ahmad Abbas collection includes some of the best short stories ever penned down by the author, journalist, and film director. Each of the stories selected for this volume gives a glimpse into the mind and works of this legendary writer. Encompasses a variety of themes that readers can easily identify with. Includes the last interview with Abbas about his last film *Ek Aadmi*.

The Real South Scott Romine, 2008-06 In this stimulating study, Scott Romine explores the impact of globalization on contemporary southern culture and the South's persistence in an age of media and what he terms cultural reproduction. Rather than being compromised, Romine asserts southern cultures are both complicated and reconfigured as they increasingly detach from tradition in its conventional sense. In considering Souths that might appear fake, the Souths of the theme restaurant, commercial television, and popular regional magazines, for example, Romine contends that authenticity and reality emerge as central concepts that allow groups and individuals to imagine and navigate social worlds. Romine addresses a major critical problem: authenticity in a fundamentally new manner. Less concerned with what actually constitutes an authentic or real South than in how these concepts are used today, *The Real South* explores a wide range of southern narratives that describe and travel through virtual, simulated, and commodified Souths. Where earlier critics have tended to assume a real or authentic South, Romine questions such assumptions and whether the authentic South ever truly existed. From *Gone with the Wind*, Civil War reenactments, and a tennis community outside Atlanta called Tara, to the work of Josephine Humphreys, the travel narrative of V. S. Naipaul, and the historical fiction of Lewis Nordan, Romine examines how narratives and spaces are used to fashion social solidarity and cultural continuity in a time of fragmentation and change. Far from deteriorating or disappearing in a global economy, Romine shows the South continues to be reproduced and used by diverse groups engaged in diverse cultural projects.
