The Collapsing Universe The Story Of The Black Holes:

The Collapsing Universe Isaac Asimov, 1980-03-03 In a world of starquakes anti matter red giants and white dwarfs a star more massive than our own sun can disappear into a black hole from which not even light can escape When this happens the laws of physics have no meaning Here is one of the great detective stories of modern science followed to its conclusion by one of the most respected scientists writing today It is a totally absorbing investigation of a phenomenon only recently discovered that may explain the mysterious 30 megaton blast that flattened a Siberian forest in 1908 and that may ultimately be responsible for the collapse of the present universe book cover **The collapsing Universe** Isaac Asimov, 1975 Our Crumbling Civilization and Collapsing Universe of 5 Percent Plammoottil Cherian, 2021-01-11 It is the biggest question of all in the universe when and from what universe came into being and how it expanded It puzzled Einstein and many other cosmologist after him Finally they have discovered the particle which they mysteriously named the God particle As the mystery surrounds this particle their quest will either end in finding God the source of the particle or not In an age when biblical truth are considered fairytales by many a scientists someone must be bold enough to tell the truth that in the beginning the universe was void and darkness prevailed in the entire cosmos until God separated darkness by his eternal light and used 5 percent of the dark matter to create the universe and everything within it Dr Cherian courageously links the Scriptures and the science behind the dark matter and the scientists who were divinely guided to name it the God particle Newton s and Einstein s dreams have been materialized and though not accepted by the vast majority of scientists openly many are compromising that universe formed from a cosmic evolution and life evolved abiogenetically and God interjected his presence into the process of evolution to claim his role a most absurd stand While the latest scientific discoveries tackled the biggest mystery of the universe scientific discoveries have corroborated the truth man humanity is nothing but specks of the dust Ps 103 14 While God who created the universe sits enthroned above the circle of the earth and stretches out expanse the heavens like a canopy and spreads them out like a tent Isa 40 22 is also holding the universe in his hands Dr Cherian brings to light the neglected truth that science and theology are the perfect match of God s truth in the universe Most of the scientific discoveries deciphered during the last five hundred years are recorded in the Bible including water in the exoplanets and the dark matter and dark energy that have been discovered recently The author has succinctly explained with specific biblical references and explanations The author also reveals that from Plymouth Rock to Independence Hall and throughout the length and breadth of America the profound Christian heritage is engrained in every inch of the land and America cannot negate God from our land God s systematic order of creation was schemed as stages of unguided evolution All Christians of the nation must reinvent the declaration by the Supreme Court of the United States in 1892 that This a Christian Nation and present day lawmakers must adhere to that with freedom and liberty for all Like a skilled attorney the author explains America is part of the Israel of God and a member of the Commonwealth of Israel as explained by Apostle

Paul The United States of America and the United Kingdom are two nations blessed by God under the protection of the Almighty God and we have a moral mandate to preserve our godly culture and civilization and lead other nations to follow before Armageddon which is imminent *NASA EP*.
