The Community College Edmund J Gleazer,1980-03-01 **The Community College and the Good Society** Chad Hanson,2017-09-08 The community college is the largest single sector of the U S higher education network As of 2005 40 percent of newly enrolled undergraduate students attended community colleges The American two year school is a vast rapidly changing and under studied institution The aim of The Community College and the Good Society is to critically analyze the internal changes and external forces that shifted the focus of the two year college from the liberal arts to job training Chad Hanson raises a series of questions about what is lost or forsaken when public institutions become preoccupied with economic goals When educational institutions turn their attention toward training workers to private sector specifications Hanson argues our social and cultural lives suffer He describes the the learning college movement an ideological framework that justifies the current emphasis on vocational training In addition he explores the implications of competency based education a philosophy and method for creating curriculum with strong support among administrators and boards of trustees For more than four decades a steady stream of commentary aimed at understanding the two year school made its way into the literature on higher education In this work Hanson provides an alternative view of the community college He offers suggestions for new teaching strategies curriculum and organizational structure These changes will encourage the potential for the two year college to flourish as an institution that provides a permanent place for the arts and sciences

Encyclopedia of Community DAVID LEVINSON,KAREN CHRISTENSEN,2003-06-30 Click Additional Materials for downloadable materials and samples Incredibly this is the first encyclopedia to focus on community as concept and experience so stands alone in its field as the one title any library must buy to cover this topic Essential for all readerships CHOICEA timely comprehensive and very welcome overview of a rich and rapidly growing field of inquiry Robert D Putnam Professor at Harvard University and author of Bowling Alone With every passing minute it becomes more and more apparent that our world is one community The Encyclopedia of Community serves as recognition of this trend and as a needed resource The four volume set not only explains the emerging buzz words of community such as social capital or civic engagement but also tells many stories of community institutions that work such as public libraries Sarah Ann Long Past President 1999 2000 American Library Association As we yearn to connect with our fellow citizens during these uncertain times we have a unique moment to encourage greater participation in our democracy and reinvigorate our communities The Encyclopedia of Community provides a timely diverse array of theories and practices that will help citizens understand the value of engaging together to make the critical choices that enrich the way we live learn work and govern in our local communities The Encyclopedia deserves a prime spot in the libraries homes and offices of all communities that want to invest in a brighter future for their residents and their children Nancy Kranich Past President of the American Library Association whose presidential theme was Libraries The Cornerstone of Democracy 2000 2001 American politicians often pair the word

community with the word freedom to describe our basic values Yet though used constantly the word community is defined in widely different and contested ways Most people like the idea of community but some intellectuals worry that it might imply collectivism The great value of this new Encyclopedia is that it gives readers a chance to sample the many uses of the term and gain clarity about the issues at stake It is a major contribution to a more coherent understanding of this fundamental idea Robert Bellah Professor of Sociology Emeritus University of California Berkeley and co author of *Habits of the Heart* SAGE Publications is proud to announce the Encyclopedia of Community a major reference work that summarizes the many fascinating and important concepts of a global topic Community itself is a concept an experience and a central part of being human Whether the reader is a student researcher or professional in the field of psychology sociology or even economics this three volume work will provide the necessary definitions of community beyond traditional views Arranged in an A to Z fashion the Encyclopedia can also be viewed topically via a Reader s Guide This allows for interdisciplinary compare and contrast among topics such as types of communities social capital technology urban life politics and law community design and global studies Edited by the award winning team at Berkshire Reference and assisted by an editorial board of world renowned scholars the Encyclopedia of Community will prove to be one of the most widely used reference works in your collection Key Features 500 signed articles 3 volumes 2000 pages Reader s Guide Master bibliography 250 sidebars Appendices Resource Guides Master Bibliography Libraries Build Community Libraries and Popular Culture

Narratives and Strategies of Effective Leadership in Community Colleges Nacco, Stephen Damian, 2024-04-29 In American higher education community colleges present new opportunities for many embodying the democratic essence since their early roots Originally conceived as junior colleges preparing students for university transfers these institutions have undergone a transformative journey evolving into the comprehensive open access pillars of education that define our present landscape Despite a shared mission a disparity exists among community colleges with some rising to prominence as leaders in the community college movement Amidst the challenges posed by the two World Wars economic fluctuations and societal shifts community colleges have adapted to serve diverse needs encompassing workforce development community education and developmental studies *Narratives and Strategies of Effective Leadership in Community Colleges* takes on the challenge faced by these institutions maintaining excellence amid the evolving demands of a dynamic society *Narratives and Strategies of Effective Leadership in Community Colleges* is a pivotal resource for higher education practitioners navigating the complex realm of leadership challenges in community colleges It portrays community colleges as national treasures in higher education Beyond mere success stories each chapter details the intricacies of effective leadership Targeting governing boards faculty leaders and administrators the book provides invaluable insights into strategic planning student support campus revitalization and financial management It serves as a crucial guide for those aspiring to elevate their institutions

The Community College Story George B. Vaughn, 2006-06-06 *The Knowledge Economy and Postsecondary*

Education National Research Council, Division of Behavioral and Social Sciences and Education, Center for Education, Committee on the Impact of the Changing Economy on the Education System, 2002-05-11 The Workshop on the Knowledge Economy and Postsecondary Education documents changes seen in the postsecondary education system In her report Lisa Hudson focuses on who is participating in postsecondary education Tom Bailey concentrates on community colleges as the most responsive institutions to employer needs Carol Twigg surveys the ways that four year institutions are attempting to modify their curricular offerings and pedagogy to adapt those that will be more useful and Brian Pusser emphasizes the public's broader interests in higher education and challenges the acceptance of the primacy of job preparation for the individual and of market metaphors as an appropriate descriptor of American higher education An example of a for profit company providing necessary instruction for workers is also examined Richard Murnane Nancy Sharkey and Frank Levy investigate the experience of Cisco high school and community college students need to testify to their information technology skills to earn certificates Finally John Bransford Nancy Vye and Helen Bateman address the ways learning occurs and how these can be encouraged particularly in cyberspace

The Community College Baccalaureate Deborah L. Floyd, Michael L. Skolnik, Kenneth P. Walker, 2023-07-03 Is the conferring of baccalaureate degrees by community colleges a solution to increasing access to and capacity in higher education Will the conferring of baccalaureate degrees restrict open access to and imperil the existing mission of community colleges What are the models and alternative methods of delivery What are the implications Breaking away from their traditional mission of conferring only associate degrees and occupational credentials an increasing number of community colleges have begun seriously to explore and indeed in some U S states and Canadian provinces to actually implement offering and conferring bachelor's degrees Some leaders see these changes as a natural extension of community colleges commitment to access while others view their awarding of baccalaureate degrees as inappropriate and threatening the basic core values of this unique sector of higher education This has become a hot and controversial topic not only among community college and university leaders but also among policy makers business leaders and students concerned with issues of access cost and the structure and purposes of post secondary education This book analyzes the emerging trend of the community college baccalaureate degree in the United States and Canada in order to contribute to the development of policy The authors aim to describe document and explain this significant development in higher education They present the background examples of practice and different models of delivery develop a common terminology to facilitate discussion give voice to the views of proponents and critics alike and include a comprehensive bibliography and set of resources This book is intended as a catalyst for dialog action and further research on this critical and emerging trend It is essential reading for leaders of community colleges for administrators and planners in higher education concerned with issues of access and articulation and anyone in public policy grappling with demographic trends and society's need for educated citizens able to meet the challenges of the future The
