The Complete Works Of Whauden Plays:

The Complete Works of W.H. Auden W. H. Auden, Christopher Isherwood, 2019-02-19 This volume contains Auden and Christopher Isherwood's dramatic extravaganzas *The Dog Beneath the Skin*, *the Ascent of F 6* and *On the Frontier*. It also includes the two versions of *Paid on Both Sides* which are so different as to constitute two works and Auden's satiric revue *The Dance of Death*. Two plays appear in print for the first time: Auden and Isherwood's *The Enemies of a Bishop* and Auden's *The Chase*. Also included are Auden's prose and verse written for documentary films, a cabaret sketch and an unpublished radio script. Many of the texts include poems by the young Auden that have never been published before. The extensive historical and textual notes trace the complex history of the production and revision of these plays, including full texts and rewritten scenes. During the years when these works were created, Auden moved from a poetry of isolation to more expansive and public writing. After he left Oxford at age twenty-one during the summer of 1928, he wrote the tragicomic charade *Paid on Both Sides*. During the next ten years until he left England for America, he created the increasingly ambitious works for stage, film, and broadcast that appear in this volume. The most important of these plays were written in collaboration with Isherwood. As the world political situation worsened, Isherwood and Auden's style combined the energy of popular entertainment with the urgency of sacramental ritual. Edward Mendelson is Professor of English and Comparative Literature at Columbia University and the author of *Early Auden*. Viking He is the editor of two volumes of Auden's poetry: *Collected Poems* (Random House) and *The English Auden* (Random House). Originally published in 1988, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. Ritual and the Idea of Europe in Interwar Writing Patrick R. Query, 2016-04-08

While most critical studies of interwar literary politics have focused on nationalism Patrick Query makes a case that the idea of Europe intervenes in instances when the individual and the nation negotiate identity He examines the ways interwar writers use three European ritual forms verse drama bullfighting and Roman Catholic rite to articulate ideas of European cultural identity Within the growing discourse of globalization Query argues Europe presents a special though often overlooked case because it adds a mediating term between local and global His book is divided into three sections the first treats the verse dramas of T S Eliot W B Yeats and W H Auden the second discusses the uses of the Spanish bullfight in works by D H Lawrence Stephen Spender Jack Lindsay George Barker Cecil Day Lewis and others and the third explores the cross cultural impact of Catholic ritual in Graham Greene Evelyn Waugh and David Jones While all three ritual forms were frequently associated with the most conservative tendencies of the age Query shows that each had a remarkable political flexibility in the hands of interwar writers concerned with the idea of Europe
